Dear ConVal Families,

In accordance with School Board Policy [IKF](#), the ConVal School Board has approved new graduation requirements. Starting with the class of 2023, students will have to complete four credits in mathematics, with a minimum completion of Algebra 1 Part II.

All incoming freshmen will be enrolled in a mathematics class each semester until they complete a minimum of Algebra 1 part II.

We believe that this change will better serve our school community and will prepare our students with the skills necessary for success in the 21st century.

If you have any questions, or would like to know more, please do not hesitate to reach out.

In partnership,

Michelle Voto
