5th Block Classes

Women's & Gender Studies

- Women's & Gender Studies is an interdisciplinary student-centered discussion-based course taught by Ms. Goldthwaite-Gagne and Mr. Bowman. This course will explore the definition of feminism, the history of the women's movement, and make connections to the present day. We will look at myriad topics through the lens of gender studies in this highly participatory class, which utilizes the Harkness Table Method. Students will participate in class discussions, reflective writing, and a summative writing assignment. This class will meet from 5-7 PM on Mondays & Thursdays.

Yearbook

- In this course students will gain skills in one or more of the following areas: page design, advanced publishing techniques, copywriting, editing and photography while producing a creative, innovative yearbook which records school memories and events. There is an emphasis on teamwork and collaboration skills in this class! Participants gain useful, real world skills in time management, marketing, teamwork, and design principles. This class will meet from 2:30-4 on Tuesdays & Thursdays.
