A Message from the Superintendent

Welcome to the 2023-2024 school year!

As the Superintendent of the ConVal School District, I want to personally welcome each of you back to school. A new year offers a new chapter in your educational journey. You are fortunate that you are attending a school that recognizes that you are an individual and works to personalize your learning.

This year is your year, you will have the opportunity to do many things that you enjoy and to try new things that will stretch you as a learner and as a person. Maybe you will find that you are an actor, a chef, a photographer, a scholar or an athlete. Try out for the team, the part, write a story, submit a work of art, or create new software or an app. No matter the choice, there are teachers, counselors, and administrators ready and willing to help you, you need only ask- or just answer when they reach out to you.

The ConVal School District has the desire to help every student succeed no matter the challenges that they face, so ask yourself this question "What does success mean to me?" Once you have answered that question, pursue it relentlessly and success will be inevitable.

An unknown poet once said "The start of something new, brings the hope of something great". As the new year begins, my hope for you is that you find a new passion, one that challenges you, fulfills you, and furthers your journey as a student and the person you want to be.

Make it a great year!

Kimberly Rizzo Saunders
Superintendent of Schools

Mission Statement of the ConVal School District

To provide opportunities and inspire our learners to explore interests, pursue new knowledge and skills, learn about self and others, and give of oneself to the greater community.

Vision Statement of the ConVal School District

In the ConVal community, all learners will achieve academically, act thoughtfully, and contribute to the larger society.

A Message from the Principal

It is my pleasure to welcome you to the 2023-2024 school year!

Whether you are returning for another year or joining us for the first time, I want you to know that all of us — teachers, staff, and administrators — are committed to helping you learn, grow, and thrive.

As we start the school year, I want to emphasize the importance of reading this Student Handbook. It contains essential information about academics, attendance, conduct, activities, as well as general policies and procedures. Understanding these guidelines will prepare you to become a successful student and help you to contribute positively as a member of our school community.

This year presents new opportunities to challenge yourself academically and expand your horizons. I encourage you to step outside your comfort zone by taking on rigorous coursework, joining a new club, co-curricular opportunity, or sport, or participating in a school play or musical. These experiences will help you discover new passions and talents. We can't wait to see you immerse yourselves in all that ConVal High School has to offer.

In addition to striving for academic excellence, I invite you to adopt the behaviors summarized in our CARES (Community, Adaptability, Respect, Engagement, and Safety) language. Building strong relationships and uplifting each other is so important for our school culture. If we abide by our school values and work together, we can achieve great things.

I wish each of you a fantastic school year!

Heather McKillop
Principal, ConVal Regional High School

Learning Environment

ConVal Regional High School is a comprehensive public high school and is accredited by the New England Association of Schools and Colleges. Courses are offered on a four-by-four block schedule. Each class is 79 minutes in length, with a 40-minute intervention block called TASC between blocks 2 and 3.

In addition to Advanced Placement, honors, and college preparatory courses, students participate in extended learning opportunities, internships, career and technical education courses, and visual and performing arts. Specialized programs are offered for students with disabilities.

Student participation in athletics and/or co-curricular activities is highly encouraged. More than 20 athletic programs and two dozen co-curricular opportunities are offered during the school year.

ConVal High School Procedures

The purpose of this handbook is to serve as a guide for the ConVal High School community and to set out procedures and expectations in support of its learning environment.

The administration reserves the right to update this handbook throughout the year to reflect changes in school board policies (e.g. [IKF](#)) as well as state and federal regulations.

For information regarding graduation requirements, NH Scholars, and classes available for college credit, please refer to the Program of Studies available on the [school website](#) online.

Scheduling Procedures

Student Placement Procedure

All ConVal students are encouraged to access the highest levels of academic challenge. Per [Policy JG](#), students will be placed in classes that best meet their academic needs and in which they can be expected to master established district instructional and learning objectives, after consultation between the building principal, the student's teacher(s), and the student's parents/guardians. To help ensure success, students should ask their current and previous teachers to suggest classes that will best fit their individual learning path.

Course Selection Process

- Students consult with teachers, school counselors, and family to select courses for the next year.
- Students and/or parents/guardians who would like to appeal a particular course placement must communicate this in writing with the student's school counselor. A meeting will be held with the parents/guardians, student, teacher, and counselor, as appropriate. If a decision is made to take a course that the student is not recommended for, the student and parents/guardians will be asked to acknowledge that they understand that the decision is not advised.

Scheduling Changes and Add/Drop Deadlines

- Student/parent/guardian requests for specific teachers cannot be considered unless a student has previously failed the same course with the same teacher.
- Students can add/drop courses during the first 5 school days from the start of the course; parent/guardian permission is required.
- When a student drops a class at any time, they **remain in their scheduled class** until the schedule change has been processed. The counselor will notify the student of when to start reporting to their new class.
- Students who drop a class after five school days will receive a grade of W based on the discussion and recommendation of the teacher, counselor, and administration. If an end-of-quarter grade has been earned in the class, the grade will appear on the transcript.
- Students may move into/out of different levels of the same course until the halfway point in the first quarter of the course (approximately the 4th - 5th week), upon a written request by the parents/guardians and with the support of the teacher, as space and scheduling permit. Both classes will appear on the transcript, with a "W" listed for the class from which the student withdrew.
- If a student is retaking a course to improve a grade, the new grade will show on the transcript and be figured into the GPA calculation. The old grade will also remain on the transcript; however, the point value will not be figured. Only one credit can be earned.

Late Arrival/Early Release/Off-Campus

All students are expected to be enrolled in a full course of study (8 credits per year) for all four years of high school. For various reasons, there are times when students in grades 11 and 12 may have some flexibility in their schedules. Since ConVal High School does not offer supervised study halls as part of their class schedule, the following options are available:

Late Arrival/Early Release is defined as students having permission to enter the building late or leave the building early because they are not scheduled for a Block 1/Block 4 class. There is no credit earned for these blocks of time.

Internships, extended learning opportunities (ELOs), and work-based learning can be done off campus and credit can be earned for these. These learning opportunities are developed in collaboration with the ELO/WBL counselor, and appear on the student's schedule as "ELO" or "Internship."

- Only Juniors and Seniors are eligible for Late Arrival or Early Release.
- Parent/guardian permission and administrative approval are required **before** these can be added to a student's schedule.
- Juniors and Seniors are responsible for attending TASC unless otherwise approved by their school counselor.
- Students with Early Release may not return to campus (for after-school activities) until 2:20.
- Students with Late Arrival should plan to arrive at school and sign in at the office no sooner than 8:50 am.
- Students with Early Release should sign out at the office by 1:00 pm and leave campus at that time.
- Students are permitted to attend special assemblies (pep rallies, etc.) during times they are not scheduled to be here.
- Late Arrival/Early Release students are required to receive Administration approval to remain on campus for special circumstances (e.g., bad weather).
- Transportation for these privileges is the responsibility of the parents/guardians and the student.

Off-Campus is defined as students having permission to leave the campus during either Block 2 or Block 3 because they are not scheduled for a class.

- Only Seniors are eligible for Off-Campus permission.
- Parent/guardian permission and administrative approval are required **before** this can be added to a student's schedule.
- Seniors are responsible for attending TASC.
- Seniors with Off Campus permission **must** sign out of the office and leave campus directly after their last scheduled class and may return (and sign in) no sooner than 10 minutes before the start of their next class.
- Off-Campus students are required to receive Administration approval to remain on campus for special circumstances (e.g., bad weather).
- Transportation for these privileges is the responsibility of the parents/guardians and the student.

Administration may revoke these privileges at any time for violations of the ConVal High School Code of Conduct or these guidelines.

Grading System

In accordance with School Board Policy [IKA](#), the goal of the ConVal High School grading system is to be consistent, accurate, fair, specific, and timely. Teachers provide a syllabus at the beginning of their course that outlines the grading practices and procedures for the course.

Grading Scale

ConVal High School uses the following grading scale:

A+ 97 - 100	B+ 87 - 89	C+ 77 - 79	D+ 67 - 69	
A 93 - 96	B 83 - 86	C 73 - 76	D 63 - 66	F below 60
A- 90 - 92	B- 80 - 82	C- 70 - 72	D- 60 - 62	

W = Withdrew from the class

AU = Audited the class

P = Pass (no GPA points)

Weighted Grades

ConVal assigns a value of 1.5 to all 010 courses, 1.25 to all 012 courses and 1.00 to all 123 courses for purposes of weighting grades. Weighted GPA is used for the determination of class rank. Transcripts communicate unweighted GPA.

	A- 3.67	B- 2.67	C- 1.67	D- 0.67	

Re-learning Procedure

ConVal High School encourages students to demonstrate greater proficiency by pursuing re-learning opportunities. The criteria for revision are as follows:

- Students have the opportunity to improve and resubmit graded assessments provided that students meet pre-set, school-wide, and department-specific improvement qualifications.
- Assessments given in the last week of the quarter, including the final assessment, may be re-submitted at teacher discretion.
- Extension of these time frames shall only be granted by consensus of the teacher, school counselor, and department leader. A student may appeal a denied request to the administrative team.

- In accordance with the re-learning procedure, students who plagiarize will have the opportunity to make up work but receive a grade no higher than 80% of the newly submitted and graded work or 50%, whichever is higher. Students who plagiarize may be subject to disciplinary action in lieu of an academic consequence. Students who plagiarize a second time in their academic career will be subject to further consequences.
- Students who complete the department-specific improvement process on an assessment will earn the higher of the two grades up to 90% and will receive a grade no lower than 50%.
- Courses (and/or credentialing) in which credit is offered outside the ConVal system may not allow for the implementation of this procedure.

Promotion and Retention

Decisions regarding the promotion and retention of students are governed by School Board Policy [IKE](#). These decisions will be based on the successful completion of required credits and take into consideration criteria such as a student's mastery of course-level competencies, grades, and teacher recommendations.

Incomplete Grades

Students are expected to complete the work that is needed for their course within two weeks of the end of the class. At the end of the two-week period, all missing work will result in a zero for each assignment/assessment not completed. Administrator approval is required for Incomplete grades, and incompletes in prerequisite courses may prevent students from moving on to the next course.

Middle School Credit

The District's Policy [IMDB](#) states students in 7th and 8th grade may take advanced courses and apply the credit associated with those courses toward high school graduation, provided the course demonstrates content requirements consistent with related high school courses and the student achieves satisfactory standards of performance.

Finals

A final assessment shall be administered and will count up to 15% of the total grade for the course. The assessment could be an exam, project, portfolio, presentation, etc.

Alternative Credit Options

Students can earn academic credit outside of traditional coursework. Students should see their school counselor if they are interested in any of the following:

Independent Study/Extended Learning Opportunities (ELOs)

Students may engage in educational experiences that reach beyond the school building and/or the regular school day as well as extend their learning beyond the standard offerings in the Program of Studies. ELOs, Work-Based Learning (WBL), internships, and apprenticeships must be developed in advance, and in conjunction with the ELO/WBL coordinator. Students are not permitted to take more than two extended learning opportunities simultaneously. Students may include a maximum of 6 credits for extended learning opportunities on their transcript. Extended Learning Opportunities are assessed on a pass/fail basis. [IBHB](#)

Internships

Students may also wish to experience the world of work firsthand by becoming an intern at a local business. While internships can be used in a variety of ways they work best when they are the capstone or

culminating event in a student's high school course of study. For example, a student who is interested in pursuing a career as a dental hygienist should take all the appropriate science and health occupation classes before becoming an intern at a local dental office. This way, students can have the best possible experience as interns while the local business gains the benefit of working with a student truly interested in the profession. This opportunity is open to Juniors and Seniors only and grading is on a pass/fail basis.

Competency Mastery

In accordance with school board policy, IK, "Students can earn course credit by demonstrating mastery of the required coursework and material. Mastery is defined in Board policy ILBAA as 'a high level of demonstrated proficiency with regard to a competency.'" Competency Assessments will be selected, conducted, and reviewed in conjunction with the provisions of Policy ILBA. Students who earn credit by completing competency mastery in a course will receive a grade of P (Pass), earn the appropriate credit toward graduation requirements, and may advance in the course progression.

Credit Recovery

Students must meet with their school counselor to review their transcript and discuss the possibility of credit recovery coursework before registering for a class.

- If a student wants to complete specific coursework to improve a grade, they will work with the content teacher and the school counselor to develop a plan and a timeline for completion. Typically credit recovery is assessed on a pass/fail basis.
- If a student wants to retake an entire class to improve a grade, the new grade will show on the transcript and will be figured into the grade point average calculation. The previous grade will also show; however, the point value will not be figured.
- If a student does not pass a particular class, the student must meet with their counselor to review their transcripts and discuss the possibilities.

Summer Programming

Students have the opportunity to take credit recovery and first-time credit classes during a summer session. Students are invited to register for classes, and there may be a designated fee.

Transfer Credits

Transfer credits from the student's previous school will be awarded and added to the student's ConVal transcript. The weighting of grades for all transfer credits will be based on the *letter* grade awarded by the sending school.

Partial credit is not awarded when a student transfers out of ConVal High School mid-semester; their completed assignment descriptions/grades will be forwarded to their new school.

When a student transfers into ConVal mid-semester, every effort will be made to enroll the students in classes that are similar to the classes at their previous school. Graded assignments from their previous school will be taken into consideration by their ConVal High School teachers.

Virtual Learning Academy Charter School (VLACS)

Students have the opportunity to enroll in free online courses through the Virtual Learning Academy Charter School (VLACS). VLACS is a public charter school that was approved by New Hampshire's Department of Education in 2007. VLACS is a fully-accredited, state-approved public school.

Courses cover a variety of subject areas and topics that change from year to year. Current lists of available courses can be viewed at vlacs.org. Through a partnership with local colleges, VLACS also offers E-start classes where students can earn dual high school and college credit. There is a separate registration process and fees for these classes (for which the student/parents/guardians is responsible). More information can be found on the [VLACS website](http://vlacs.org).

Taking a VLACS Course During the School Day

The VLACS course needs to be reviewed by the school counselor to ensure that the course will meet graduation requirements and/or prepare the student for the next course in the sequence of study.

- Students may only take VLACS classes during school hours in conjunction with late arrival or early dismissal.
- VLACS classes that are to be taken during the school day follow the same scheduling timelines as ConVal High School courses; courses are requested in February of the preceding school year, and the 5-day add/drop period of each semester applies.
- It can take up to 3 or 4 weeks for a VLACS class to begin. Students who plan to take a VLACS class in the fall semester need to start the registration process (with VLACS) in August, and students planning to take a VLACS class in the spring need to start the registration process (with VLACS) in December.
- If a school-day VLACS class begins after the start of the ConVal High School semester, or ends before the end of the ConVal High School semester, the student will follow the late arrival/early release policies (whichever is applicable) and will not be on campus during that time.

Additional Guidelines for Taking a VLACS Course

- Prior to registering for VLACS courses that students are planning to take outside of the school day, students are strongly encouraged to meet with their school counselor to review their transcript and discuss how VLACS coursework may meet, or expand upon, the 26 subject credits required for graduation.
- Students and their parents/guardians are responsible for the registration process and must complete the registration process directly through VLACS. Due to VLACS guidelines, school counselors cannot register students for these courses. Students must list ConVal as their school of record when registering.
- Students must adhere to VLACS policy on [Student Code of Conduct and Acceptable Use](#).
- Seniors taking a VLACS course, or courses, for graduation requirements must complete it by April 1st of their senior year. This will ensure that
 - Students can request that VLACS send an official transcript to ConVal's School Counseling Department; and
 - The School Counseling Department can confirm that the students have met the graduation requirements and will be eligible to graduate with their classmates.
 - Please see School Board Policies [IMBA](#), [IHBH](#), and [IHBI](#) for additional details.
- Following completion of a VLACS course, students must request an official VLACS transcript to be sent to ConVal's School Counseling Department to ensure the credit is transferred to their ConVal High School transcript.
- VLACS course grades will be incorporated into a student's ConVal High School transcript the same way the grades of a student who has transferred into ConVal from another high school are incorporated into a student's ConVal High School transcript, which includes the weighting of grades will be based on the letter grade awarded.

- VLACS courses can be considered when determining if a student is eligible to participate in an athletic or co-curricular program.
 - Students relying on a VLACS course, or courses, to meet the eligibility requirements outlined in ConVal High School's Student Handbook will need to provide the following:
 - If students are using a VLACS course to meet the requirement of having passed three courses in the academic quarter before participating in the athletic or co-curricular program, they need to provide evidence of successfully completing the VLACS course during ConVal High School's previous academic quarter.
 - If students are using a VLACS course to meet the requirement of being enrolled in three courses in the *current* academic quarter, the academic quarter in which students are participating in the athletic or co-curricular program, students will need to provide evidence that they are currently enrolled in the course *and actively making progress towards completing the course*. Students will be asked to provide evidence of progress made towards completing the course at mid-quarter. Additional check-ins will be scheduled if there are any concerns that the student is not making appropriate progress.
- Requests for exceptions to the above guidelines will be reviewed and approved/denied by the building principal and the assistant superintendent.

Student Code of Conduct

ConVal Regional High School remains committed to fostering and maintaining a school culture that is respectful, caring, and accepting of all students.

Attendance

The ConVal High School attendance procedure is based on these premises:

- By law ([NH RSA 193:1](#)), all students under the age of 18 must attend school except for legally accepted excuses such as illness. A public school has the responsibility for enforcement.
- The classroom experience is important. The interactions between teachers and students, as well as among students, lead to learning that may not otherwise take place.

Expectations

- Students are expected to attend school for the 180 days scheduled by the district per year. Parents/guardians need to call the attendance administrative assistant at 924-3869 ext. 3232 or email cvhs-attendance@conval.edu to report their student absent on the day that the student will be absent. When reporting an absence, parents/guardians need to provide the reason for the absence.
- Students are expected to attend school for the entire day on scheduled testing days, field trips, and other special days.
- Students who are tardy to school and arrive after 10:15 AM will be considered absent for half a day; students dismissed before 10:15 AM and who do not return to school that day will also be considered absent for a half day. This half-day absence will count toward cumulative attendance. Refer to Policy [JH – Attendance, Absenteeism, And Truancy](#) for district truancy information.
- Absences may be pre-approved by an administrator before the needed absence. Such requests must be made in writing (a form is available for this purpose in the main office) and the completed documentation must be turned in to the main office no less than two weeks prior to the beginning of the absence. For a pre-approved absence to be designated as excused (for example a family vacation or educational opportunity as noted in Policy JH), the student/parents/guardians must be able to clearly articulate the educational benefit of the absence. If only part of the absence is for educational purposes (ex: a one-day college visit during a five-day vacation), only that day would be excused. The remaining four days would be unexcused and will count toward truancy as defined by the State of New Hampshire and may lead to concerns regarding educational neglect.

Excused absences

Excused absences are determined by the administration and may include but are not limited to:

- Illness
- Funeral/Death in the family
- College visits
- Religious Holidays
- Medical Reasons (surgery, extended illness, appointments)

A five consecutive day absence requires a doctor's note (if there is no note, the absences become unexcused and the unexcused process is followed).

For excessive excused absences, regardless of the reason, per [Policy JH-R: Unexcused and Excessive Excused Absences – Process](#), there will be a request for a parents/guardians meeting held with a ConVal High School administrator after 15 cumulative excused absences. The Assistant Superintendent and

Director of Student Services will contact the parents/guardians via letter to schedule a meeting after 25 cumulative excused absences.

Unexcused absences

Making up credit for any class work missed will be determined by the faculty and administration of ConVal High School. Unexcused absences include but are not limited to:

- Absences for which the attendance administrative assistant has not been notified (through phone contact, via email, or note from the parents/guardians)
- Class cuts
- Others to be determined by administration

After three days of absence (unexcused), no matter what grade, a letter is sent to the parents/guardians. This letter refers to New Hampshire state law, [RSA 193:1 Duty of Parent; Compulsory Attendance by Pupil](#)

After a fifth unexcused absence, a five-day letter is sent to request a meeting with the parents/guardians.

- Meeting with parents/guardians and developing a plan with School Counselor, Student Support Counselor, a ConVal High School administrator, and Special Education Administrator (if special ed.)
- If absenteeism continues:
 1. Second meeting with parents/guardians.
 2. Adjust the plan as necessary for one calendar month and inform parents/guardians of the next steps.
 3. If the plan is still not working, the “team” and parents/guardians need to meet with the Assistant Superintendent and Director of Student Services.

Students whose absences have been determined unexcused will be in violation of school policy, district policy, and state law.

District Policy [JH – Attendance, Absenteeism, And Truancy](#) identifies 5 full-day unexcused absences or 10 half days or any combination thereof in a school year as constituting habitual truancy. When a student is identified as habitually truant or in danger of becoming habitually truant, a School Counselor, Student Support Counselor, and/or Special education Director (if the student has an IEP) will meet with the student and their parents/guardians to design a plan to reduce the truancy. Please see [Policy JH-R: Unexcused and Excessive Excused Absences – Process](#) for specifics regarding the process for handling student truancy.

Record of Absences

- Teachers will use PowerSchool to maintain a record of absences and tardiness for each student enrolled in their course.
- Daily calls to the family of each absent student will be made unless the absences are pre-approved by an administrator or the attendance administrative assistant has been notified via parents/guardians phone call or email of the absence.
- Questions or concerns regarding the attendance policy should be directed to the administration.

Homework Requests

Students are expected to contact their teachers by email, through Google Classroom, or by contacting other students in the event of a single day's absence. Students or their parents/guardians should contact

their school counselor if the absence extends beyond 3 days for illness or suspension. Teachers require notice of one school day to respond to such requests.

Makeup Work

All work must be made up after a student's absence. It is the student's responsibility to procure assignments from each classroom teacher. The time for makeup work should be relative to the amount of time missed. It should be noted that makeup work does not adequately replace the instructional time lost for a school absence.

Tardiness to School or Class

Excused Versus Unexcused Tardiness To School

Tardiness to school is considered excused only when it is communicated by email, phone call, or note from a parent/guardian to the attendance administrative assistant, stating the unavoidable event causing the tardiness. Some examples include the following:

- An early morning medical/dental appointment
- A family emergency
- A car accident or breakdown

All other tardiness is considered unexcused even if communicated by email, phone call, or note from a parent/guardian to the attendance administrative assistant.

After five unexcused tardies to school, students will receive an office after-school detention.

Students who are tardy to school and arrive after 10:45 AM will be considered absent for half a day; This half-day absence will count toward cumulative attendance. Refer to Policy [JH – Attendance, Absenteeism, And Truancy](#) for district truancy information.

Some examples of unexcused tardies include the following:

- Alarm didn't go off/overslept
- Friend was late driving me to school
- Too tired to get up on time

These are general guidelines. If a parent/guardian has a special situation or a one-of-a-kind event that results in a student's tardiness to school, please call the main office and ask to speak with an administrator.

Teachers will make every effort to work with students and parents/guardians to help decrease tardiness to class. Student conferences, parent/guardian contact, and other interventions will be attempted, but chronic tardiness will be brought to the administration for further action if needed.

One of the fundamental career readiness skills is timeliness. By meeting these minimum expectations, students will practice the fundamental self-management skills they will need to become career and college ready.

When tardy to school, students must report directly to the main office to record their time of arrival and receive a late entry slip. If community health conditions warrant, a health screening may also occur prior to entry.

Dismissals

If a student is to be dismissed during the school day for any reason, a note from the parents/guardians of the student, with the reason for dismissal, must be given to the attendance administrative assistant at the beginning of the school day. A dismissal slip will be provided to the student, and they must sign out at the

main office and leave through the main entrance at the approved release time. **Students who are dismissed before 10:45 AM and do not return to school that day will be considered absent for a half day.** This half-day absence will count toward cumulative attendance. Refer to Policy [JH – Attendance, Absenteeism, And Truancy](#) for district truancy information.

In the event of an unexpected need for a student's release, the attendance administrative assistant requires as much notice as possible from the parents/guardians so that the student may be located and informed. Please call the attendance administrative assistant at 924-3869 x3232 or email cvhs-attendance@conval.edu with a notification and the reason for any unplanned dismissal.

If a student becomes ill during the day, they must report to the health office to be assessed by the school nurse. Students cannot be dismissed if they are ill without going through the nurse; they must be dismissed through the health office so that symptoms can be documented for data collection.

Hallway Passes

- Students will be allowed three bathroom/cafeteria/water station passes per day.
- Students will be allowed at most one pass per block.
- Students must have their Chromebook to start the pass approval process, but it will need to be approved by the faculty member. Students who do not comply may have a discipline referral for misuse of pass.
- Students who are absent from class for an unexcused extended time may face disciplinary consequences.
- Passes to the nurses' office will be paper copies, with a time and date.
- Teachers and students should not use eHallpass for counseling appointments.

Cell Phones and other Electronic Devices (including Headphones and Smartwatches)

While the use of cell phones and other electronic devices is permitted before and after school as well as during school lunches and passing time in the hallways between classes (not during class time), their presence in the classroom leads to student inattention and disruptions of the learning environment. Cell phones may be used in the classroom only at the direction of the teacher and for educational purposes.

CONVAL HIGH SCHOOL WILL NOT BE RESPONSIBLE FOR LOST, STOLEN, OR DAMAGED CELL PHONES OR OTHER ELECTRONIC DEVICES.

Student Expectations

- School-issued electronic devices may be used in the classroom with teacher permission only. Personal/non-school issued devices (laptop, Chromebook, tablet, etc.) may not be used on campus.
- Cell phones and other electronic devices may NOT be used in the main office without explicit permission.
- Students do NOT have the right to use their cellular device to audio- or video-record other students, staff, or visitors without the express permission of the person(s) in the recording. Failure to comply with this rule will result in disciplinary action, up to and including suspension from school.
- Students using headphones during lunch and passing time are permitted to only have one in their ears for safety reasons.
- External speakers, including phone speakers, are not allowed at any time during the school day.

Violations on multiple days will result in:

- 1st offense: Upon teacher request, students are expected to put their electronic device in a location designated by the teacher and will get it back at the end of class. Teachers may give students a verbal warning to put away devices, but they are not required to do so.
- 2nd offense: The teacher will bring the electronic device to the main office or call for an administrator to come get the device with the student's name on it; the student is directed to retrieve the device at the end of the day.
- 3rd offense: A parent/guardian is required to pick up the device at the end of the day, and consequences will be issued at the administrative level.
- If a student refuses to turn in the electronic device, the teacher should call the office immediately.
- Teachers have the discretion to issue consequences for first and second offenses in addition to what is stated here.

Academic Honesty

ConVal High School is committed to the intellectual development of a student's original work. Students who attempt to receive credit for work that is not their own are depriving themselves of an opportunity to learn and progress.

When students copy a paper from the Internet or another student, copy another person's homework, provide another student their work, look at another student's answers on a test or quiz, resubmit work that has already received credit, or fail to give adequate attribution for information from a source in a research paper, they commit acts of academic dishonesty.

Plagiarism (*definition provided by the American Heritage Dictionary*)

- To use and pass off (the ideas or writings of another) as one's own.
- To appropriate for use as one's own passages or ideas from (another).
- To put forth as original to oneself the ideas or words of another.
- Plagiarism is one of the most serious violations of the principle of academic honesty.

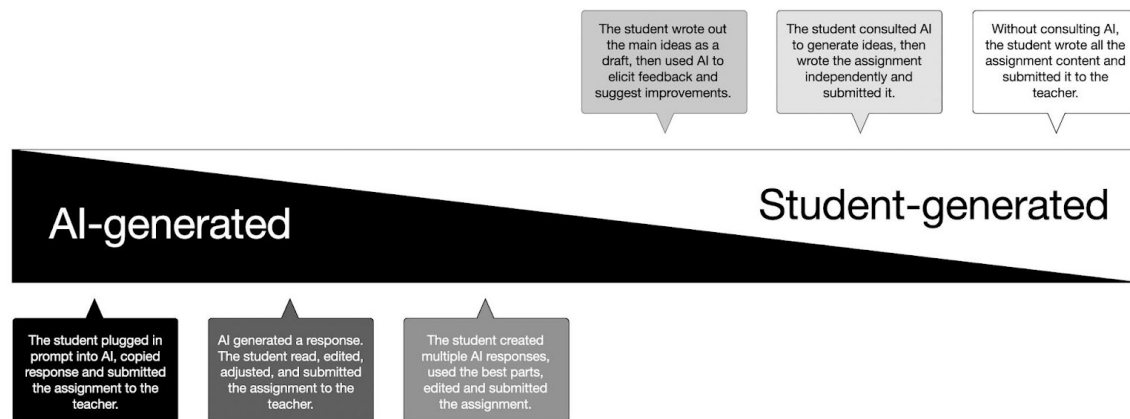

Intentional examples of plagiarism may include but are not limited to:

- Buying or copying another person's paper.
- Getting someone else to write your paper for you.
- Taking a block of text and changing a few words, as opposed to paraphrasing or putting it in your own words.
- Providing your work to someone else to submit as their own.

Use of Generative Artificial Intelligence (AI) for Assignments

The use of generative artificial intelligence (AI) in teaching and learning has emerged as a contested issue recently. While a student's use of AI programs, such as ChatGPT, Google Bard, Bing AI, DALL-E, Adobe Firefly, etc., to complete a class assignment may not technically constitute plagiarism because it does not involve the copying of another person's work, it still constitutes academic dishonesty if an AI-generated assignment is represented as the student's own.

However, artificial intelligence is likely to be built into an increasing number of online learning services, and learning how to use AI purposefully — e.g., through the intentional engineering of prompts — is recognized as a developing digital skill. Therefore, teachers will indicate on specific assignments if, and to what extent, the use of AI is permitted.

Source: Graphic based on Matt Miller, DitchThatTextbook.com

Other, less intentional types of plagiarism may include but are not limited to:

- Using photos and other images without providing the source.
- Copying sentences or paragraphs from a book, article, or website without using proper quotations and citations.
- Using an author or an expert's idea without citing them as a source, therefore taking credit for another person's idea, not necessarily their words.

All instances of academic dishonesty will be treated and recorded as a major disciplinary infraction. Infractions will first be documented and reported to the department chair and administration. The teacher, department chair, and administrator will determine an appropriate disciplinary consequence in all instances of academic dishonesty.

The first instance of plagiarism will result in an opportunity to correct the work with a grade no higher than 80% of the newly submitted and graded work or 50%, whichever is higher. A second instance of such an infraction will result in a 0% for the work involved.

Students can avoid the pitfalls of plagiarism by remembering these simple guidelines:

- Always keep careful track of your sources of information. Books, articles, websites, even personal interviews need to be cited.
- Keep your notes together with the source information; this will save you time and energy down the road. When taking notes, keep track of when you are quoting directly (even short phrases) and when you are noting another person's idea or argument.
- Remember to note the author of an idea or text in your paper, either directly ("Jefferson argued...") or as an in-text citation (specific formatting guidelines will be provided by your teacher).
- Use quotation marks for any line or phrase that is copied verbatim. Remember: any idea, phrase, or image that did not come directly from you and your own thought process must be cited.
- Facts considered general knowledge do not need to be cited. The basic rule of thumb is that any information that can be found in five or more credible, general reference sources is general knowledge.

Dress Code

ConVal High School expects all students to act and dress in a manner that is appropriate and conducive to the academic environment (see [Policy JICA Dress Code](#)).

The school does not permit clothing to be worn that is damaging to school property or generally disruptive to the educational process. When in school, students must wear footwear at all times. There may be courses that have additional dress code requirements.

Specifically, students will not be able to wear clothing, makeup, and/or accessories that:

- advertises or promotes the use of drugs, alcohol, or tobacco products, including vaping;
- expresses or encourages profanity, sexual innuendo, violence, intolerance, or any illegal behavior;
- disrupts the educational environment; or
- may be construed to provoke fear or violence

The administration reserves the right to determine what constitutes appropriate dress. Students who do not adhere to these guidelines will not be allowed to attend class. If appropriate clothing is not available or the student refuses dress code-appropriate clothing, disciplinary consequences for non-compliance may be issued.

Conduct on Buses

Students using district transportation should understand that they are under the jurisdiction and code of conduct/disciplinary rules of the school from the time they board the bus until they are deposited at school or the stop nearest their home.

General Rules:

- The school bus is an extension of the school, and all school rules and regulations which pertain to student conduct, behavior, or discipline in the schools apply to student conduct on a school bus. Accordingly, in addition to specific rules of conduct and discipline provided below, the ordinary school and District rules and regulations regarding student behavior/conduct/discipline will simultaneously apply to all students using District transportation and may result in separate disciplinary actions as permitted under the applicable statutes.
- The school bus driver is in complete charge of the school bus and the students. They shall have the same authority in maintaining discipline as a teacher in the classroom.
- The District will install on school buses and will use video surveillance cameras on a random basis.

Student Conduct:

- Students will stay on the curb or off the pavement at the side of the road until the bus stops, doors are opened and lights are flashing.
- Students will board the bus in single file and fill seats from front to rear unless assigned seats by the driver.
- Students will cross the road or street in front of the bus only after the bus has come to a complete stop and upon the direction of the driver (10-foot minimum crossing distance).
- Students will go directly to an available or assigned seat when entering the bus and shall move in toward the window. At that time they must fasten their seat belt if available.
- Students shall remain seated until they have reached their designated stop and the bus has come to a complete stop; aisles and exits must be kept clear at all times and emergency doors will be used for emergencies only.

- Students will not lower windows without the permission of the driver. Hands and heads must never be extended from open windows.
- No smoking at all on any bus including charter trips.
- No profane language, obscene gestures, excessive noise, fighting, wrestling, or acts of physical aggression will be tolerated.
- No eating or drinking on the bus.
- No marking or defacing the bus; students will be held responsible for any damage to the bus perpetuated by them.
- No throwing things in the bus, at the bus, or out the window.
- Always cross the street in front of the bus.
- You are due at your bus stop before the bus is due – the driver will not wait for you.
- Anything that would create a safety hazard for the passengers or vehicle will not be permitted.
- Only authorized riders will be permitted on the buses.

Student Driving/Parking Permits

The ConVal School District provides bus transportation to and from school, including late buses for after-school activities. Students are encouraged to take the bus or carpool to school.

ConVal High School offers student drivers the opportunity to park their vehicles in the school parking lot with a parking permit that can be obtained for a fee of \$5 in the main office. All student cars must be registered by September 30th of each school year or within two (2) weeks after a student starts to regularly drive their car to school.

Students should lock their vehicles at all times, and ConVal High School is not responsible for items stolen or missing from vehicles on school property. Vehicles on school property may be subject to searches by the administration. The parking lot will be monitored regularly.

Drivers who violate the parking guidelines are subject to towing at the driver's/owner's expense. Permits may be revoked without refund if:

- A student parks in a spot designated as handicapped,
- A student returns to his/her car during the school day without administrative permission,
- A student parks in a spot designated for staff,
- A student leaves campus without permission,
- A student transports others off campus,
- A student drives recklessly on school property, OR
- A student displays any behavior that is deemed not in the best interest of the ConVal High School driving community by administration.

Students may NOT sell their permits to other students, or make copies of permits to provide to other students. A permit may be obtained ONLY from the ConVal administration. Students found to have violated this expectation will be subject to disciplinary action by the administration, including but not limited to, revocation of parking privileges.

The parking lot is not a place for loitering before, during, or after school. Students are expected to park their cars upon arrival, exit from their cars, and report directly to the interior of the building.

School Discipline Guidelines and Procedures

Expectations of appropriate school behavior extend to all classrooms, school grounds (including athletic fields and parking lot), bus travel, and visiting school sites and off-campus sites when participating in school-sanctioned activities.

Students will be held responsible and accountable for their actions, and appropriate interventions and consequences will be administered using a graduated approach to the extent possible based on the offense. Students facing discipline will be afforded all due process rights given by law (See [Policy JIA – Student Due Process Rights](#)). This includes giving the student the opportunity to hear the accused's concerned behavior and be given the opportunity to present their side of the story and defend their conduct. In the event of long-term suspension or expulsion, students have the right to a hearing that meets the requirements of [Ed. 317.04 \(f\) \(g\)](#). When administering all consequences, remediation, reflection, and restoration practices will be used in lieu of suspension or expulsion when deemed appropriate. Exceptions to this could be when violence, bullying, weapons, and the safety and welfare of students and staff are of concern. All suspensions and expulsions will be carried out according to statute – [RSA 193:13](#). Also, in accordance with this statute, any student that accumulates more than 10 days of suspension will have an Intervention Plan developed that will “proactively address the problematic behaviors.”

Potential List of Interventions and Consequences

The following is a list of **possible** interventions/consequences that may be administered for student discipline offenses. It should be noted that a graduated consequence will be used to the extent possible and more serious infractions may use a variety of interventions/consequences from the four-tiered list below (Levels I-IV). For example, if a student engages in a physical fight, the student may receive an out-of-school suspension (Level III) paired with a required counselor intervention (Level II). After any multiple-day suspension, students may be asked to participate in a re-entry meeting, at administrative discretion.

Although this list is comprehensive, it is not all-inclusive. Our goal is to respond to student behavior in ways that best meet the needs of students. It should not deter from developing actions/consequences that may be more responsive to the needs of a student.

The administrator will determine the level of the offense (Levels 1-4) based on all available information. Levels are decided on an individual basis for each student and offense; for example, the level system is not meant to suggest that a first-time behavior has to be assigned at Level 1.

Diversity/Equity/Inclusion

It is the policy of ConVal High School to maintain a learning environment that is free from discrimination based on race, religion, disability, gender identity, or relationship preference (Policies AC, ACAC, ADD, JICK). ConVal High School prohibits any form of race, religion, disability, gender identity, or relationship orientation harassment and violence.

For purposes of this procedure, racial harassment of a student consists of verbal or physical conduct relating to an individual's race or color when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities.

For purposes of this procedure, gender identity harassment of a student consists of verbal or physical conduct relating to an individual's gender identity when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities.

For purposes of this procedure, relational orientation harassment of a student consists of verbal or physical conduct relating to an individual's relationship orientation when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities.

For purposes of this procedure, disability harassment of a student consists of verbal or physical conduct relating to an individual's disability when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities.

For purposes of this procedure, religious harassment of a student consists of verbal or physical conduct relating to an individual's religion when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities.

For the purpose of this procedure, national origin harassment of a student consists of verbal or physical conduct relating to an individual's nationality when:

1. The harassing conduct is sufficiently severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening or abusive educational environment;
2. The harassing conduct has the purpose or effect of substantially or interfering with an individual's academic performance; or
3. Harassing conduct otherwise adversely affects an individual's learning opportunities

Title IX Sexual Harassment Policy and Grievance Procedure

Response To Suspected Alcohol and Substance Abuse See also School Board policy [GBEC](#)

Reasonable Suspicion

Given reasonable suspicion of substance misuse or abuse, school administrators may conduct reasonable searches of students, including their person and their personal effects.

A school administrator is justified in initiating a search when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated, or is violating either the law or the rules of the school. Reasonable grounds are less than “probable cause,” and may consist of a report or firsthand information that a student has violated or is violating either the law or the rules of the school. In order to search a student, the administrator must have an individualized, student-specific suspicion that the student who is the subject of the search has violated, or is violating the law or the rules of the school.

Searches will occur with more than one school employee present and shall be conducted in a manner sensitive to the age and sex of the student, with due consideration to the personal dignity of the student. Searches may include the contents of their backpack, purse, or bag. Students may be asked to turn out their pockets or to remove an outer coat or jacket, shoes, socks, or hat to permit a search of the item while preserving the student’s personal dignity. Searches may include a request for a physical or medical test to determine impairment. Contents seized during a search will be turned over to local law enforcement.

Administrators will seek permission from the student to conduct a search of them or their personal effects. When a student refuses a request for a reasonable search of their person or their effects, the administrator will inform the student that their refusal may result in an adverse inference that they have violated the rules of the school, and the administrator may mete out appropriate discipline for refusing the reasonable search. Administrators may conduct a refused search when they have information that the student possesses items that are in violation of a school rule or law.

Violations

I. First Offense

Illegal possession or use of a substance; attempting to secure and/or purchase a substance that could cause a mind-altering experience, may result in the following sanctions:

If the student accepts up to 3 counseling sessions:

- Up to 5 days internal or external suspension
- Parents/guardians notification
- Police notification

If the student will not accept counseling:

- Up to 10 days internal or external suspension
- Parents/guardians notification
- Police notification
- If the substance or circumstance carries a higher threat of potential lethality, the administrator reserves the right to send it to the superintendent’s office for disciplinary determination.

II. Second Offense

If the student accepts up to 6 counseling sessions:

- 5-10 days internal or external suspension
- Parents/guardians notification

- Parents/guardians meeting or re-entry meeting to determine the need for outside referrals for substance abuse/addiction treatment
- Police notification

If the student will not accept counseling:

- 10-day internal or external suspension
- Referral to Superintendent office
- Parents/guardians notification
- Parents/guardians meeting or re-entry meeting to determine the need for outside referrals for substance regard
- Abuse/addiction treatment

If the substance or circumstance carries a higher threat of potential lethality, the administrator reserves the right to send it to the superintendent's office for disciplinary determination.

Meeting with the Superintendent's office can result in:

- Expulsion for up to 365 days
- Options for long-term treatment
- Required documentation of treatment for reentry

III. Intending or attempting to sell and/or distribute illegal drugs, controlled substances or alcohol will result in the following sanctions for any offense:

- Parents/guardians notification
- Police notification
- A student shall be referred to the superintendent who may recommend to the School Board that s/he be expelled for a period not to exceed 365 days.
- Suspension beyond ten days and/or expulsion will be determined in accordance with district and federal guidelines for hearing and appeal.

For Violations II and III, a reentry plan must be developed upon his/her return to school. Reentry plan meetings will include the student, the parents/guardians, an administrator, the school counselor/student assistance counselor, and teacher(s), if possible. Additional participants may be invited to attend. The plan must address, but is not limited to, behavior expectations, participation in counseling, academic expectation, and any other activities that will allow for positive reentry to school.

Any student involved in athletic and/or co-curricular activities may suffer additional loss of privilege of participation, based on established co-curricular expectations.

Assault

In cases of all assaults, the building principal, or his/her designee, shall notify the involved student's parents/guardians by telephone and letter about the incident. The letter from the principal or his/her designee shall describe the incident and the seriousness and harm done or potential harm and the School District's response to the incident to the extent permitted by confidentiality laws and regulations.

Additionally, "simple assault," as the term is used in New Hampshire criminal statutes, includes any knowing and unprivileged physical contact with another person. While simple assaults may result in injury, many, if not most, which occur in the school setting do not.

Recognizing that under the statutory definition, simple assault can be very minor contact, building or assistant principals will consider the District's policies, rules, and regulations concerning student conduct and discipline when making a determination about whether or not to file a Safe School Zone Offense

Report with the local Law Enforcement officials. The District will err on the side of filing a report when there is any question. Law Enforcement and school officials can then jointly determine the best action to be taken.

Detention of Students

A school administrator or teacher may detain a student for disciplinary reasons during school hours. Further, a school administrator or teacher may detain a student for disciplinary reasons after school hours, provided the parents/guardians have been notified of the detention. In the case of students who rely on the school bus for transportation, parents/guardians may be asked to arrange for the transportation of the detained student. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged. Detention in one day is to be limited to 90 minutes and is expected to be served as a consequence.

Gang Activity

It is the policy of this School District that membership in secret fraternities or sororities, or other clubs or gangs (collectively gangs) not sponsored by established organizations, is prohibited. Gangs that initiate, advocate, or promote activities that threaten the safety or well-being of persons or property on school grounds or which disrupt the school environment are considered harmful to the educational process. The use of hand signals, graffiti, or the presence of any apparel, jewelry, accessory, or manner of grooming which, by virtue of its color, arrangement, trademark, symbol, or any other attribute that indicates or implies membership or affiliation with such a group presents a clear and present danger to the school environment and educational objectives of the community and are therefore considered a violation of the school's Code of Conduct.

Incidents involving initiations, hazing, intimidation, and/or activities of such group affiliations which are likely to endanger students or cause physical harm, personal degradation, or disgrace resulting in mental harm are prohibited.

Any student wearing, carrying or displaying gang paraphernalia, exhibiting behavior or gestures symbolizing gang membership, or causing and/or participating in activities that intimidate or affect the attendance of another student will be subject to disciplinary action.

Hazing

It is the policy of this school district that no student or employee of the district shall participate in, or be a member of, any secret fraternity or secret organization that is in any way related to the school or to a school activity. No student organization or any person associated with any organization sanctioned by the district shall engage or participate in hazing.

For the purpose of this policy, hazing is defined as an activity that recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into, or affiliation with, any organization sanctioned or authorized by the district.

"Endanger the physical health" shall include, but is not limited to, any brutality of a physical nature, such as whipping; beating; branding; forced calisthenics; exposure to the elements; forced consumption of any food, alcoholic beverage, drug, or controlled dangerous substance; or any forced physical activity which could adversely affect the physical health or safety of the individual.

"Endanger the mental health" shall include any activity which would subject the individual to extreme mental stress, such as prolonged sleep deprivation, forced prolonged exclusion from social contact which

could result in extreme embarrassment, or any other forced activity which could adversely affect the mental health or dignity of the individual.

Any hazing activity, upon which the initiation or admission into or affiliation with an organization sanctioned or authorized by the district is conditioned, directly or indirectly, shall be presumed to be a forced activity, even if the student willingly participates in such activity.

This policy is not intended to deprive school district authorities of taking necessary and appropriate disciplinary action toward any student or employee. Students or employees who violate this policy will be subject to disciplinary action which may include expulsion for students and employment termination for employees.

Inappropriate Sexual Behavior

All incidents of inappropriate sexual behavior, including sexual harassment, will be addressed by the administration in accordance with School Board policy [ACAC](#).

Out-of-School Actions

The School Board recognizes that out-of-school conduct of students attending school within this district is not normally a concern of the School Board. However, the School Board believes that disciplinary action for conduct occurring off school property and not involving a school activity is proper if the conduct has an adverse effect on the school.

Therefore, it is the policy of the School Board that any student attending school within this district will be subject to disciplinary action including, but not limited to, suspension from school for any conduct that, in the opinion of school administrators, has an adverse impact upon the school.

Such activities include, but are not limited to, the following: damaging school property, e.g., a school bus; engaging in an activity that causes physical or emotional harm to other students, teachers, or other school personnel; engaging in an activity that directly impedes discipline at school or the general welfare of school activities.

Weapons

See School Board Policy [JICI](#)

Dangerous weapons as used in this section and, to the extent not inconsistent with any other policy, rule or regulation, shall mean: a firearm (see 18 USSC Section 921) to include a pellet or BB gun; any object prohibited, licensed, or regulated under RSA 159; a knife; a bullet; any firework, explosive, or other incendiary; club, metallic knuckles; containers containing chemicals such as pepper gas or mace; martial arts weapons (as defined in RSA 159:24); electronic defense weapons (as defined in RSA 159:20); and/or any other weapon, substance or object which, in the manner it is used, intended to be used, or threatened to be used, is known to be capable of producing serious injury.

Dangerous weapons are not permitted on school property, in school vehicles, or at school-sponsored activities. Student violations of the policy will result in both school disciplinary action and notification of the police. Suspension or expulsion from school could result. Please read the section on knives (below).

Weapons under the control of law enforcement personnel are permitted.

Firearms

Any student who is determined to have brought a firearm (as defined by Title 18 U.S.C. 921) to school will be expelled for not less than one year (365 days). This expulsion may be modified by the superintendent upon review of the specific case in accordance with other applicable laws.

The determination of whether to modify the expulsion shall be left to the discretion of the superintendent, who in making that determination may consider the following factors: whether possession of the firearm was inadvertent: e.g., another person had left the firearm in the student's vehicle; the student had not noticed that she/he was bringing the firearm for sport immediately before or after school and had no intention to display the firearm to other students; the student did not properly understand the dangers of firearms when the firearm was brought to school; whether the firearm was loaded; and whether there was any ammunition reasonably available; and/or whether the student had any intention to display the firearm to other students.

Knives

The ConVal High School administration prohibits students from bringing knives to school. Classes that require students to use these and other tools will provide those tools to students and/or make arrangements for students to appropriately transport and store those tools during the school day when not in use. Students who bring a knife or knives to school will be subject to disciplinary action.

Vandalism

Vandalism of any kind may be deemed criminal behavior. This provision also applies to all district-issued electronic devices, such as Chromebooks or iPads. If a student commits vandalism on school grounds, on school transit, or at any school-sponsored event, they will be disciplined by a school official and may also face criminal charges. Disciplinary action can include but is not limited to restitution, loss of privileges to attend district-sponsored activities, detention, in-school suspension, or expulsion.

Modification or Review of Expulsions

Pursuant to RSA 193:13, IV, the superintendent may, upon written application of an expelled student, recommend modification of an expulsion. In such cases the following should apply:

- An expelled student has the right to request a review of the expulsion prior to the start of each school year.
- A request for review should be directed by the student to the superintendent on or before August 15. The request should set forth each and all reasons why the student's right to attend school should be reinstated. Of particular importance would necessarily be such information as might convince school authorities that the conduct which led to the expulsion would not be repeated.
- The superintendent and the principal or assistant principal at the applicable school shall direct written recommendations to the School Board with a copy to the student.
- The expulsion may be continued; the student may be reinstated without conditions; or the student may be required to meet certain conditions prior to reinstatement. A code of conduct and consequences may be established for a reinstated student and may be stricter than for the general population.
- When reviewing expulsions, the administration and the School Board shall consider the safety and well-being of other students and staff of paramount importance.

Expectations for Participation

The following set of expectations is designed to:

- Uphold the educational value of programs where each individual contributes to the whole for the success of the group or team.
- Ensure that students perform at peak levels, developing self and group/team discipline.
- Prepare students to become responsible citizens and contribute to their school community.
- Reflect the values and beliefs of ConVal Regional High School (C.A.R.E.S.).
- Ensure that students participating in athletics and co-curricular programs serve as good representatives of the school district and demonstrate appropriate representation through their character, sportsmanship, teamwork, mutual respect, and trust.

Individual athletic or co-curricular programs may have specific team rules and expectations. These expectations will be placed on file in the office of the Director of Athletics and Co-Curricular Activities when they are put in place.

Student Commitment

When students register with FamilyID, students enter into an agreement regarding academic, behavioral, and school attendance expectations that will remain in effect for the remainder of the athlete's participation in sports during the school year.

In case of a violation of this agreement, all remediation must be completed before participation in an ensuing activity or event, even into the next school year. An athletic or co-curricular activity will be considered finished when the highest level of competition, performance, or event has been completed.

Participation in athletics and co-curricular activities is considered a privilege. If a student is in violation of behavioral expectations, including times when school is not in session, ConVal High School reserves the right to limit their participation.

Behavioral Expectations

Students who participate in ConVal High School athletic and/or co-curricular programs are expected to adhere to high standards – both physically and socially, in and out of school.

Student athletes are expected to adhere to school academic and behavior expectations, good sportsmanship, and team rules established by their team and/or coach. Failure to do so may result in an athletic disciplinary action as well as school disciplinary actions where indicated. The Director of Athletics and Co-Curricular Activities and another member of the Administrative Team will review any infractions and determine the next steps to be taken.

The following behavioral violations will result in a disciplinary action/intervention. In all situations, students will be granted due process.

- Use or possession of tobacco or vaping product in any form, alcoholic beverages, drugs, and/or mood-altering substances
- Possession of electronic smoking devices
- Gambling or betting on any ConVal High School events
- Vandalism
- Stealing
- Bullying and/or harassing others
- Convictions of any misdemeanors or felonies
- Misconduct, including but not limited to:
 - Harassment or verbal/physical assault on a player, advisor/coach, judge/official, participant/opponent or spectator, or any other community member in or out of school.
 - leaving an activity in anger during the activity or interrupting the flow of the activity with inappropriate behavior and/or gestures directed at the advisors/coaches, judges/officials, and/or spectators/staff members.
- Hazing or team/activity initiations involving hazing. ConVal High School defines hazing according to New Hampshire State Law RSA 631:7.
- Other inappropriate behaviors that jeopardize the safety of others or disrupt the dynamics of the team or educational environment.

Student athletes who need confidential assistance or support may contact their school counselor and/or the Director of Athletics and Co-Curricular Activities.

Violations

Disciplinary consequences for behaviors will be consistent and mirror those issued by the administration in accordance with the student handbook.

In addition, any coach/advisor may enforce team-specific policies/procedures. This may include restorative elements.

School Suspension

Any student suspended from school or issued an all-day in-school suspension will not be able to participate in or attend any co-curricular program, game, performance, practice, and/or meeting on the day(s) of the suspension.

Academic and School Attendance Expectations

Academic Performance and Eligibility

In order to be eligible for a ConVal High School athletic or co-curricular program, a student must have passed a minimum of three (3) classes in the quarter prior to participation and be currently enrolled in three (3) units of work in the quarter of participation. Enrollment in units of work includes online courses. However, it is important to note that if the completion of an online course prior to the start of a season drops the student below 3 units of work that student will not be eligible for participation in that season.

Eligibility status is determined on the day that official report cards are distributed to students. Note: An incomplete is not considered a passing grade for purposes of eligibility.

A student may regain eligibility by making up academic deficiencies, failures, or incompletes of the regular school year through approved academic/credit recovery programs.

School Attendance

Students who participate in ConVal High School co-curricular activities are expected to attend school on the day of a meeting, practice, contest, or performance.

Any student who does not attend school by 10:45 or leaves for reasons of sickness or truancy, will not be eligible to participate in any scheduled meeting, practice, contest, or performance on that date.

If any student is chronically tardy in a season, future participation will require the approval of the Director of Athletics and Co-Curricular Activities. If a violation becomes known at a later date, it will be enforced at the next meeting, practice, contest, or performance following the disclosure.

Repeated violations will be considered misconduct unless the Director of Athletics and Co-Curricular Activities grants an exception due to extenuating circumstances.

Expectations Specific to Athletics

- An athlete may not quit one sport and try out for another sport after the season has begun without the mutual consent of both coaches. "After the season has begun" is defined as the first scrimmage or game, whichever comes first.
- An athlete who has been injured and has received medical treatment must receive written documentation from the treating physician or his/her designee to return to participation.
- Parents/guardians agree on FamilyID to be supportive and encouraging of all participants, coaches, and officials at all athletic events. Good sportsmanship will be displayed at all times by all spectators.
- All NHIAA rules and policies will take precedence when there is a conflict with this policy.

Athletic Physicals

In order to participate in interscholastic athletics, a student athlete must have passed a doctor's physical examination and have a signed physical examination form on file with the Athletic Department.

Physicals are valid for two years from the date they were given.

NO STUDENT WILL BE ALLOWED TO PARTICIPATE IN TRYOUTS, PRACTICE, OR GAMES WITHOUT A PHYSICAL ON FILE IN THE ATHLETIC DEPARTMENT.

Insurance

Any student who participates in co-curricular athletics (intramural or interscholastic) must have accident insurance. School insurance is an option that meets this requirement. Information is available in the Athletic Department.

NHIAA Non-School Competition

A member of a school team is a student athlete who is regularly present for, and actively participates in, all team practices and competitions. Bona fide members of a school team are prevented from missing a high school practice or competition to compete with an out-of-school team, practice, or competition to include tournaments, showcases, combines, or other athletic events.

Whenever a conflict arises between the high school team practice/competition and an out-of-school practice/competition on the same day, the high school team practice/competition must be honored by the student athlete. Priority must be given at all times to the high school team, its practices, and its contests unless a waiver has been granted by the principal and Athletic Director.

Penalty for NHIAA Non-School Competition

Any student athlete who violates this rule, unless a waiver has been granted as stated above, for the first time shall be declared ineligible for the next 4 consecutive interscholastic events or 3 weeks of a season in which the student athlete is a participant, whichever is greater. This penalty is effective from the date of the athlete's last participation in a high school sport.

Any student athlete who violates this rule a second time or subsequent time shall be declared ineligible for participation in any high school sport for the balance of the school year.

Other rules, policies, and procedures may be found with the Athletic Director and in team-specific rules distributed to teams by individual coaches.

Grievance Procedure for Athletes and Families

- Level 1: The student and/or parents/guardians bring a concern to the coach (no formal documentation). Students are encouraged to speak with a coach about a grievance as soon as possible in order to try and resolve most issues at this level.
- Level 2: The student and/or parents/guardians bring the concern to the Director of Athletics and Co-curricular activities (formal documentation). The AD, as a neutral party, takes appropriate steps to help the student resolve the grievance with the coach by 1) encouraging the student/parents/guardians to speak directly to the coach or 2) facilitating a meeting between the student/parents/guardians and the coach. Confidentiality will be respected.

- Level 3: The student and/or parents/guardians bring the concern to the principal (formal documentation). Confidentiality will be respected.
- Level 4: The student and/or parents/guardians bring the concern to the superintendent.
- Level 5: The student and/or parents/guardians bring the concern to the school board. A hearing may or may not be granted; confidentiality is guaranteed to personnel.

Every attempt will be made to respond quickly to each level of the grievance.

Transportation

All student athletes are expected to use the transportation provided by the school to and from all off-campus practices and games. If parents/guardians wish to transport their children, a written note must be signed by the parents/guardians and presented to the coach for his/her consent. THERE WILL BE NO EXCEPTIONS. Under NO circumstances will students be permitted to drive themselves or their teammates to or from games.

NCAA

The NCAA sanctions most, but not all, of a high school's courses. The NCAA reviews ConVal's Program of Studies regularly and the school counseling department has the current list of those courses. Further, the NCAA does not approve any courses taken at the middle school level.

Special Programs and Supports

Teachers in Academic Support Centers (TASC)

ConVal High School has designed TASC (Teachers in Academic Support Centers) as a daily response to intervention block (RTI). This block was developed to accommodate the need for more academic support, enrichment, and extension opportunities within the school day.

This daily, 43-minute period provides the opportunity for students to work with their teachers to either make up work or receive additional, targeted instruction. Teachers may pre-schedule students to address academic needs or to make up work during TASC. Students who do not need additional support may use this time for enrichment or to engage in an extended learning opportunity (ELO, see next section).

Students develop a weekly TASC schedule with their TASC homeroom mentors on Mondays and then spend the remainder of the week with their academic teachers or other learning environments, such as the library, the Lucy Hurlin Theatre, or special presentations.

Extended Learning Opportunities (ELOs)

Students may pursue Extended Learning Opportunities as a means of acquiring knowledge and skills through instruction or study that is outside traditional classroom methodology. Extended Learning Opportunities may include, but are not limited to:

- independent study
- private instruction
- performing groups
- internships
- community service
- apprenticeships, and
- online courses/distance education.

For additional information on Extended Learning Opportunities, please see School Board Policy [IHBH Extended Learning Opportunities](#).

Students may earn credits towards high school graduation for Extended Learning Opportunities if they develop a plan that, if successfully completed, would meet or exceed the academic standards required by the school for students enrolled in a credit course offered by the school. For additional information on earning credits for Extended Learning Opportunities, please see School Board Policy [IMBC Alternative Credit Options](#).

For more information about Extended Learning Opportunities, including details about the application and approval process, please contact Kristin Knarr at elocoordinator@conval.edu.

Counseling Services

In partnership with other educators, parents/guardians, and the community, school counselors facilitate a support system to ensure that *all* students are prepared academically and socially with the knowledge and skills necessary to contribute at the highest level as productive members of society.

As outlined in [Ed. 306.39](#), the school counseling program includes learning opportunities designed to promote each student's development of work-study practices in academic development, career development, and personal/social development. The school counseling core curriculum is based on the American School Counselor Association (ASCA) student competencies ([ASCA Student Standards](#)) and local goals.

ConVal school counselors provide support for students through classroom lessons, group counseling sessions, individual counseling, consultation with parents/guardians and teachers, and through collaboration with other community resources. Counseling lessons taught by school counselors in the classroom are intended to give students the knowledge, skills, and attitudes that lead to academic, career, personal, and social development.

Special Education Services

The special education department at ConVal High School works closely with the other academic departments to ensure that students of every ability level can access appropriate educational opportunities. Each special educator is assigned to an academic department as a dedicated collaborator to help meet the needs of all students.

Special education teachers and case managers advocate for the needs of students with an Individualized Education Plan (IEP). They often co-teach with regular educators and work together to provide instruction that meets the needs of all students. In addition to assisting with executive functioning skills, they also provide specially designed instruction through the content area skills classes such as math, reading, and writing.

Related service providers — speech, occupational and physical therapists, as well as student support counselors and social workers — provide additional support according to student needs. Paraprofessionals also support students daily in achieving their identified IEP goals. The transition coordinator works with the team and each student in preparing them for post-secondary pursuits.

Requests for special education referrals should be addressed to the special education department.

Section 504 Plans

[Section 504 of the Rehabilitation Act of 1973](#), 29 U.S.C. 794, prohibits discrimination on the basis of disability in federally assisted programs such as school districts. The regulations define an individual with a disability as any person who:

- Has a physical or mental impairment that substantially limits one or more major life activities or functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, or working.
- Has a record of such an impairment; or
- Is regarded as having such impairment.

504 Plans are created for students who qualify under any of the above conditions in order to access the regular education curriculum on an equitable basis. Requests for 504 plan referrals should be addressed to the school counseling office.

Any person who has a grievance for alleged violation of a 504 plan may discuss it first with the appropriate building Principal in an attempt to resolve the matter informally at that level. The alleged violation must have occurred within 180 days of the informal discussion. If the matter does not get resolved to the satisfaction of the complainant, the purpose of the grievance procedure (District Policy KED. KED — GRIEVANCE PROCEDURE (SECTION 504) is to resolve the grievance in a formalized manner. These matters are referred to the Assistant Superintendent for resolution:

Health Services

The ConVal Health Office has two registered nurses who serve as the school nurses, to assist students in dealing with health issues in a confidential manner. The Health Office also assists students in achieving optimum levels of wellness by providing resources for health education and teaching basic principles of health with individual students, in small groups, or classroom presentations.

The school nurses are available throughout the school day to offer health care to students experiencing both chronic and acute health problems. They maintain contact with parents/guardians if a student's health problem requires that they be sent home. Parents/guardians are encouraged to communicate any health-related issues concerning their child to the nurses and may be assured that all such information will be kept confidential.

In the case of an LTA (life-threatening allergy) and/or a chronic condition that puts a student at risk (i.e., seizure disorder, diabetes, etc.), a medical alert may be shared with the staff with prior parent/guardian permission. Please also see School Board Policy [JLCL](#).

Medications

See also School Board Policy [JLCD](#)

- Prescribed medication should not be taken during school hours if it is possible to achieve the medical regimen at home. However, should a student's condition necessitate the administration of a prescribed medication during school hours, the nurse must be contacted and the medication provided by an adult in the original pharmacy container, with a licensed healthcare provider's written orders which may be faxed directly to the health office at (603) 924-0046. No more than a 30-day supply may be kept at school.
- Over-the-counter (OTC) medications for individual students must be delivered by an adult in a new, sealed container. A written order by a licensed Healthcare Provider may be required at the discretion of the school nurse for OTCs.
- Several over-the-counter medications are stocked in the Health Office and may be administered with parent/guardian permission. Permission forms can be found [online](#).
- Students may self-carry and administer their own asthma inhaler and/or epi-pen. A medication form with parent/guardian permission and written authorization from a healthcare provider is required. These forms are available in the Health Office or [online](#). If a student carries one of these emergency medications, the parent/guardian is strongly encouraged to supply the health office with a backup.
- Students are not allowed to carry any other medications with them at school.
- Any remaining medication either at the end of the school year or after a medication is discontinued must be picked up by a parent/guardian. These items will be discarded if not picked up at the end of every school year.
- Students shall not share any prescription or over-the-counter medication with another student

Immunizations

In compliance with NH RSA 141-C:20-a Public Health Rules and ConVal District policy, students must meet [all immunization requirements](#) prior to school entrance, unless the student has applied for and met state exemptions requirements. Please refer to the district website for current immunization requirements and exemption forms, or contact the Health Office for copies.

Exclusion During Outbreak of Disease

During an outbreak of a communicable disease for which immunization is required, an exempted student may not be able to attend school until the outbreak is determined to be over. For example, if the school had a chickenpox outbreak, the student could be excluded from school if the student does not have proof of immunity to the disease or has not had the varicella vaccine. One of the many roles of a School Nurse is communicable disease prevention. All immunization requirements need to be met prior to the start of school.

Illness/Injury

- Students must have a complete physical examination, performed within the past 2 years, for enrollment. Nurses must be provided with an up-to-date physical exam from the student's healthcare provider.
- If a student becomes ill during the school day, the student must report to the health office to be assessed by the School Nurse. Students cannot be dismissed if they are ill without going to the Health Office first. They must be dismissed through the Health Office so that symptoms can be documented for data collection and a dismissal form will be issued.

- School nurses need written instructions from healthcare providers for students returning to school with a cast or sling, crutches or wheelchair, sutures (stitches), after surgery, or with any kind of activity restriction.
- Students diagnosed with bacterial conjunctivitis (pink eye) may return to school 24 hours after treatment is started. Causes of “pink eye” (conjunctivitis) are varied, and eyes are sometimes swollen and irritated with a clear drainage, by allergens or viruses. However, students should stay home from school and a healthcare provider should be contacted if there is mucus or pus drainage from one or both eyes with or without itching, if the eye is red, puffy and/or painful, and/or there is crustiness upon waking.

Parents/guardians may call the school nurses at (603) 924-3869 x4506 or x4402 for further information concerning any aspect of the school’s health services.

Library, Integration, and Technology Services (LITS)

To foster student learning and to promote information access and digital technology skills, ConVal High School has formed a team of Library, Integration, and Technology Services (LITS) professionals. The team consists of two librarians, a technology integrator, and a systems administrator. In addition to the Chromebook-based 1:1 learning environment, ConVal High School maintains specialty-use labs which provide access to both the Windows and Macintosh operating systems. All library resources can be accessed via a 24/7 online catalog. The resources include premium databases, such as EBSCO Host and the Gale Virtual Reference Library. The ConVal Library and Learning Commons offers for circulation a variety of technology tools for student use, including digital still and digital video cameras.

Food Services

ConVal Food Service offers a variety of meal options at the ConVal Regional High School cafeteria. Daily menus can be viewed by clicking on the [Lunch Menu](#) link on the school website. Please note that there is no in-person credit card payment option at the register, nor does the cafeteria accept two-party checks. Free and reduced-price meals are available online on the district website.

Bus Company

Student transportation is provided by Student Transportation of America, 364 Hancock Rd, Peterborough, NH 03458, (603) 924-9211. The ConVal liaison is the SAU Business Manager who can be reached at (603) 924-3336 ext 2029.

Additional Information

Accidents

All injuries must be reported to the appropriate teacher and the school nurse within 24 hours.

Assemblies

Student assemblies, which are considered an integral part of the overall education at ConVal High School, will be held throughout the school year and are considered to be a part of the school day.

Bulletin Boards & Posters

Posters must be approved by an administrator. They may be posted on hall bulletin boards, but are not to be taped to paneled walls or windows and are to be removed after the event has taken place.

Bus Conduct

Students are expected to comport themselves in accordance with the ConVal High School Student Code of Conduct and Student Transportation of America guidelines when utilizing bus transportation.

Child Custody

Students will be released to parents/guardians and information will be given to parents/guardians unless the custodial parents/guardians has notified the school that there is a court order which specifically limits the rights of one of the parents/guardians. It is the responsibility of the parents/guardians to provide the school copies of the most current parenting plan and all relative court documents.

Chromebooks

ConVal School District has adopted a 1:1 Chromebook initiative. All high school students are issued a Chromebook for academic use in their classes. The student and their parents/guardians must read the Blended Learning Parent and Student Handbook, available on the [School District](#) website, as well as sign the Chromebook Loan Agreement before receiving their Chromebook.

Class Elections

Class elections for president, vice president, secretary, treasurer, and Student Council are held in May for the following year's sophomore, junior, and senior classes. Historically, in September, the slate of student officers will be completed when elections are held for all ninth-grade offices.

Campus Guidelines

Students may not leave the school's buildings or campus during school hours without receiving express permission from an administrator. ConVal does not have an open campus policy. After school hours, students may remain on campus until late buses or to attend/participate in sports activities and other school-sponsored activities, such as theater and music rehearsals or performances, but must be supervised by an adult. At all times, students must adhere to student behavior guidelines while on campus.

Dances

Only ConVal High School students and their guests are permitted to enter the campus to attend school dances. A guest is a student from another high school or a ConVal alum who has been invited by a ConVal student and who has not yet reached the age of 21.

Guests must be pre-approved by the ConVal administration. A dance approval form must be completed by the ConVal student and the guest and returned to the ConVal main office no later than the Thursday before the dance.

A ConVal student may not invite more than one guest, and they are responsible for the behavior of the guest. The administration reserves the right to deny student attendance at a dance for behavior deemed serious enough to have a negative impact on the dance. Students who are suspended from school (in school or out of school) at the time of the event are not permitted to attend the event. Once a student has left a dance, they may not re-enter.

Middle school students are not permitted to attend high school dances.

Elevator Use

The use of the elevator and wheelchair lift(s) within the ConVal High School building is reserved for those who have a documented medical need. For additional information, contact the school nurse.

Emergency closings

In the event that school needs to be closed due to an emergency, the following procedures will be followed:

Prior to the start of school

Students, staff, and families will be notified of the emergency closure via the district-wide messaging system that includes both a call and an email. You should also add that it is posted on the District's website and on WMUR.

During school hours

Students, staff, and families will be notified of the emergency closure via the district-wide messaging system. In addition, the building administration may utilize additional methods of making the school community aware of the closure.

Field Trips and Special Privileges

A student **may be** restricted from field trips or participating in special privileges if they are failing classes and/or have a history of tardiness/absence or discipline infractions.

School Safety Drills

School safety drills are held regularly throughout the year. All drills will be conducted following procedures and directed by school personnel.

Food and Drink

The administration and staff reserve the right to establish, enforce, and revise rules regarding food and drink in the classrooms and hallways at ConVal High School. At all times, beverages must be in a covered, preferably recyclable or reusable container. Some classrooms, such as computer labs, science labs, the library, and the Lucy Hurlin Theatre (LHT) may enforce a no-beverage policy. Students agree to notify a staff member immediately if a drink is spilled in class or in the hall so the stain can be quickly and appropriately cleaned.

Graduation

ConVal High School's graduation ceremony represents an important rite of passage for students, celebrating students' success in meeting the requirements needed to be awarded a high school diploma. The ceremony also marks and celebrates students' last time together as a class before moving on to the next stage of their lives.

So that seniors, their families, and friends can take pride in the celebration of commencement, mandatory rehearsals are held in the week preceding graduation. Missing any of these important practices jeopardizes participation in the ceremony.

Graduation is an academic celebration. Students will conduct themselves in dress, word, and action as members of the class. Faculty and advisors and class officers, with the assistance of building administrators, shall oversee the appropriateness of students' dress and behavior before, during, and following graduation.

Embracing long-standing traditions associated with this important milestone, students wear graduation caps and gowns. Students wishing to decorate their mortar board should have their mortar board approved by Graduation Advisors or Administration by the day of the last graduation rehearsal (specific guidelines will be shared by the Graduation Advisors).

Students also have the right to wear a dress uniform issued to the student by a branch of the United States Armed Forces while participating in the graduation ceremony, provided that:

- The student has fulfilled all of the requirements for receiving a high school diploma in the state of New Hampshire and the school district and is otherwise eligible to participate in the graduation ceremony.
- The student has completed basic training for and is an active member of that branch of the United States Armed Forces.
- A student wearing a dress uniform shall not be required to wear any other piece of regalia or wear the uniform in a manner inconsistent with the customs and regulations of their branch of service.

For more information on Graduation Regalia, please see School Board Policy [IKFB](#).

Late Bus

To support co-curricular activities and promote student-teacher time after school hours, ConVal makes a late bus available to any student. This bus leaves ConVal High School at 4:25 pm and goes to the center of all sending communities. STA establishes a code of behavior that has been approved in the Contoocook Valley School District. For details, about late bus routes, please contact (603) 924-9211. For more information about Student Conduct on School Buses, please see School Board Policy [JICC-R](#).

National Honor Society

Election to the National Honor Society is one of the highest honors to be bestowed upon a student. Juniors and Seniors who have a 3.6 unweighted GPA are eligible for consideration. Selection procedures for invited juniors and seniors will be forwarded with an initial letter from the principal and/or the National Honor Society advisors.

Chosen from among many excellent candidates, those selected for this honor best exemplify the qualities of scholarship, leadership, service, and character. Membership in the National Honor Society is an honor awarded by the faculty, not a right to which a student is entitled. It is an honor and responsibility to uphold a tradition of intellectual and personal excellence.

The faculty council is entrusted to make selection decisions and does so as fairly and equitably as possible. Every effort is made to explain the general selection process to students and parents/guardians who have

questions. However, per the National Honor Society Handbook, specific reasons for the non-selection of a student remain confidential.

Current members of the National Honor Society who fall below standards, which were the basis for their selection, shall promptly be warned in writing by the chapter advisor and be given reasonable time to correct the deficiency. In case of a flagrant violation of school rules or civic laws, a warning is unnecessary. A procedure for dismissal of inducted members who fail to maintain standards is in place and available from the chapter advisor(s) and school administration.

Police in the School

The policy of school personnel is to represent the interests of students and parents/guardians in matters relating to police business within the school. Within the due process rights of the students, school personnel will also support local police with their enforcement of the law. In all instances, the parents/guardians of minor students will be notified prior to student involvement in police business concerning the school. Representatives of police departments from all towns are welcome visitors and resources within the school.

The School Resource Officer (SRO) serves as a liaison between ConVal High School and the Peterborough Police Department. The SRO acts as an educational resource for students, families, and staff, working in conjunction with the school to enforce policies, as well as state and federal laws. The memorandum of understanding by and between the Peterborough Police Department and ConVal School District establishes a joint cooperative effort to provide a safe school environment for students, staff, and visitors.

Security Cameras

Please be advised that ConVal High School is equipped with a video monitoring system. Video monitoring takes place throughout the interior of the building, the exterior of the building, as well as the parking lot.

Skateboards and Scooters

For safety reasons, skateboards and scooters may not be used on ConVal High School property at any time. Skateboards and scooters brought to school must be properly stored in lockers or in the main office. The administration reserves the right to confiscate these items if they are misused.

Student ID Cards

All students are issued an identification card (student ID) annually. Students are expected to have their student ID with them at all times. ID cards may be used to verify identity, check out library materials, attend certain school functions, and may be required for early release or late arrival privileges.

Suicide Prevention

During the 2019 legislative session, [SB 282](#) was passed to address the critically important issue of suicide prevention of school-age children in New Hampshire. SB 282 was created out of a recognition that suicide is a complex issue that necessitates resources from schools, families, and the community in an appropriate and timely fashion in order to prevent suicide. The sole purpose of this new law is to reduce the number of suicides that occur in New Hampshire's school-age population. The bill seeks to accomplish this by ensuring that suicide prevention education and training be available to school personnel, students, and their parents/guardians by utilizing age-appropriate and evidence-based materials. This bill is applicable to all public schools and chartered public schools across the state and became effective in July 2020. This requirement has also generated suicide prevention [Policy JLDDB](#), SB282-FN: RSA 193-J.

This also applies to all electronic devices that are issued by the District for educational purposes, such as Chromebooks or laptops.

Valuables

Students are discouraged from bringing valuables or large sums of money to school. If they choose to do so, they should keep such valuables on their person and not leave them in book bags, classrooms, or lockers. ConVal High School is not responsible for lost or stolen items. The administration will assist families in contacting the police and filing the appropriate paperwork in cases of theft at ConVal High School.

Visitors

Visitors who have not received permission from the administration in advance will not be allowed to visit students, staff, or faculty at ConVal High School while school is in session. Alumni that are wishing to visit teachers must set up a time to do so after school hours.

Working Papers

The Youth Employment Certificate is required for any youth **12 to 15 years old** and must be on file at the employer's place of business within 3 business days of the first day of employment. ([RSA 276-A:4](#)). The certificate forms can be obtained at the school counseling office, or on the NH Department of Labor website (see below).

The steps to follow to get a NH Youth Employment Certificate are as follows:

- The child finds a job.
- The employer completes a form called an [Employer's Request for Child Labor](#) and gives it to them.
- The youth takes that form to their parents/guardians. The parents/guardians should download and complete a NH Youth Employment [certificate](#) ([RSA 276-A:5](#)). The child/parents/guardians can also obtain a copy of this certificate from the school counseling office.
- The youth takes both the certificate and the child labor form back to the employer.

Employers are required to have on file at the workplace, at the time employment begins, written permission by the parents/guardians of a **16- or 17-year-old** permitting the youth's employment. ([RSA 276-A:4](#)).

The school staff is aware of the importance of work for some students. School must be a student's top priority while they are in school. Students and parents/guardians are asked to limit a work commitment to ten hours when it falls on a Sunday evening through Thursday evening while school is in session.

Appendix. Contoocook Valley School District Policies

AC – Non-Discrimination

The School Board, in accordance with the requirements of the federal and state laws, and the regulations which implement those laws, hereby declares formally that it is the policy of the Board, in its actions and those of its employees and students, that there shall be no discrimination on the basis of age, sex, gender, race, creed, color, marital status, physical or mental disability, national origin, sexual orientation, or any other categories protected by law for employment in, participation in, admission/access to, or operation and administration of any educational program or activity in the School District. Notwithstanding the language of any other policy adopted by this Board, we will abide by the Department of Education Final Rule 34 CFR Part 106.

Inquiries, complaints, and other communications relative to this policy and to the applicable laws and regulations concerned with non-discrimination shall be received by the Superintendent or designee.

ACAC – Title IX Sexual Harassment Policy and Grievance Process

I. RESTATEMENT OF POLICY PROHIBITING DISCRIMINATION ON THE BASIS OF SEX.

Per Board policy AC, Title IX of the Education Amendments Act of 1972 (“Title IX”), as well as RSA 193:38, among others, the District does not discriminate on the basis of sex in its educational programs and activities, including employment and admissions. All forms of sex-based discrimination, including sexual harassment are prohibited in the District.

II. TITLE IX SEXUAL HARASSMENT POLICY.

A. Application of This Policy

While all forms of sex-based discrimination are prohibited in the district, the purpose of this policy is to address, and only to address, sexual harassment as defined in Title IX and Sec. II.B, below, that occurs within the educational programs and activities of the district, and to provide a grievance process for investigating and reaching a final determination of responsibility for a formal complaint of sexual harassment. The “Title IX Grievance Process” is set out in Sec. III below. While the District must respond to all “reports” it receives of sexual harassment, the Title IX Grievance Process is initiated only with the filing of a formal complaint.

The purpose of this Policy, however, is to address, and only to address, sexual harassment as defined in Title IX that occurs within the educational programs and activities of the district. For harassing conduct which does not meet the definition of sexual harassment under Title IX and this Policy, the District’s

response will be governed under other applicable laws and policies per Board policy AC, and policies referenced therein.

This Policy shall apply to all students, employees, and any third party who contracts with the District to provide services to District students or employees, upon District property or during any school program or activity.

Nothing in this policy will be construed to confer on any third party a right to due process or other proceedings to which student and employee respondents are entitled under this policy unless such right exists under law. Volunteers and visitors who engage in sexual harassment will be directed to leave school property and/or be reported to law enforcement, the NH Division of Children, Youth and Families (DCYF), as appropriate. A third party under the supervision and control of the school system will be subject to termination of contracts/agreements, restricted from access to school property, and/or subject to other consequences, as appropriate.

The Superintendent shall have overall responsibility for implementing this Policy, and shall annually appoint a District Title IX Coordinator as that position is described in Section II.C, below. The name and contact information for the Title IX Coordinator is set forth in Board Policy AC-E, which shall be updated and disseminated annually.

B. Definitions

As used in this Policy and the Title IX Grievance Process, the terms below shall have the meaning ascribed.

“Actual knowledge” occurs when the District’s Title IX Coordinator or ANY employee of one of the District’s schools (other than a “respondent” or alleged harasser) receives a notice, report or information or becomes aware of sexual harassment or allegations of sexual harassment.

“Complainant” is an individual who is alleged to be the victim of conduct that could constitute sexual harassment, whether or not that person files a report or formal complaint.

“Days” shall mean calendar days, but shall exclude non-weekend days on which the SAU office is closed (e.g., holidays, office-wide vacations), or any weekday during the school year on which school is closed (e.g., snow days).

“Decision Maker” means persons tasked with: the responsibility of making initial determinations of responsibility (at times referred to as “initial decision maker”); or the responsibility to decide any appeal (at times “appeals decision maker”) with respect to formal complaints of sexual harassment in accordance with the Title IX Grievance Process.

“Determination of Responsibility” is the formal finding by the decision-maker on each allegation of Sexual Harassment contained in a Formal Complaint that the Respondent did or did not engage in conduct constituting Sexual Harassment under Title IX.

“Formal Complaint” means a document filed by a complainant, the complainant’s parent/guardian, or the Title IX Coordinator, alleging sexual harassment against a respondent, and requesting that the district investigate the allegation of sexual harassment.

“Respondent” is an individual who is reported to be the individual accused of conduct that could constitute sexual harassment.

“Sexual harassment” prohibited under Title IX and by this policy is conduct on the basis of sex (including, without limitation, gender, sexual orientation, and/or gender identity), occurring in a school system education program or activity that satisfies one or more of the following:

1. A school district employee conditioning an aid, benefit, or service of an education program or activity on an individual’s participation or refusal to participate in sexual conduct irrespective of whether the conduct is welcomed by the student or other employee;
2. Unwelcome sex-based/related conduct determined by a reasonable person to be so severe, pervasive, AND objectively offensive that it effectively denies a person equal access to the education program or activity (this standard requires consideration of all the facts and circumstances, including, but not limited to, the ages and disability statuses of the harasser and victim and the number of individuals involved and their authority; OR
3. Sexual assault, dating violence, domestic violence, or stalking as defined in state or federal law.

Behaviors that constitute sexual harassment may include, but are not limited to:

- i. Sexually suggestive remarks or jokes;
- ii. Verbal harassment or abuse;
- iii. Displaying or distributing sexually suggestive pictures, in whatever form (e.g., drawings, photographs, videos, irrespective of format);
- iv. Sexually suggestive gesturing, including touching oneself in a sexually suggestive manner in front of others;
- v. Harassing or sexually suggestive or offensive messages that are written or electronic;
- vi. Subtle or direct propositions for sexual favors or activities;
- vii. Touching of a sexual nature or groping; and
- viii. Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct.

Note: incidents of the above conduct would still need to satisfy one or more of the criteria in paragraphs 1-3 of this definition.

Sexual harassment may be directed against a particular person or persons, or a group, whether of the opposite sex or the same sex.

The context of behavior can make a difference between conduct falling within the technical definition of Sexual Harassment Under Title IX, and conduct of a sexual nature that is offensive or hostile in itself, but which does not arise to the level within that definition. District policies prohibit both, but for purposes of its Title IX obligations the District must address reports or complaints of conduct which may constitute sexual harassment as defined above, under this specific, limited scope Policy and Title IX Grievance Process. Except as used in other laws (e.g., Title VII) or policies (e.g., Board policy JICK pertaining to harassment, including of a sexual nature, other than Title IX sexual harassment, all references to “sexual harassment” in this policy mean sexual harassment that meets the above definition.

Conduct that satisfies this definition is not sexual harassment for purposes of this policy if the conduct occurred (1) outside the United States or (2) under circumstances in which the school system did not have substantial control over both the harasser/respondent and the context in which the harassment occurred.

NOTE Regarding Concurrent Enrollment and Dual Enrollment, Extended Learning Opportunities, 3rd Party Distance Learning and Other Alternative Instructional Programs: Under federal regulations, in order for the District to have jurisdiction over conduct that would otherwise meet the definition above of sexual harassment, the District must have substantial control over both the respondent and the context in which the harassment occurred. In general, this will mean that unless such learning program is occurring upon district property, conduct otherwise meeting the definition of sexual harassment within that program, may not be subject to this policy.

“Supportive Measures” are free, non-disciplinary, non-punitive, individualized services and shall be offered to the complainant, and may be offered to the respondent, as appropriate. These measures may include, but are not limited to, the following:

1. Counseling;
2. Course modifications;
3. Schedule changes; and
4. Increased monitoring or supervision

Such measures shall be designed to restore or preserve equal access to the District’s education programs and activities without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District’s educational environment and/or deter sexual harassment. Supportive measures shall remain confidential with exclusive exceptions stated required in Sec. II.E, below.

C. Title IX Coordinator

The Title IX Coordinator shall respond promptly to all general reports as well as formal complaints of sexual harassment. The Title IX Coordinator shall receive general and specific reports of sexual harassment, and coordinate the District’s responses to both reports and formal complaints of sexual harassment so that the same are prompt and equitable. In addition to any other specific responsibilities

assigned under this Policy, or as assigned by the Superintendent, the Title IX Coordinator will be responsible for:

1. meeting with a complainant, and informing the parent/guardian once the Title IX Coordinator becomes aware of allegations of conduct that could constitute sexual harassment as defined in this Policy;
2. identification and implementation of supportive measures;
3. signing or receiving formal complaints of sexual harassment;
4. engaging with the parents/guardians of parties to any formal complaint of sexual harassment;
5. coordinating with District and school-level personnel to facilitate and assure implementation of investigations, and remedies, and helping to assure that the District otherwise meets its obligations associated with reports and complaints of sexual harassment;
6. coordinating with the Superintendent with respect to assignment of persons to fulfill the District's obligations, both general and case specific, relative to this Policy (e.g., investigator, decision makers, etc.; this may involve the retention of third-party personnel.);
7. coordinating with District and school-level personnel to assure appropriate training and professional development of employees and others in accordance with Sec. II.D of this Policy; and
8. helping to assure that appropriate systems are identified and maintained to centralize sexual harassment records and data.

In cases where the Title IX Coordinator is unavailable, including unavailability due to a conflict of interest or other disqualifying reason (see Sec. II.G, below), the Superintendent shall assure that another person with the appropriate training and qualifications is appointed as acting Title IX Coordinator for that case, in such instances "Title IX Coordinator" shall include the acting Title IX Coordinators.

D. Training

All District employees shall receive regular training relative to mandatory reporting obligations, and any other responsibilities they may have relative to this Policy.

Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must receive training on the definition of sexual harassment, this Policy, the scope of the District's education program or activity, and how to conduct an investigation (including the requirements of the reporting and the Title IX Grievance Process, including hearings, appeals, and information resolution processes). The training must also include avoiding prejudgment of the facts, conflicts of interest and bias.

Decision-makers must also receive training on issues of relevance of questions and evidence, including when questions about the complainant's sexual predisposition or prior sexual behavior are not relevant.

Investigators must receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence.

Materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes, must promote impartial investigations and adjudications of formal complaints of sexual harassment, and must be made available to the public as provided in Sec. II.H of this Policy.

E. Confidentiality

The District will respect the confidentiality of the complainant and the respondent as much as possible, however, some information may need to be disclosed to appropriate individuals or authorities. All disclosures shall be consistent with the District's legal obligations and the necessity to investigate allegations of harassment and take disciplinary action. Examples of required disclosure include:

1. information to either party to the extent necessary to provide the parties due process during the Title IX Grievance Process;
2. information to individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
3. mandatory reports of child abuse or neglect to DCYF or local law enforcement (per Board policy JLF);
4. information to the complainant's and the respondent's parent/guardian as required under this Policy and or the Family Educational Rights and Privacy Act ("FERPA"); and

5. reports to the New Hampshire Department of Education as required under N.H. Code of Administrative Rules Ed 510 regarding violations of the NH Code of Conduct for Education Professionals.

Additionally, any supportive measures offered to the complainant or the respondent shall remain confidential to the extent that maintaining such confidentiality would not impair the ability of the school district to provide the supportive measures.

Except as specified above, the District shall keep confidential the identity of:

1. Any individual who has made a report or complaint of sex discrimination;
2. Any individual who has made a report or filed a formal complaint of sexual harassment;
3. Any complainant;
4. Any individual who has been reported to be the perpetrator of sex discrimination (34 CFR 106.71 (a));
5. Any respondent; and
6. Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

F. Retaliation Prohibited

Retaliation against any person who makes a report or complaint, or against any person who assists, participates, or refuses to participate (34 CFR 106.71 (a)) in any investigation of an act alleged in this Policy is prohibited. Actions taken in response to materially false statements made in bad faith, or to submitting materially false information in bad faith, as part of a report or during the Title IX Grievance Process do not constitute retaliation. A finding of responsibility alone is insufficient to conclude that a person made a materially false statement in bad faith. Complaints of retaliation with respect to reports or formal complaints of sexual harassment shall be filed under the District's general grievance process.

G. Conflict of Interest

No person designated as a Title IX Coordinator, investigator, decision-maker, nor any person designated by the District to facilitate an informal resolution process, may have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

H. Dissemination and Notice

The District shall include in all student and employee handbooks, and shall make publicly available on the district's website the following information:

1. The District's policy of non-discrimination on the basis of sex (included in Board policy AC).
2. The title, name, office address, email address, and telephone number of the Title IX Coordinator (to be provided pursuant to Board policy AC and its addendum, updated annually, AC-E;
3. the complaint process;
4. how to file a complaint of sex discrimination or sexual harassment;
5. how the District will respond to such a complaint; and
6. a statement that Title IX inquiries may be referred to the Title IX Coordinator or to the Assistant Secretary for Civil Rights.

The same information shall be provided to all persons seeking employment with the District, or seeking to enroll or participate in the District's educational programs or activities.

Additionally, the District will make this Policy, as well as any materials used to train personnel as required under Sec. II.D publicly available on the district's website.

I. Records and Record Keeping.

1. For each report or formal complaint of sexual harassment, the District, through the Title IX Coordinator, must create, and maintain for seven (7) years, record of:
 - a. Any actions, including any supportive measures,
 - b. The basis for the District's conclusion that its response was not deliberately indifferent; and
 - c. Documentation which:

- If supportive measures were provided to the complainant, a description of the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
- If no supportive measures were provided to a complainant, explains the reasons why such a response was not clearly unreasonable in light of the known circumstances.

2. In addition, the District shall maintain the following records for a minimum of seven (7) years:

- a. Records for each formal complaint of sexual harassment, including:
 - Any determination regarding responsibility, including dismissals;
 - Any disciplinary sanctions imposed on the respondent;
 - Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
 - Any appeal and the result therefrom;
 - Any informal resolution process and the result therefrom;
- b. All materials used to train Title IX Coordinators, investigators, and decision-makers.

J. Reports of Sexual Harassment, Formal Complaints and District Responses.

1. Report of Sexual Harassment

NOTE: A report does not initiate the formal Title IX Grievance Process. That process is begun only upon the filing of a formal complaint under the procedures set out in II.J.3, and III.A, below.

Any person may report sexual harassment whether relating to her/himself or another person. However, if any District employee – other than the employee harasser, or the Title IX Coordinator – receives information of conduct which may constitute sexual harassment under this Policy, s/he shall, without delay, inform the Title IX Coordinator of the alleged sexual harassment. Failure to report will subject the employee to discipline up to and including dismissal.

A report of sexual harassment may be made at any time, in person, by mail, by telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report. Additionally, while the District strongly encourages reports of sexual harassment to be made directly to the Title IX Coordinator, the report may be made to any District staff member, including, for instance, a counselor, teacher or principal.

If the Title IX Coordinator is the alleged respondent, the report or formal complaint may be made directly to the Superintendent, who shall thereafter fulfill the functions of the Title IX Coordinator regarding that report/complaint, or delegate the function to another person.

NOTE: For any allegation of sexual assault on a student under the age of 18, such conduct shall be reported immediately to the DCYF per Board policy JLF. If the alleged respondent (perpetrator) is a person holding a license or credential from the New Hampshire Department of Education (i.e., "credential holder"), then a report shall also be made pursuant to Board policy GBEB.

2. District Response to Report of Sexual Harassment

The district will promptly respond when there is actual knowledge of sexual harassment, even if a formal complaint has not been filed. The district shall treat complainants and respondents equitably by providing supportive measures to the complainant and by following the Title IX Grievance Process prior to imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. (The Title IX Coordinator may offer supportive measures to a complainant, even if the information from the complainant does not/does not appear to meet the full definition of sexual harassment under this Policy. Districts should consult with counsel before it "imposes" any supportive measures against a respondent.)

As soon as reasonably possible after receiving a report of alleged sexual harassment from another District employee or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- i. discuss the availability of and offer supportive measures;
- ii. consider the complainant's wishes with respect to supportive measures;
- iii. inform the complainant of the availability of supportive measures with or without the filing of a formal

complaint; and
iv. explain to the complainant the process for filing a formal complaint.

3. Formal Complaints

Pursuant to federal regulations, and this Policy, a formal complaint that contains an allegation of sexual harassment and a request that the District investigate the allegations is required before the District may conduct a formal investigation of sexual harassment or take any action (other than supportive measures) against a person accused of sexual harassment. Once a formal complaint of sexual harassment is received by the Title IX Coordinator, s/he shall commence the Title IX Grievance Process set out in Sec. III below. The process for filing a formal complaint is set forth in Sec. III.A.

4. Limitation on Disciplinary Action

In no case shall the District impose disciplinary consequences or sanctions against a respondent who has been accused of conduct which may constitute sexual harassment, until the Title IX Grievance Process has been completed.

5. Emergency Removal and Administrative Leave

At any point after receiving a report or formal complaint of sexual harassment, the Title IX Coordinator (or other District official charged with a specific function under this Policy or the Title IX Process: e.g., investigator, decision maker, etc.) may request the Superintendent to direct that an individualized safety and risk analysis be performed to determine whether a respondent student is an immediate threat to the physical health or safety of any person. In the event that the safety and risk analysis determine that the respondent student does present an immediate threat to the physical health and safety of any person, the District may remove that student, provided that such removal is in full compliance with the IDEA, a student's IEP and or 504 plan if applicable. Such emergency removal shall not be disciplinary. However, the District must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal, and shall continue to offer educational programming until a final determination is made pursuant to the Title IX Grievance Process.

The Title IX Coordinator shall keep the Superintendent of Schools informed of any employee respondents so that he/she can make any necessary reports to New Hampshire Department of Education in compliance with applicable administrative rules and the New Hampshire Code of Conduct for Educational Professionals. In appropriate cases, the Superintendent may place an employee respondent on non-disciplinary administrative leave pursuant to RSA 189:31.

III. TITLE IX GRIEVANCE PROCESS.

The Title IX Grievance Process is used only upon the filing of a formal complaint of sexual harassment as described in Sec. III.A, below. The provisions of Section I of the Policy are incorporated as part of the Title IX Grievance Process. Upon receipt of a formal complaint of sexual harassment, the Title IX Coordinator will coordinate the District's efforts to comply with its responsibilities related to the Title IX Grievance Process.

A. Process for Filing a Formal Complaint of Sexual Harassment.

The Title IX Grievance Process is initiated by way of a formal complaint ("complaint" or "formal complaint") filed by the complainant, the complainant's parent/guardian, or the Title IX Coordinator. The complainant may file a complaint or choose not to file a complaint and simply receive the supportive measures. If the Complainant does not file a complaint, the Title IX Coordinator may sign a formal complaint, but only if initiating the grievance process against the respondent is not clearly unreasonable in light of the known circumstances, and in other cases where, in the exercise of good judgment and in consultation with the District's attorney as appropriate, the Title IX Coordinator determines that a grievance process is necessary to comply with the obligation not to be deliberately indifferent to known allegations of sexual harassment (e.g., reports of sexual assault, employee on student harassment, repeat reports, or the conduct in the complainant's report has not been adequately resolved through the provision of supportive measures). If the complaint is filed by the Title IX Coordinator, he/she is not a party to the action, and the District must comply with all of the provisions of the Title IX Grievance Process relative to respondents and complainants.

If no formal complaint is filed by the complainant or the Title IX Coordinator no disciplinary action may be taken against the respondent based upon conduct that would constitute sexual harassment under this policy.

Although there is no time limit per se to filing a formal complaint, for complaints initiated by the complainant or his/her parent/guardian, the complainant must be employed by the District or participating in or attempting to participate in the education program or activities of the District at the time of filing. Additionally, although the District will initiate the Title IX Grievance Process regardless of when the formal complaint is submitted, delays in reporting may significantly impair the ability of school officials to investigate and respond to the allegations.

At a minimum, a formal complaint must:

1. contain the name and address of the complainant and the student's parent or guardian if the complainant is a minor student;
2. describe the alleged sexual harassment,
3. request an investigation of the matter, and
4. be signed by the complainant or otherwise indicate that the complainant is the person filing the complaint.

The complaint may be filed with the Title IX coordinator in person, by mail, or by email. Complaint forms may be obtained from the Title IX Coordinator or on the District and school website.

B. Initial Steps and Notice of Formal Complaint.

1. The Title IX Coordinator will provide notice to the complainant and the complainant's parent/guardian (if the complainant is a non-eligible student under FERPA), and to the respondent (if known) and the respondent's parent/guardian (if the respondent is a non-eligible student under FERPA), as well as to any other known parties, of the following:
 - a. this Title IX Grievance Process, including any informal resolution process;
 - b. the allegations of sexual harassment potentially constituting sexual harassment, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview; "sufficient details" shall include to the extent known identities of persons involved, the conduct allegedly constituting sexual harassment, and the date and location of the incident;
 - c. a statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - d. that each party may have an advisor of their choice, who may be, but is not required to be, an attorney;
 - e. that each party is entitled to inspect and review evidence; and
 - f. a reference to any provision in the District's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.
2. The Title IX Coordinator will contact the complainant to discuss and offer supportive measures.
3. The Title IX Coordinator may contact the respondent to discuss, and or impose, non-disciplinary supportive measures.
4. The Title IX Coordinator will examine the allegations in the formal complaint, to determine whether even if assumed true, the allegations are sufficient to sustain a finding of sexual harassment under this Policy. If the Title IX Coordinator was not involved with preparing the formal complaint, the Title IX Coordinator will contact the complainant to discuss the complaint and whether amendment is appropriate, in which case the process of Sec. III.C.4 will apply.
5. If the formal complaint fails to satisfy the definition of sexual harassment in this Policy, the complaint shall be dismissed as provided in Sec. III.G, below.
6. If the complaint is not dismissed, then the Title IX Coordinator will consult with the Superintendent as to whether the Title IX Coordinator should act as the investigator or whether a different District or other employee shall act in that capacity. At the same time, the Title IX Coordinator and the Superintendent shall appoint the person who shall make the initial determination of responsibility (initial decision maker). In all cases, the investigator and the initial decision maker must be properly trained and otherwise qualified (see Sec. II.D "Training", and Section II.G "Conflict of Interest").

7. If the report alleges sexual harassment by the Superintendent, the Title IX Coordinator will inform the School Board Chair and the Human Resource Director, the latter of whom shall have authority to seek guidance from the District's general counsel, but shall not delay the District's response to the report as outlined in this Policy.

C. General Provisions and Additional Definitions Relative to Title IX Grievance Process.

1. Copies and Notices. Except as specifically stated elsewhere in this Policy, for any document, information or material required to be delivered to a party or to a person assigned with responsibility under the Title IX Grievance Process, the manner of transmittal may be by electronic mail, regular mail or such other manner reasonably calculated to assure prompt delivery with evidence thereof (such as a commercial carrier or other receipted delivery). Hand delivery will only be permitted if made to the District official charged with the specific function under this Policy (e.g., Title IX Coordinator, Superintendent, investigator, decision maker(s), etc.). Any document required to be delivered to a minor or other non-eligible student, must also be delivered to the minor's parent/guardian. Copies should also be sent to a party's advisor if the information for the advisor has been previously communicated to the sending party. (Under federal regulations, copies of the investigative evidence, as well as the investigative report, must be forwarded to a party's advisor. See Sections III.E.3, and III.E.4).

2. Risk Analysis and Emergency Removal. At any point during the Title IX Grievance Process, the Title IX Coordinator may arrange for an individualized safety and risk analysis as described in Sec. II.J.5, following which a student may be removed.

3. Administrative Leave. At any point during the Title IX Grievance Process, the Superintendent, and at his/her own discretion, and with or without consulting the Title IX Coordinator, may place an employee on administrative leave pursuant to RSA 189:31.

4. Additional Allegations. If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that were not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

5. No Interference with Legal Privileges. At no point in process will the Title IX Coordinator, the investigator, any decision maker, or any other person participating on behalf of the District, require, allow, rely upon, or otherwise use questions or evidence that constitutes, or seeks disclosure of, information protected under a legally recognized privilege (e.g., doctor/patient, attorney/client, clergy, etc.), unless the person holding such privilege (parent/guardian for minor student) has waived the privilege in writing to use the information with respect to the Title IX Grievance Process.

6. Consolidation of Complaints. The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

7. Remedies: Range of Disciplinary Sanctions and Remedial Actions Upon Final Determination of Responsibility.

- a. "Disciplinary sanctions" are consequences imposed on a respondent when s/he is found responsible for sexual harassment under this Policy. Remedial actions are actions intended to restore or preserve a complainant's equal access to the educational programs and activities of the District.
- b. "Disciplinary sanctions" against an employee respondent may include any available sanction available for the discipline of employees, up to and including dismissal or non-renewal for any other violation of Board policy, NH Code of Conduct for Educational Professionals, applicable individual or collective bargaining contract, or state or federal laws or regulations.
- c. "Disciplinary sanctions" against a student may include any available discipline or sanction, up to and including expulsion, under the policies, rules and procedures that establish the district's comprehensive student code of conduct.

- d. "Remedial actions" as to a respondent after a final finding of responsibility, whether employee or student, may include the imposition upon a responsible respondent of any additional non-disciplinary measures appropriate to effecting a remedy for sexual harassment, and may include such measures as no-contact requirements, scheduling adjustments, removal or exclusion from extracurricular activities, class reassignments, limits on future class registrations, restrictions on access to various spaces in the school buildings, reassignment of attendance, and similar measures fine-tuned to respond appropriately to the circumstances surrounding a successful complainant's right to access the district's program and activity.

Additional remedial actions may include recommendations that a school-wide or system-wide response is needed in order to respond to the sexual harassment in a way that is not clearly unreasonable under the circumstances. In such cases, the Superintendent shall provide additional staff training, harassment prevention programs, or such other measures as determined appropriate to protect the safety of the educational environment and/or to deter sexual harassment.

D. Timeframe of Grievance Process

The District shall make a good faith effort to conduct a fair, impartial grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is expected that in most cases, the grievance process will be concluded through at least the determination of responsibility decision within 80 days after filing the formal complaint. In more complex cases, the time necessary to complete a fair and thorough investigation or other circumstances mean that a determination of responsibility cannot reasonably be made within that time frame.

1. Summary of Grievance Process Timeline.
 - a. Investigation 20 +/- days as the complexity of the case demands (Sec. III.E.1)
 - b. 10 days for reviewing information prior to conclusion of investigation
 - c. 10 days after receiving report to respond to report
 - d. 10 days for decision maker to allow initial questions
 - e. 10 days for responses to questions
 - f. 10 days for questions and responses to follow-up questions.
 - g. 10 days for determination of responsibility decision
 - h. 10 days for appeal (6 additional days for administrative steps)
 - i. 10 days for argument/statement challenging or supporting determination
 - j. 10 days for decision on appeal
2. Delays and Extensions of Time. At any stage of the grievance process, the District (through the Superintendent, or if the Superintendent is the respondent, the Title IX Coordinator or designee) may for good cause allow for temporary delays or extensions of time upon request of either party, or on his/her own initiative. Examples of good cause may include such things as availability of parties or witnesses, school or school administrative office holidays or vacations, referral back to an earlier stage of the grievance process, concurrent law enforcement or other agency activity, or need to obtain interpreters or accommodation of disabilities. For any such delay or extension of time, the Superintendent or the Title IX Coordinator will provide written notice to the parties of the delay/extension and the reason(s).

E. Investigation

The Title IX Coordinator will coordinate the investigation. The investigator shall be as appointed pursuant to Sec. III.B.5.

1. The Title IX Coordinator may conduct the investigation, or, in consultation with the Superintendent, designate another qualified person to investigate. The investigation and investigator must:
 - a. Include objective evaluation of all relevant evidence, including inculpatory and exculpatory evidence. (Evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such evidence about the complainant's prior sexual behavior is offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the evidence concerns specific incidents of the complainant's prior sexual behavior with respect to the respondent and is offered to prove consent.)

- b. Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rests on the District and not on either of the parties;
 - c. Provide an equal opportunity for the parties to present witnesses, and other inculpatory and exculpatory evidence;
 - d. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
 - e. Provide the parties with the same opportunities to have others present during any interview or other part of the investigation, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The investigator may restrict any others from participating, as long as the restrictions apply equally to both parties;
 - f. Provide, to a party (e.g., respondent or complainant – and parent/guardian as appropriate) whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate within the timeframes established in Sec. III.D, below.
 - g. Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint;
2. Prior to completion of the investigative report, the District, through the Title IX Coordinator, must send to each party and party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report;
 3. The investigator must prepare a written investigative report that fairly summarizes relevant evidence, including, without limitation, witness credibility, discrepancies, inculpatory and exculpatory information, and relevant District policies, rules and regulations, and the manner in which the same were made known to the pertinent school populations or specific parties. The investigative report shall include a description of the procedural steps taken, starting with the receipt of the formal complaint, and continuing through the preparation of the investigative report, including any notifications to the parties, interview with parties and witnesses, site visit, and methods used to gather evidence.
 4. The investigator shall provide the investigative report in hard copy or electronic format to the Title IX Coordinator, to each party and each party's advisor, if any. Each party will have 10 days from receipt to provide the Title IX Coordinator a written response to the investigative report.
 5. It serves all parties when investigations proceed diligently and conclude within a reasonable time, which may vary case by case. In most cases, it is expected that the investigator will conclude the initial investigation, and provide the parties the evidence and other information required under Sec. III.E.2. Not more frequently than every other week, any party may request the Title IX Coordinator to obtain and provide the parties with a basic status report on the investigator's progress toward completion. In most cases, the investigator should conclude the investigation within 10-20 days after receiving a Formal Complaint.

F. Determination of Responsibility and Initial Decision Maker.

The determination of responsibility of the respondent shall be made by the initial decision maker as appointed pursuant to Section III.B.5.

1. Prior to making a determination of responsibility, the initial decision maker will afford each party 10 days to submit written, relevant questions to the initial decision maker that the party wants asked of any party or witness.
2. The initial decision-maker must explain to the party proposing the questions any decision to exclude a question as not relevant. Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the question and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.
3. The initial decision maker will provide the questions to the party/witness, with copies to each party, and provide no less than 10 days for written responses, likewise to be provided to each party.

4. The initial decision maker will provide 5 days each for supplementary, limited follow-up questions and 5 days for answers, and may provide for additional rounds of follow-up questions, as long as the provision is extended to both parties equally.
5. The initial decision maker may not make any credibility determinations based on the person's status as a complainant, respondent or witness.
6. The respondent must be deemed to be not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.
7. The initial decision maker may impose disciplinary sanctions and remedies as described in Section III.C7, above.
8. The standard to be used for formal complaints in determining whether a violation has occurred and/or that the respondent is responsible is the preponderance of the evidence standard, which is only met when the party with the burden convinces the fact finder (the initial decision maker) that there is a greater than 50% chance that the claim is true (i.e., more likely than not).
9. The initial decision-maker must issue a written determination/decision within 10 days after the close of the period for responses to the last round of follow-up questions. The written "Initial Determination of Responsibility" must include:
 - a. Identification of the allegations potentially constituting sexual harassment;
 - b. A description of the procedural steps taken from the receipt of the formal complaint through the Initial Determination of Responsibility, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather evidence, and hearings held;
 - c. Findings of fact supporting the determination;
 - d. Conclusions regarding the application of the District's applicable codes of conduct, policies, administrative regulations or rules to the facts;
 - e. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility (i.e., whether or not the respondent is responsible for sexual harassment), and any disciplinary sanctions or remedies; and
 - f. The District's procedures and permissible bases for the complainant and respondent to appeal (as set forth in Section III.H, below).
10. The decision maker shall provide the Initial Determination of Responsibility to the Title IX Coordinator, the Superintendent and the parties simultaneously.

G. Dismissal of a Formal Complaint.

1. The District must dismiss a formal complaint with regard to Title IX sexual harassment if the alleged conduct:
 - a. Would not constitute sexual harassment, even if proved;
 - b. Did not occur in the District's education program or activity; or
 - c. Did not occur against a person in the United States.
2. The District may dismiss a formal complaint with regard to Title IX sexual harassment if at any time during the investigation or determination of responsibility stage(s):
 - a. A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
 - b. The respondent is no longer enrolled or employed by the District; or
 - c. Specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
3. Prior to dismissal of a complaint, the person responsible at that stage shall consult with the Superintendent.
4. Upon dismissal of a formal complaint, the District must promptly send written notice of the dismissal and the reason(s) therefore simultaneously to the parties.

The dismissal of a formal complaint under Title IX does not preclude the District from continuing any investigation or taking action under other District policies, code of conduct or administrative rules/regulations. In some cases, the District may have an obligation to continue an investigation and proceed under a different policy or mandated process.

H. Appeals Process.

1. Either party may appeal the Initial Determination of Responsibility or the dismissal of a formal complaint or any allegation in a formal complaint by notifying the Superintendent in writing (“written appeal”), with a copy to the Title IX Coordinator. If there are multiple determinations of responsibility, the written appeal shall specify which ones are included in the appeal. The written appeal must be received by the Superintendent within 10 days of the Initial Determination of Responsibility or written notice of dismissal being communicated to the parties.
2. An appeal under this Policy may only be based upon one or more of the following bases, which must be stated specifically in the party's written appeal:
 - i. Procedural irregularity that affected the outcome of the matter;
 - ii. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
 - iii. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.Appeals for any other reason or upon any determination of responsibility not included in the written appeal will not be heard.
Appeals pertain only to the determination of responsibility and non-disciplinary remedies. Once a determination of responsibility is final per Sec. III.I, below, appeals of disciplinary sanctions may be made pursuant to the District's ordinary review process for discipline, or, to the extent applicable, any statutory or other processes provided under collective bargaining agreements or individual contracts.
3. Within 3 days of receipt of the written appeal, the Superintendent shall appoint a decision maker for appeal (“appeals decision maker”), who must have adequate training as provided in Section II.D, be free from conflict of interest as provided in Section II.G, and may not be the same person as the initial decision maker, the person who ordered dismissal, the investigator(s), or the Title IX Coordinator. Upon the appointment of the appeals decision maker, the Superintendent shall provide a Notice of Appeal to each party and to the Title IX Coordinator, with a copy of the written appeal. The Notice of Appeal must include information about all deadlines and timeframes in the appeal stage.
4. Each party shall have 10 days from the date the Notice of Appeal is delivered to the parties to submit to the appeals decision maker a written statement, with copies to the Superintendent, Title IX Coordinator, and other party a statement (“appeal statement”) in support of, or challenging, the determination of responsibility or dismissal.
5. Each party shall provide copies of the appeal statement to the other party, the Superintendent, and the Title IX Coordinator at the same time the appeal statement is given to the appeals decision maker. If the basis of the appeal is newly available evidence affecting the outcome, the party shall submit such evidence or a summary of such evidence along with the party's appeal statement.
6. The appeals decision maker may refer an appealed issue back to a prior point in the grievance process, with written notice to the parties, the Superintendent and the Title IX Coordinator.
7. The appeals decision maker shall provide a written appeals decision after considering the record and the parties' appeal statements. The appeals decision maker will only overturn the Initial Determination of Responsibility upon a conclusion that it was clearly erroneous (i.e., either made on unreasonable grounds, or without any proper consideration of the circumstances). If the basis or one of the bases for the appeal was new evidence, the appeals decision maker may either make a determination of responsibility regarding that evidence, or refer it back to the appropriate stage of the Title IX Grievance Process. The written appeals decision will describe the result(s) of the appeal and the rationale, with copies provided to the parties, Superintendent and Title IX Coordinator, no more than 10 days after receiving the last of the parties' written statements per Section III.H.5.

I. Finality of Determination of Responsibility

The determination regarding responsibility becomes final either on the date that the recipient, through the Superintendent, provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal of the Initial Determination of Responsibility would no longer be considered timely. The final determination shall be identified as the Title IX Decision.

Once the Title IX Decision is final, the District may implement remedies and disciplinary sanctions. The Title IX Coordinator is responsible for effective implementation of any non-disciplinary remedies, with the assistance of building and District administrative personnel, while disciplinary sanctions will be imposed by persons charged with such responsibilities under other Board policies, regulations or administrative procedures.

The District may also proceed against the respondent or complainant pursuant to the District's applicable code of conduct or other Board policies, collective bargaining agreement, individual contract or administrative rules/regulations/procedures. The issue of responsibility for the conduct at issue shall not be subject to further review or appeal within the District.

J. Informal Resolution

At any time prior to reaching a determination regarding responsibility (but only after the filing of a formal complaint), the District may offer an optional informal resolution process (e.g., mediation, arbitration), provided that the District:

1. Provides written notice to the parties disclosing:
 - a. The allegations of the formal complaint;
 - b. The requirements of the information resolution process including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations, provided, however, that at any time prior to agreeing to an informal final resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint; and
 - c. Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
2. Obtains the parties' voluntary written consent to the informal resolution process; and

In no event may the District offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

EBCE – School Closings

No school, office, or system event cancellation or delay will be made without the direct authorization of the Superintendent of Schools. In the event the Superintendent is unavailable, such decisions will be made by the Assistant Superintendent or designee.

Announcements: When the Superintendent decides it is necessary to delay opening or close any facility or school or cancel any school event, the Superintendent will initiate all related communications to the public by radio, television, website, or other available means.

Delayed Opening of Schools: The Superintendent may delay the opening of schools upon determining that weather conditions appear extremely hazardous to operate school buses at the regular early morning hours, but that travel conditions will appreciably improve later in the morning. The public announcement will report the time of the delayed opening. Schools and offices shall close on the regular schedules. After-school activities and events will not be affected by a delayed opening.

Closing of Schools for the Entire Day: When the Superintendent determines that weather or other conditions exist or will develop that would make it unwise to open one or more schools any time during the day, the announcement communicated to media sources shall state either the specific school(s) that are closed or that all schools are closed. If school is closed for the entire day, all evening programs may be canceled.

Afternoon and Evening Program Cancellations: When schools are open to the end of the school day, but weather or other conditions deteriorate in the late afternoon, the Superintendent may decide to cancel afternoon and evening programs. Schools and offices should plan and communicate alternate dates and times to hold programs or events.

Weekend Closings: When weather or other conditions are predicted or develop that would make it hazardous to operate weekend programs or events, the Superintendent is responsible for decisions regarding cancellations and for notifying the appropriate media.

Students, parents, and staff shall be informed early in each school year of the procedures which will be used to notify them in case of emergency closings, whether action is taken before or during school hours. When schools are closed for emergency reasons, staff members shall comply with Board policy in reporting for work.

EEA – Student Transportation Services

The District shall provide transportation for pupils to schools in the District consistent with provisions of RSA 189:6, RSA 189:6-a, RSA 189:9, and RSA 189:9-a provided that they live one mile or more from the school. Exceptions that are in the best interest of student safety may be made by the Superintendent or designee.

General Operating Policy

Bus routes, stops and schedules shall be established annually, under the direction of the Superintendent or his/her designee in cooperation with the pupil transportation contractor subject to review by the School Board. Routes will be developed annually and posted.

Pupils attending private schools and charter schools shall be entitled to the same transportation privileges within the District as are provided for pupils in public school within the District.

Routes will use the most direct roads safe for bus travel. Where an alternate route may be selected without sacrifice to efficiency or economy, preference will be given to that route serving the larger number of students more directly. School buses will not travel on unsafe roads.

New routes shall be established in the interest of efficiency, or when full capacity of the trips on existing routes has been reached.

School schedules may be adjusted to allow maximum utilization of each bus in the system.

The Superintendent or his/her designee may modify approved routes, stops, and/or schedules during the school year if conditions warrant such a modification. All modifications to any bus route will be reported to the ConVal School Board.

Approved bus stops shall be located at safe and appropriate intervals in places where students may be loaded and unloaded. Drivers may not load or unload pupils at other than authorized bus stops.

The number of bus stops on each trip shall be limited to enable buses to maintain a reasonable average speed and not to exceed the established times of the routes.

Student Conduct on School Buses

Bus drivers have the responsibility to maintain orderly behavior of students on school buses and will report in writing misconduct to the student's Principal. The school principal will have the authority, to suspend the riding privileges of students failing to conform to Board rules and regulations. Parents of children whose conduct on school buses endangers the health, safety, and welfare of other riders will be notified that their children face the loss of school bus riding privileges in accordance with the student discipline code. The Board must approve suspensions of the right to ride the school bus that continue beyond twenty (20) days.

Resolution of Conflicts

Parents who wish to request a change or exemption from any of the Student Transportation policies shall direct that request to the SAU Business Administrator. EEAA – Video Surveillance on School Property

The School Board authorizes the use of video devices on District property to ensure the health, welfare, and safety of all staff, students and visitors to District property and to safeguard District buildings, grounds, and equipment. The Superintendent will approve appropriate locations for surveillance devices. Placement of the video cameras will be based on the presumption and belief that students, staff and

visitors have no reasonable expectation of privacy in public areas or quasi-public areas or at public events. Such locations may include gymnasiums, libraries, cafeterias, hallways and outside perimeters.

Signs will be posted on school building to notify students, staff and visitors that video cameras may be in use. Parents and students will also be notified through the student handbook.

Copies of video recordings from surveillance cameras will normally be retained for a period of two weeks and thereafter will be erased either by deletion or copying over with a new recording. If a recording contains evidence of any misconduct or crime, it will be retained until the matter has been fully resolved. Any release or viewing/listening of recordings will be in accordance with the law and will take into consideration the privacy rights of students depicted on the recording.

Recordings from surveillance cameras may be reviewed by District personnel for disciplinary or investigative purposes and may be used as evidence in any disciplinary or criminal proceedings. Recordings from surveillance cameras will not be used in connection with the annual evaluation of teachers under the ConVal Teacher Evaluation Plan.

Recordings from surveillance cameras are not considered educational records under FERPA, unless they are maintained as part of a student disciplinary proceeding.

Students using District transportation must understand that they are under the jurisdiction of the School from the time they board the bus until they exit the bus.

Students transported in a school bus shall be under the authority of the District and under control of the bus driver. The driver of the bus shall be held responsible for the orderly conduct of the students transported. Each driver has the support of the Board in maintaining good conduct on the bus. If a student is to lose the privilege of riding the bus, advance warning will be given, except for extreme misconduct.

EFAA – Meal Charging

The District encourages all parents and guardians (hereinafter “parents”) to provide a healthy breakfast and lunch for their student(s). Parents are welcome to send students to school with a “brown bag/lunch box” meal. The District provides the opportunity to purchase (breakfast and) lunch (as well as after school snacks) from the school cafeteria. Each meal meets or exceeds the federal nutrition standards. Payment is expected no later than when the meal is served. Payment may be in cash (check) or as a debit against funds deposited into an established student lunch account.

The school lunch program is required by federal law to operate as a non-profit which must end each fiscal year without a negative balance. Uncollected debt must be paid to the school lunch program from other funds. Therefore, parents of students required to pay the full or reduced price for meals must ensure that the school lunch program is paid for their student’s meals. The District’s policy is to quickly escalate efforts to bring student meal accounts into positive balance, to avoid circumstances where these accounts build significant debt.

Student Meal Accounts

The District uses a point-of-sale computerized meal payment system which has an account for all students. Parents of students who will be purchasing meals using this system are required to establish and maintain a positive balance in the student’s meal account.

Funds may be deposited into a student lunch account by cash, check, or on-line payment. Cash or checks made out to ConVal Food Service should be presented to the Cashier at the cafeteria, the Principal’s Office, or the Food Service Office). A check may also be mailed to: 106 Hancock Road, Peterborough NH 03458. The District utilizes the services of K12PaymentCenter.com. The use of checks or on-line payments is encouraged, as each provides a record. Parents are responsible for any fees charged by the on-line service. In accordance with United States Department of Agriculture (“USDA”) guidance SP 02-2015, there will be no processing fee for deposits to a student meal account made by cash or check.

Bank fees incurred on any check returned for insufficient funds will be charged to the parent. The fee may not exceed \$25.00, RSA 358-C:5, I.) In accordance with RSA 358-C:5, notice of the fee charged for a check that is returned for insufficient funds shall be included in any letter sent to a Parent seeking payment because the student meal account has a negative balance.

Each notice to parents will include information on how to verify a student meal account balance, to resolve concerns regarding the accuracy of the account balance, or to obtain information on the school meal program, including the name, title, hours when available, phone number, and e-mail address of an appropriate member of the District staff.

Parental Restrictions on Use of Student Meal Account

Parents who establish a meal account for their student are responsible for establishing with their student any restrictions the parent chooses to place on use of the account. Unless restricted by the parent, a student may purchase a la carte items in addition to the regular meal choices. Some students purchase more than one meal at one sitting. (After school snacks may be purchased.) Parents must monitor the student’s use of the meal account to ensure that a sufficient balance is available at all times for their student to charge meals. (The District’s on-line payment system K12PaymentCenter.com allows a parent to check their students balance at any time.)

The District’s policy is to ensure that students have access to healthy meals and that no student will be subject to different treatment from the standard school meal or school cafeteria procedures. Therefore, the District will allow students to purchase a meal, even if the student’s meal account has insufficient funds. This policy applies to all meal offerings generally available at the cafeteria, breakfast, lunch, and after school snacks.

Balance Statements

The Superintendent shall establish a procedure at each school requiring that a low balance statement be sent to parents whenever the balance in a student's meal account falls to or below a set amount that approximates the amount typically necessary to pay for one week of meals.

The notices will be sent by e-mail when practical, otherwise by a note, sealed in an envelope, sent home with the student. Notice prior to the account reaching zero is intended to reinforce the requirement that a positive balance be maintained in the student meal account. If a student meal account falls into debt, the initial focus will be on resuming payments for meals being consumed to stop the growth of the debt. The secondary focus will be on restoring the account to routinely having a positive balance. Only[CA1] those District staff who have received training on the confidentiality requirements of federal and state law, including the United States Department of Agriculture's ("USDA") guidance for school meal programs, and who have a need to access a child's account balance and eligibility information may communicate with parents regarding unpaid meal charges. Volunteers, including parent volunteers will not be used to communicate with parents regarding unpaid meal charges. 42 U.S.C. 1758(b)(6).

Free or Reduced Price Meals

The District participates in the federally supported program to provide free or reduced price meals to students from families whose economic circumstances make paying for meals difficult. Income guidelines for eligibility are based on family size and are updated each year by the USDA. The District will ensure parents are informed of the eligibility requirements and application procedures for free or reduced cost meals as well as the requirements of this policy.

Parents shall be provided with a copy of this policy and an application for free or reduced cost meals annually at the start of the school year through a mailing or in the parents' handbook, upon enrollment of a transfer student during the school year, and as a component of all notices sent to parents seeking payment to correct a negative balance in the student meal account. The communication explaining the availability of the free or reduced price meals shall include all the elements required by federal regulation, 7 C.F.R. 245.5. Each notice shall also identify a member of the District staff, with contact information, who is available to answer questions or assist the parents with applying for free or reduced price meals.

As required by the Civil Rights Act of 1964 and USDA guidance, parents with Limited English Proficiency ("LEP") will be provided with information on this policy and the free and reduced price meal program in a language the parents can understand. The District will utilize USDA and community resources to fulfill this requirement. This policy and links to application materials for the free or reduced price meal program will be posted on the school web site and made available to parents at each school.

The District will proactively enroll students found to be categorically eligible into the free or reduced price meal program. The District will seek to enroll eligible students in the free or reduced price meal program upon learning from any source of the student's potential eligibility. When eligibility is established, the District will apply the earliest effective date permitted by federal and state law.

The District will provide a copy of this policy and application materials for free or reduced price meals to town welfare offices/human services offices and other local social service agencies who may have contact with parents who are confronting layoffs or other financial hardship.

Students Without Cash in Hand or a Positive Account Balance

Regardless of whether a student has money to pay for a meal or has a negative balance in the student meal account, a student requesting a meal shall be provided with a meal from among the choices available to all students. The only exception will be where the student's parents have provided the District with specific written direction that the student not be provided with a school lunch program meal, the student has a meal sent from home, or otherwise has access to an appropriate meal. Under no circumstances will a student's selected meal be thrown away because of the status of the student's meal account.

It is the parents' responsibility to provide their student with a meal from home or to pay for school prepared meals. Therefore, the District's policy is to direct communications to parents about student meal debt. When parents chose to provide meals sent from home, it is the parents' responsibility to explain to their student the necessity of the student not using the school meal program.

Initial efforts to contact parents will be by e-mail or phone, however if those efforts are unsuccessful, letters to parents may be sent home in sealed envelopes with the student. Resolution of the problem

should seek to ensure the student has ongoing access to an appropriate meal. Should the student's meal account balance fall below zero, a balance statement requesting immediate payment shall be sent to parents no less than once each month.

If the student's meal account balance debt grows to \$50.00 or more a letter demanding immediate payment shall be sent by US Mail to the parent or the parent shall be contacted by the Principal or designee by phone or in person. Where warranted, the Principal or designee may arrange a payment schedule to address current meal consumption and arrearages while the school continues to provide the student with meals.

If the student's meal account debt grows to \$50.00 or more the parents will be requested to meet with the principal. When appropriate, the Principal or designee should explore with the parents whether an application for free or reduced cost meals is warranted. Where extenuating circumstances of financial hardship exist and the family is not eligible for free or reduced cost meals, the District will work with the parents to identify and engage governmental and private charitable resources which are available to assist the family.

If a student with a negative balance in his or her meal account seeks to purchase a meal with cash or check, the student will be allowed to do so. There is no requirement that the funds be applied first to the debt.

Unresolved Debt

If the Principal determines that the best available information is that the parents are able to pay the expenses of the student's meals and the parents decline to cooperate with resolving the debt in a timely manner, the Principal shall send a letter to the parents directing them to have their student bring meals from home and cease utilizing the school meal program. The student may resume using the school meal program when a positive account balance is restored in the student's meal account. Note: this does not apply to free or reduced priced meals.

If the student continues to use the school meal program, a second letter shall be sent to the parents using certified mail, return receipt requested. Note: this does not apply to free or reduced priced meals.

If parents continue to fail to provide the student with a meal sent from home, continue to fail to provide funds for their student to use the school lunch program, continue to refuse to cooperate with reasonable requests by District staff to address the overdue debt, and the parent is believed to have the ability to pay, the Superintendent may pursue payment through civil legal action, including filing a claim in small claims court pursuant to RSA Chapter 503. The Superintendent is delegated authority to assess the likelihood that civil action will lead to payment, the resources required to pursue collection, and to pursue such action only when doing so is in the best interest of the District. Note: this does not apply to free or reduced priced meals.

The Superintendent shall try to identify non-profit charities that are willing to contribute funds to the district to assist in keeping a positive balance in the meal account of students whose parents do not qualify for free meals and who due to financial hardship are unable to consistently keep the student meal account in a positive balance. If at the end of the fiscal year uncollected debt in student meal accounts must, as a last resort to fulfill federal requirements, be paid to the school meal program from other District funds, the parents' debt for unpaid meal charges shall be owed to the District. Note: this does not apply to free or reduced priced meals.

Applying the policy set forth above, the Superintendent shall determine if further collection efforts are in the best interest of the District. Any payments collected on debt that has been offset with District funds, shall be credited to the District. All debt collection efforts shall comply with RSA Chapter 358-C, New Hampshire's Unfair, Deceptive or Unreasonable Collection Practices Act.

Staff Enforcement of Policy/Training

A copy of this policy and refresher training shall be provided annually to all food service and school staff responsible for serving student meals or enforcing this policy. New staff with these responsibilities shall be provided with a written copy of the policy and training on the policy during their initial training or orientation. In accordance with federal requirements, a record shall be maintained documenting that new

staff receive the policy and training. The record must also document that all applicable staff receive a copy of the policy and refresher training annually.

Student with Special Dietary Needs

Nothing in this policy prohibits providing an appropriate meal to a student with special dietary needs such as, but not limited to, diabetes, provided these needs have been documented in a health plan, Section 504, or IEP. If the meal is medically required, and the student has a negative student meal account balance, or does not have cash to purchase the meal, the necessary dietary needs will be met.

To request meal accommodations for students whose dietary needs qualify them for accommodation under law or to file a school meal program complaint with the District, contact ConVal Food Service at phone number 603 924-3336, ext. 2060.

To file a program complaint of discrimination with the USDA, complete the USDA Program Discrimination Complaint Form, (AD-3027) found online at: http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office, or write a letter addressed to USDA and provide in the letter all of the information requested in the form. Nondiscrimination

It is the District's policy that in the operation of child feeding programs, no child will be discriminated against because of race, sex, color, national origin, age, or disability. 7 C.F.R. 245.5(a)(1)(viii). Students will not be denied meals due to the existence of other unpaid charges at the school or for disciplinary reasons.

Assessment for Neglect Reporting

If a student who has been determined to be ineligible for free or reduced cost meals or whose parents have refused to cooperate with filing an application for free or reduced cost meals is consistently not provided with meals, either through a meal sent from home or the payment for a meal through the school meal program, the Principal will assess whether a report of child neglect is warranted to the New Hampshire Department of Health and Human Services, Division for Children, Youth, & Families, as required by RSA 169-C:29-31.

IHBH – Extended Learning Opportunities

Purpose

The Board encourages students to pursue Extended Learning Opportunities (ELO) as a means of acquiring knowledge and skills through instruction or study that is outside the traditional classroom methodology. Extended Learning Opportunities may include, but are not limited to, independent study, private instruction, performing groups, internships, community service, apprenticeships, online courses/distance education, or other opportunities approved by the Superintendent or his/her designee, in conjunction with Board policies.

The purpose of Extended Learning Opportunities is to provide educational experiences that are meaningful and relevant, and that provide students with opportunities to explore and achieve at high levels. In order to maximize student achievement and meet diverse pathways for learning, this policy permits students to employ Extended Learning Opportunities that are stimulating and intellectually challenging, and that enable students to fulfill or exceed the expectations set forth by State minimum standards and applicable Board policies.

Roles and Responsibilities

All programs of study must meet or exceed the proficiencies and skills identified by the New Hampshire State Board of Education, applicable rules and regulations of the Department of Education, and all applicable Board policies. All programs of study proposed through this program shall have specific instructional objectives aligned with the State minimum standards and the District's curriculum standards. All Extended Learning Opportunities will comply with applicable laws and regulations, including child labor laws and regulations governing occupational safety.

Students wishing to pursue programs of study under these guidelines must first present their proposal to the school's ELO Coordinator(s) for approval. The name and contact information for the school's ELO Coordinator(s) will be found in the Student/Parent Handbook and by contacting the Principal's Office and/or the Guidance Department. The designated ELO Coordinator will assist students in preparing the application form and other necessary paperwork.

The Principal and/or designee will have primary responsibility and authority for ensuring the implementation of Extended Learning Opportunities and all aspects of such programs. The Principal will determine who will be responsible for approving student eligibility and such approval will include a consideration of the overall benefits, costs, advantages and disadvantages to both the student and the district.

Students approved for an extended learning opportunity must have parental/guardian permission to participate in such a program. Such permission will be granted through a Memorandum of Understanding for Educational Services signed by the parent/legal guardian and returned to the district before beginning the program.

All extended learning opportunities, including the cost of fees, books, and transportation, not initiated and designed by the District, shall be the financial responsibility of the student or his/her parent/legal guardian.

High School Extended Learning Opportunities

Extended Learning Opportunities may be taken for credit or may be taken to supplement regular academic courses. If the Extended Learning Opportunity is taken for credit, the provisions of Policy IMBC, *Alternative Credit Options*, will apply. The granting of credit shall be based on a student's mastery of course competencies, as defined by Policies ILBA, *Assessment of Educational Programs*, and ILBAA, *High School Competency Assessments* as evaluated by Highly Qualified Teachers.

Extended Learning Opportunities may also be used to fulfill prerequisite requirements for advanced classes based on competencies evaluated by a Highly Qualified Teacher.

The Principal and/or designee will review and determine credits that will be awarded for extended learning opportunities towards the attainment of a high school diploma. Parents/Guardians and/or students may appeal decisions rendered by the Principal within the provisions below (see appeal process).

Students electing independent study, college coursework, internships, or other extended learning opportunities that are held off the high school campus will be responsible for providing their own transportation to and from the off-campus site.

Students approved for off-campus extended learning opportunities are responsible for their personal safety and well-being. Extended learning opportunities at off-campus sites will require a signed agreement among the school, the student, and a designated agent of the third-party host. The agreement should specify the roles and responsibilities of each party.

Program Integrity

In order to insure the integrity of the learning experience approved under this program, the student will be required periodically or upon demand to provide evidence of progress and attendance. The Principal, or designee, will be responsible for certifying course completion and the award of credits consistent with the District's policies on graduation.

If a student is unable to complete the extended learning opportunity for valid reasons, the Principal, or designee, or assigned Highly Qualified Teacher will evaluate the experience completed to date and make a determination for the award of partial credit or recommend an alternative experience.

If a student ceases to attend or is unable to complete the extended learning opportunity for insufficient reason (lack of effort, failure to follow through, indecision, etc.), the school's existing grading procedures will be followed.

In order to certify completion of co-curricular programs and activities based upon specific instructional objectives aligned to the standards, the school will develop appropriate mechanisms to document student progress and program completion on student grade report records.

Students transferring from other schools who request acceptance of course credits awarded through similar extended learning opportunity programs shall have their transcripts evaluated by the Guidance Counselor and Principal.

IMBC – Alternative Credit Options

The Board encourages increased educational options for students. Credit may be earned through alternative methods outside of regular classroom-based instruction offered by the district schools.

Awarding of credits to be applied toward high school graduation will be determined by the high school principal, and will be granted only if the request fulfills the following:

The request is submitted with a plan to achieve competency that meets or exceeds the rigorous academic standards required by the school for students enrolled in a credit course offered by the school.

- The plan includes clear expectations for performance.
- The plan includes clearly defined methods and expectations for assessment.
- Verification of the plan's merit can be evaluated in a timely fashion and does not cause unnecessary burden on the resources of the administration.

Students earning credit via alternative methods will participate in all assessments required by the statewide education improvement and assessment program.

The Board directs the Superintendent to establish regulations and procedures for implementing this policy that will include:

- Definitions of allowable alternative learning opportunities
- Reasonable limits on the number of approved alternative courses that can be administered each school year, both school-wide and per student
- The number of alternative credits each student may use toward graduation requirements
- Application and approval process
- Criteria for determining which requests satisfy a particular subject area requirement
- Identification of person(s) responsible for approval, supervision, and monitoring progress
- Requirements that alternative opportunities meet the same rigorous academic outcomes as traditional classroom delivery
- Assurance of student safety including physical and technological
- Assurance of equal access for all students
- Assurance that approved alternative learning opportunities are consistent with all policies of this board
- The procedure will be made available to the public through the ConVal School District website and the ConVal Regional High School Student Handbook.

It is the policy of the Board that alternative methods for the awarding of credit may include:

- Competency testing in lieu of enrollment under the provisions of Board policy ILBAA
- Interdisciplinary credit
- Satisfactory completion of course requirements at:
 - an approved school under the provisions of Board policy IK;
 - an approved home education program (see Board policies IK and Board policy IHBG, and N.H. Dept. of Education Rule Ed 315).
- Demonstration of mastery of required coursework and material, pursuant to Board policy IK.
- Extended learning opportunities under the provisions of Board policy IHBH
- Distance, online, or virtual learning opportunities under the provisions of Board policy IMBA College Credit, including credit earned through Dual and/or Concurrent Enrollment under Board policy IHCD/LEB
- Early Graduation under Board policy IKFA
- 7th and 8th grade coursework meeting the standards of Board policy IMBD

If a student demonstrates knowledge and abilities on a placement pre-test developed by the school district for a particular course, the student shall not receive credit for the course, but shall be allowed to take a more advanced level of the subject or an elective.

Funding

Unless otherwise recommended by the Superintendent and approved by the Board, under ordinary circumstances students or their parents/guardians are responsible for all related expenses including

tuition and textbooks. The District may pay the fee for expelled students who are permitted to take courses in alternative settings. If paid by the District and the course is not completed, the student must reimburse the district for the expenses.

JCA – Change of Class or School Assignment on the Basis of Best Interest or Manifest Educational Hardship

General Assignment Authority

The Superintendent has the general authority to assign students to the schools within the District and shall do such in a manner consistent with the Articles of Agreement, and Board Policies. No student shall attend a school to which they have not been assigned. This policy shall not be construed to limit the Superintendent's discretion to make other in-District assignments consistent with applicable Board policies and administrative rules.

Class Assignment Authority and Change of Class Assignment

The principal of each school in the District and his/her designees shall have the authority to assign students to their classes and schedule. The principal shall have the authority to change a student's class assignment or schedule when he/she deems it in the best interests of the student or school to do such, provided such change is consistent with any applicable Individualized Education Plan or Section 504 Plan. The principal shall have the broad discretion and authority to make or change a student's class assignment for reasons such as, but not limited to, student discipline, a remedial measure to address bullying or conflict between students, student safety concerns, pedagogical reasons, balancing enrollment, addressing staffing concerns, or providing interim supportive measures to students or staff.

The Superintendent shall also have the broad discretion and authority, consistent with state law and Board policies, to change a student's assigned class or schedule, and may, when appropriate, modify or change an assignment made by a principal when she/he deems such to be appropriate. This policy, however, does not limit the Superintendent's discretion to make other in-District class and schedule assignments consistent with applicable Board policies and administrative rules. The decision of the Superintendent as to a student's class assignment or schedule shall be final and shall not be appealable.

Nothing herein shall override the authority of an IEP Team under the IDEA to make a placement, to assign a student to particular classes, or to modify their schedule when deemed necessary to provide a Free Appropriate Education at Public Expense (FAPE). Nothing herein shall override the authority of the Title IX

Coordinator to change a student's class assignments or schedule as part of a supportive measure under Title IX.

A. "Best interest" reassignment to another school

In circumstances where the best interests of a student warrant a change of school assignment, the Superintendent or his/her designee is authorized to reassign a student from the public school to which he/she is currently assigned to another public school, either in or out of the District, a public academy in another district, or an approved private school. The Superintendent also has the authority to approve a request from another Superintendent to accept a transfer of a student from another school district to a school within the District. . This section sets out the procedures for a "Best Interest" reassignment.

1. Procedure

- a. In order to initiate consideration of a reassignment based upon the child's best interests, the parent/guardian shall submit to the Superintendent a written request stating why and/or how the child's best interests warrant reassignment. In order to facilitate a determination, such application may also include any additional information described in 4 below. The written request should be mailed or delivered to the SAU office or emailed to the Superintendent at the email address provided on the District's website.
- b. Upon such request, the Superintendent shall schedule a meeting (the "reassignment meeting") with the parent/guardian, to be held within 10 days of receiving the request.
- c. Prior to or at the reassignment meeting, the parent/guardian shall make a specific request that the student be re-assigned to another public school within the District, a public school in another district, an approved private school within the district, a public academy, or an approved private school in another district.
- d. At the reassignment meeting, the parent/guardian may present documents, witnesses, or other relevant evidence supporting the parent's belief that reassignment is in the best interest of the student.
- e. The Superintendent may present such information as he or she deems appropriate.
- f. In determining whether reassignment is in the student's best interest the Superintendent shall consider the student's academic, physical, personal, or social needs.

2. The Superintendent's Finding on Reassignment

In order for a student to be reassigned there must be a finding by the Superintendent that reassignment is in the student's best interests, after taking into consideration the student's academic, physical, personal, or social needs.

- a. Within five school days of the reassignment meeting, the Superintendent shall deliver to the parent/guardian a written determination as to whether or not reassignment is in the child's best interest. Delivery of the written determination should be done in a manner to produce evidence of the delivery (e.g., courier, email, fax).
- b. If the Superintendent finds it is in the best of the interest of the student to change the student's school or assignment, the Superintendent shall initiate:
 - i. A change of assignment within the student's current assigned school;
 - ii. The student's transfer to another public school, public academy, or approved private school within the District; or
 - iii. The student's transfer to a public school, public academy, or approved private school in another district.
- c. If the Superintendent does not find that it is in the best interest of the student to change the student's school or assignment, the parent/guardian may request a hearing before the School Board to determine if the student is experiencing a manifest educational hardship as provided in Section B of this policy.

3. The Tuition Determination

If a student is to be reassigned to a public school in another school district or approved public academy as a result of a best interest determination, the Superintendent shall work with the Superintendent or

administrator of the receiving school district/approved school to establish a tuition rate for such student. Pursuant to RSA 193:3, I(g), if the Superintendent has made a finding that it is in the best interest of the student to be reassigned, then the School Board shall approve the tuition payment consistent with the Board's ordinary manifest approval procedures.

If the student is reassigned to an approved private school as a result of a best interest determination, that school may charge tuition to the parent/guardian or may enter into an agreement for payment of tuition with the school district in which the student resides. The Superintendent shall consult with legal counsel regarding tuition obligations in such an instance. Any such Agreement shall be subject to approval by the school board on behalf of the School District and shall be at the sole discretion of the School Board with due consideration given to the fiscal impact of such approval on the District and shall not be granted if in the opinion of the School Board there are other viable public-school options for reassignment.

The Superintendent shall assure that the reassignment approval is placed on the agenda for the next regularly scheduled Board meeting.

4. Transportation

Transportation for a student reassigned to a school in another district under this Section A (best interest) shall be the responsibility of the parent/guardian.

5. Tuition for Students Reassigned by Other Districts.

Pursuant to RSA 193:3, I. It is the general policy of the Board that the tuition amount to be charged to another district for any student reassigned by that district to a school within this District under the best interest standard of 193:3, I, shall be the lesser of the tuition charged for non-residential students under Board policy JFAB or as computed under the formula set out in RSA 193:4. The Superintendent, however, is authorized to reduce the tuition amount below those thresholds or for other good cause shown (e.g., reciprocal assignments between the two districts).

6. Final Decision

The decision of the Superintendent shall be final and any appeal shall be limited to the process set forth in paragraph B., herein.

7. Annual Review

A reassignment on the basis of best interest of the student shall be limited to no longer than the end of the ensuing school year, and shall be subject to review by the Superintendent prior to any subsequent school year to determine that the reassignment remains in the best interest of the student, with the understanding that the Superintendent may, at his/her discretion, waive the review when he/she deems such to be appropriate..

B. Manifest Educational Hardship – Determination by School Board and Appeal to State Board.

If, after following the procedure outlined in Section A of this policy, the Superintendent did not find that it was in the best interest of the student to reassign the student as requested by the student's parent/guardian, then the parent/guardian may within thirty (30) days submit a request to the Superintendent for a hearing before the School Board in accord with paragraph 2 herein, to determine if the student is experiencing a manifest educational hardship.

1. "Manifest Educational Hardship" Defined. As provided in RSA 193:3, II (a), "manifest educational hardship" means that a student has a documented hardship in his or her current educational placement; and that such hardship has a detrimental or negative impact on the student's academic achievement or growth, physical safety, or social and emotional well-being. Such hardship must be so severe, pervasive, or persistent that it interferes with or limits the ability of the student to receive an education.

2. Procedure for Determination of Manifest Educational Hardship.

a. Within thirty (30) days after receipt of the Superintendent's written determination described that reassignment is not in a student's best interest as described in paragraph A.2.a, above, the parent/guardian requesting a manifest educational hardship hearing shall submit a written application to the Superintendent detailing the specific reasons why they believe that the current assignment constitutes a manifest educational hardship.

- b. The Superintendent shall duly notify the school board that the parent/guardian has requested a manifest educational hardship hearing, upon which the school board shall schedule a hearing to be held no more than 15 days after the request has been received by the Superintendent. The Board shall provide at least two (2) full days notice of the hearing. The Board will conduct the hearing in non-public session, unless the parent/guardian requests the hearing be held in public session, subject to RSA 91-A:3, II(c).
 - c. Prior to or at such hearing, the parent/guardian shall provide to the Superintendent a specific request in writing that the student attend another public school or approved private school in the District, or attend a public school, public academy, or approved private school in another school district. The Superintendent shall provide such request to the School Board at the hearing. Although not required, the parent/guardian may include this request as part of the original hearing request.
 - d. At such hearing, the parent/guardian may present documents, witnesses, or other relevant evidence supporting their belief that the student is experiencing a manifest educational hardship. The Superintendent may present such information as he or she may deem appropriate to assist the School Board in reaching its decision. The parties (or their appointed designee) shall have the right to examine all evidence and witnesses. The formal rules of evidence shall not apply. The Superintendent will assure the means for the Board to establish an adequate record of the hearing.
 - e. The parent/guardian shall have the burden of establishing the presence of a manifest educational hardship by clear and convincing evidence, which means that the evidence is highly and substantially more likely to be true than untrue, and the Board must be convinced that the contention is highly probable
 - f. The Board will render its decision in writing within seven (7) days after the hearing and will forward its written decision to the parent/guardian via means producing proof of delivery (e.g., courier, email, etc.). The decision will conform to the requirements of NH Dept. of Education Rule Ed 320(c)-(e).
1. Finding of Manifest Educational Hardship. If the School Board finds that the student has a manifest educational hardship, the School Board shall grant the parent's or guardian's request to reassign the student to another public school or approved private school in the District, or to a public school, public academy, or approved private school in another district.
 2. Finding that Manifest Educational Hardship Was Not Established – Appeal to the New Hampshire State Board of Education. If the School Board finds that the parent/guardian has not met their burden of proof, the parent/guardian may appeal the local Board decision to the New Hampshire State Board of Education (“SBOE”), within thirty (30) days of receipt of the Board’s written decision in accordance with NH Dept. of Ed. Rule Ed 204.01(g). If a parent/guardian believes that denial of a re-assignment under this policy upon the child’s disability, the parent/guardian may appeal to the SBOE or file a complaint with the N.H. Human Rights Commission under RSA 354-A:28.
 3. Tuition for Students Reassigned Upon Finding of Manifest Educational Hardship. If, after a finding of a manifest educational hardship – by either the School Board or the State Board – a student of the District is assigned to attend school in another district, or a student from another district is assigned to a school in this District, the district in which the student resides shall pay tuition to the district to which the child is reassigned. Such tuition shall be computed according to RSA 193:4. The school board of the district in which the student resides shall approve the tuition payment consistent with its ordinary manifest approval process.
 4. Transportation: Transportation for a student reassigned to schools in another district under this section B (manifest educational hardship) shall not be the responsibility of the District unless otherwise ordered by the SBOE.
 5. Review. A reassignment on the basis of manifest educational hardship shall be limited to no longer than the end of the ensuing school year and shall be subject to review by the School Board prior to any subsequent school year to determine that the manifest educational hardship still exists, with the understanding that the Board may, at its discretion, waive the review when it deems such to be appropriate.
 - C. Admission Requirements. Students reassigned under this Policy shall meet the admission requirements of the school to which the student is to be reassigned.
 - D. Statutory Reassignment Limit. The total reassignments or transfer made under this policy in any one school year will not exceed one (1) percent of the average daily membership in residence of a school

district, or five (5) percent of the average daily membership in residence of any single school, whichever is greater, unless the School Board votes to exceed this limit.

- E. Count of Reassigned Pupils, Tuition Payment and Rate, and Transportation. Pupils reassigned under this policy will be counted in the average daily membership in residence of a given pupil's resident school district. Said pupil's resident district will forward any tuition payment due to the District to which the pupil was assigned.
- F. Notice to the Department of Education. The Superintendent of the pupil's resident SAU will notify the Department of Education within thirty (30) days of any reassignment made under this policy.
- G. Special Education Placements. A placement made relative to a student's special education needs and services shall not be deemed a change of school assignment for purposes of this section.

Students shall not leave the school grounds from the time they arrive until the time of their departure for home except as follows:

1. No school or grade may be dismissed before the regular hour for dismissal except with the approval of the Office of the Superintendent of Schools.
2. No teacher may permit any individual pupil to leave school prior to the regular hour of dismissal except by permission of the principal or his/her indicated representatives.

JG – Assignment Of Students To Classes And Grade Levels

All students who are included under the compulsory attendance law must be enrolled and are required to attend all classes prescribed by the state and the district unless exempt by school authorities.

Beginning in grade 1, students will be placed in the grade level and class that best meets their academic needs and in which they can be expected to master established district instructional and learning objectives, after consultation between the building principal, the student's teacher(s), and the student's parent/guardian. However, the building principal is ultimately responsible for making the decision regarding grade level and classes.

Students who are entering Kindergarten will be placed in a class by the building principal. In making this decision, the principal may consult with the student's parent/guardian.

Students transferring into the school district will be placed in the grade level and class that best meets their needs, after review of the records from the student's prior school, and after consultation between the building principal and the student's parents. However, the building principal is ultimately responsible for making the decision regarding grade level and classes.

Students receiving special education services will be placed in accordance with applicable federal and state laws and regulations and nothing in this policy shall be deemed to supersede those requirements.

The decision of the building principal regarding student placement in grades one through twelve may be appealed to the Superintendent, and then to the School Board. The School Board will give significant consideration to the principal's and Superintendent's recommended placement.

JH – Attendance, Absenteeism, And Truancy

Absences

School-aged children enrolled in the District must attend school in accordance with all applicable state laws and Board policies. The educational program offered by the District is predicated upon the presence of the student and requires continuity of instruction and classroom participation in order for students to achieve academic standards and consistent educational progress.

Attendance shall be required of all students enrolled in the District during the days and hours that school is in session.

The Board considers the following to be excused absences:

1. Illness
2. Recovery from an injury
3. Required court attendance
4. Medical and dental appointments
5. Death in the immediate family
6. Observation or celebration of a bona fide religious holiday
7. Such other good cause as may be acceptable to the Principal or permitted by law

Any absence that has not been excused for any of these reasons will be considered an unexcused absence.

In the event of an illness, parents must call the school and inform the school of the student's illness and absence. For other absences, parents must provide written notice or a written excuse that states one of these reasons for non-attendance. The Principal may require parents to provide additional documentation in support of their written notice, including but not limited to doctor's notes, court documents, obituaries, or other documents supporting the claimed reason for non-attendance.

If parents wish for their child to be absent for a reason not listed above, the parent must provide a written explanation of the reason for such absence, including why the student will be absent and for how long the student will be absent. The Principal will make a determination as to whether the stated reason for the student's absence constitutes good cause and will notify the parents via telephone and writing of his/her decision. If the Principal determines that good cause does not exist, the parents may request a conference

with the Principal to again explain the reasons for non-attendance. The Principal may then reconsider his initial determination. However, at this juncture, the Principal's decision shall be final.

Family Vacations/Educational Opportunities

Generally, absences other than for illness or injury during the school year are discouraged. The school principal or his/her designee may, however, grant special approval of absence for family vacations, provided written approval is given in advance. Parents are asked to write a note to their child's teacher at least two weeks before the trip. This advance planning will allow the teacher enough time to work with parents and the student regarding homework completion.

Truancy

Truancy is defined as any unexcused absence from class or school. Any absence that has not been excused for any of the reasons listed above will be considered an unexcused absence.

- Ten half-days or five full days, or any equivalent combination thereof, of unexcused absence during a school year constitutes habitual truancy.
- A half-day absence is defined as a student missing more than two hours of instructional time and less than three and one-half hours of instructional time.
- Any absence of more than three and one-half hours of instructional time shall be considered a full-day absence.

The Principal or Truant Officer is hereby designated as the District employee responsible for overseeing truancy issues.

Intervention Process to Address Truancy

The Principal shall ensure that the administrative guidelines on attendance properly address the matter of truancy by including a process that identifies students who are habitually truant, as defined above.

When the Principal or designee identifies a student who is habitually truant or who is in danger of becoming habitually truant, he/she shall commence an intervention with the student, the student's parents, and other staff members as may be deemed necessary.

The intervention shall include, but is not limited to:

1. Investigation of the cause(s) of the student's truant behavior;
2. Modification, when appropriate, of his/her educational the student's program to meet particular needs that may be causing the truancy;
3. Development of a plan, involving the parents, designed to reduce the truancy;
4. Alternative disciplinary measures, but still retains while still retaining the right to impose discipline in accordance with the District's policies and administrative guidelines on student discipline.

Parental Involvement in Truancy Intervention

When a student reaches habitual truancy status or is in danger of reaching habitual truancy status, the Principal or designee will send the student's parent a letter which includes:

1. A statement that the student has become or is in danger of becoming habitually truant;
2. A statement of the parent's responsibility to ensure that the student attends school; and
3. A request for a meeting between the parents and the Principal to discuss the student's truancy and to develop a plan for reducing the student's truancy.

Developing and Coordinating Strategies for Truancy Reduction

The Board encourages the administration to seek truancy-prevention and truancy-reduction strategies along the recommendations listed below.

1. Coordinate truancy-prevention strategies based on the early identification of truancy, such as prompt notification of absences to parents.
2. Assist school staff to develop site attendance plans by providing development strategies, resources, and referral procedures.

3. Encourage and coordinate the adoption of attendance-incentive programs at school sites and in individual classrooms that reward and celebrate good attendance and significant improvements in attendance.

However, these guidelines shall be advisory only. The Superintendent is authorized to develop and utilize other means, guidelines, and programs aimed at preventing and reducing truancy.

Parental Notification of Truancy Policy

The Superintendent shall also ensure that this policy is included in or referenced in the student handbook and is made available to parents annually at the beginning of each school year.

A basic responsibility of those who enjoy the rights of citizenship is to respect the laws of the community.

Students shall have the right to peaceably and responsibly advocate change of any law, policy, or regulation. JICD – Student Behavior, Conduct, Discipline and Due Process

Introduction

The School District is committed to promoting a safe, healthy, and supportive school and learning environment for all students. To achieve this goal, the District plays a significant role in supporting positive student conduct and behavior with respect to students, district personnel, and members of the community. This expectation extends to when students are on District property, on property within the jurisdiction of the School District (including vehicles), or while attending school activities.

In order to promote a safe, healthy, and supportive school and learning environment, this policy prohibits student conduct and behavior that causes material or substantial disruption to the school environment, interferes with the rights of others, presents a threat to the health and safety of students, employees, or visitors, constitutes a crime or a violation of the Safe School Zones Act, or violates the District's established expectations for student conduct and behavior. Responses to violations of established expectations for student conduct and behavior will be designed to maximize academic, emotional, and

social success while at the same time ensuring the safety of all students, staff and school visitors. To attain this objective, the Board endorses the adoption of a Multi-Tiered System of Supports (MTSS) as the underlying framework for implementing a system of graduated responses which incorporates in-school support and disciplinary consequences.

Established Expectations for Student Conduct and Behavior

The School Board delegates to the Superintendent, in consultation with building administrators, the responsibility of adopting and implementing age-appropriate expectations for student conduct and behavior for each school. These will include school-wide approaches, as well as small group and individualized interventions that target a student's specific areas of need.

In-School Support

Whenever appropriate, and consistent with safety concerns, the ConVal School District shall seek to improve student conduct and behavior through alternatives other than the use of exclusionary discipline practices (i.e., suspension or expulsion).

The District maintains a proactive, progressive response system of age-appropriate supports which are designed to promote acceptable behavior, correct student misconduct, reduce incidents of future misconduct, and safeguard the health, safety, and welfare of students and staff. The following are examples of in-school supports that may be offered to students before, in conjunction with, or after disciplinary consequences:

A. Elementary School In-School Supports

The options for support that may be to students at the elementary schools may include, but are not limited to, the following:

- *Preventive Classroom Management* – Preventive classroom management includes the implementation of a variety of strategies that support students to be successful in the classroom (e.g., having an organized classroom, establishing clear routines and procedures, setting high expectations, stating expected behaviors positively, modeling expected behaviors).
- *In-Class Regulation Support* – Students are supported to build and practice a “toolbox” of regulation strategies that they can select from when they feel dysregulated (e.g., breathing strategies, movement/sensory activities, mindfulness strategies, positive time away from the class).
- *Precorrection* – A precorrection is a quick reminder that describes the expected behavior for a task, activity, or transition that is about to happen. The goal of precorrection is to proactively prompt expected behavior before problem behaviors occur.
- *Positive Reinforcement* – Recognizing when a student exhibits an expected behavior (e.g., offering behavior-specific praise).
- *Active Adult Supervision* – Staff circulate among and interact with students, acknowledging when students demonstrate expected behaviors by providing positive reinforcement.
- *Conference* – Teachers or administrators meet with students and/or their parents/guardians to debrief a particular situation or incident in order to support students to reflect on a particular situation or incident, etc.
- *Reflection* – Students reflect on what happened, what they were thinking/feeling, what action they took, what their action accomplished, and what they would do differently next time.
- *Adult Mentorship* – Staff members serve as mentors who coach students to make positive behavior changes, monitor the students' behavior, and provide the presence of a trusted adult at school (e.g., Check In/Check Out).
- *Social Skills/Behavior Instruction* – A social skills curriculum is targeted to address specific areas of need for an individual student or a small group of students (e.g., asking for help, taking turns, sharing, initiating play, making friends).
- *Reinforcement Systems* – Reinforcement systems include providing instruction on the expected or desired behavior and then developing a plan for reinforcing that behavior such as:

- Token Economies – Students earn tokens when they exhibit the expected behavior. Tokens can be used to obtain an item or a preferred activity.
- School-to-Home Communication – When students meet a daily/weekly goal for behavior, the school calls home or sends a positive note home.
- *Schedule Modification* – This involves modifying student schedules to better support their readiness to learn and demonstrate appropriate behaviors (e.g., build regular movement breaks into a student's schedule, build a weekly time with the school counselor into the student's schedule).
- *Functional Behavior Analysis (FBA)* – FBA is an assessment that is designed to uncover the reason(s) why students are engaging in problem behaviors.
- *Behavior Intervention Plan (BIP)* – Following an FBA, intervention plans are designed to support students in reducing problem behaviors through the use of appropriate replacement behaviors.
- *Wrap-Around Services* – This intervention involves developing a plan of support that organizes systematic and integrated services across school, home, and community settings.

B. Middle and High School In-School Support

In addition to the supports listed for elementary school, the options for support that may be offered to students at the middle and high school include, but are not limited to, the following:

- *Social Skills/Behavior Instruction* – A social skills curriculum targets specific areas of need for an individual student or a small group of students (e.g., organizational skills and goal setting, interpersonal communication skills, problem-solving, coping with feelings).
- *Peer Mediation/Peer-to-Peer Problem Solving* – Trained students serve as neutral mediators helping peers to address interpersonal issues by going through a process that focuses on identifying any underlying root causes and then deciding on fair ways to resolve the issue or conflict.
- *Restorative Meeting* – Restorative meetings focus on implementing a victim-sensitive process for problem solving that shows the school community members involved how they can deal with the consequences of the wrongdoing and repair the harm done.
- *Counselor Intervention* – The School Counselor and Student Support Counselor provide social-emotional support and/or services that enable students to progress consistent with the educational, social-emotional, career, and transitional goals of all students. Support services are provided in 1:1 meetings, in small groups, and in co-taught, in-class environments.
- *Schedule Modification* – This involves modifying student schedules to better support their readiness to learn and demonstrate appropriate behaviors (e.g., rearrange class schedule).
- *Youth Employment and Empowerment Services (YEES)* – YEES is a state-certified program that facilitates communication between the family, school, and community and coordinating resources that are available to identified students.
- *Wrap-Around Services* – Involves developing a plan of support that organizes systematic and integrated services across school, home, and community settings.

In-school support is not considered a disciplinary consequence. Any educator or staff member may refer a student to an administrator for in-school support. The examples listed above are not exclusive, and administrators may implement other supports that they deem appropriate. The decision to provide in-school support is final and not appealable. Except in the case where support requires parental consent and the parent has withheld consent, a student's refusal to accept or participate in an in-school support may constitute cause for the administrator implementing a disciplinary consequence or an additional disciplinary consequence.

Graduated Disciplinary Consequences

The ConVal School District maintains a system of graduated disciplinary consequences that are available for implementation when responding to student misconduct that does not warrant suspension or expulsion. When an administrator determines that a disciplinary consequence is warranted, the administrator may determine, at their sole discretion, an appropriate consequence. Administrators will

seek to implement graduated disciplinary consequences (sanctions) when doing so will not be detrimental to the health, safety, or welfare of students or staff.

The following are examples of graduated disciplinary consequences that may be administered. When appropriate, graduated disciplinary consequences may be paired with in-school support.

A. Elementary School Graduated Disciplinary Consequences

The graduated disciplinary consequences that may be administered at elementary schools include, but are not limited to, the following:

- *Planned Ignoring* – The student remains in the setting, but the teacher appears to ignore the student misbehavior rather than allow it to gain time and attention.
- *Withdrawal of Materials* – If a student misuses a material, the material is taken away for a specified amount of time.
- *Time Away from Activity/Group* – Students are able to observe, but cannot participate in, an activity for a specified amount of time.
- *Loss of Privilege* – Students are not allowed to use a specific material or piece of equipment as a result of a misbehavior. For example, if a student repeatedly walks up the slide on the playground, the student may be told that they cannot use the slide for the rest of the day or week. Students may not be allowed to participate in a particular activity. For example, a student may not attend an extra-curricular activity as a result of their misbehavior.
- *Apology* – Students need to provide a verbal or written apology to those impacted by their misbehavior.
- *Restitution/Community Service* – Students are responsible for repairing the harm or damage done as a result of their inappropriate behavior.
- *Parent Contact* – The teacher and/or the administrator contacts a parent/guardian to let them know about their child's inappropriate behavior, as well as any disciplinary consequences that will be implemented as a result of their inappropriate behavior.
- *Time in Office* – Students are removed from the classroom and need to spend time in the office so that the administrator can talk with the student about their inappropriate behavior.
- *Administrator Letter to Parent* – Inappropriate behavior by students is documented and shared with parent(s)/guardian and becomes part of their disciplinary record.
- During-School Detention
- After-School Detention

B. Middle and High School Graduated Disciplinary Consequences

In addition to the graduated disciplinary consequences identified for elementary school students, graduated disciplinary consequences that may be administered for middle and high school students include, but are not limited to, the following:

- Temporary Removal from Class
- *Academic Consequence* – Such action may include requiring students to redo an assignment or retake an assessment for a reduced grade when caught cheating.
- *Police Report* – A report to police is made when a student may have committed a criminal act on school property or while attending a school-sponsored activity.
- Superintendent Involvement

These graduated disciplinary consequences shall be administered in a manner which does not result in the student's loss of access to their educational programming. Any staff member may refer a student to the administrator for disciplinary consequences. The decision of an administrator shall be final and shall not be appealable.

Neither in-school supports nor graduated disciplinary consequences shall be deemed a precondition for a suspension or expulsion which is permitted under the law without prior in-school supports or graduated discipline.

Suspension of Students

It is the stated objective of the ConVal School District to reduce the need for suspensions and expulsions through the use of responses such as in-school supports and graduated disciplinary consequences. The District reserves suspension for those matters which threaten to disrupt the educational community, which disrupt the educational community, which represent repeated or significant violations of the conduct or behavioral standards of the District, which threaten to endanger the health, safety, or welfare of students or staff, or which endanger the health, safety, or welfare of students or staff.

There are three forms of suspension: short-term suspension of five (5) days or fewer, short-term suspensions between six (6) and ten (10) days, and long-term suspension for more than ten (10) days.

As required by RSA 193:13(a), educational assignments shall be made available to the suspended pupil during the period of suspension.

Standards for Short-Term Suspension up to Five (5) School Days [Level One]

A short-term suspension of up to five (5) school days shall be reserved for:

- Misconduct that presents a low level of detriment to the health, safety, or welfare of the student committing the act and a low level of detriment to the health, safety, or welfare of other students or staff.
- Repeated and willful disregard of the rules of the school that has not been remediated through in-school support and graduated lesser forms of discipline.
- Such other infraction as the school administrator deems to warrant a short-term suspension of up to five (5) days.

Examples of misconduct which may result in a suspension of up to five (5) days include, but are not limited to, the following:

- Nicotine Products/Paraphernalia
- Social Media Violations/Harassment
- Vandalism
- Bullying
- Physical Assault
- Fighting
- Sexual harassment without unwanted physical contact
- Possession of a controlled drug without a valid prescription
- Repeated violation of any conduct standard
- Conduct that is repeatedly disruptive to classroom or school activities
- Dishonesty, including cheating on school assignments or assessments
- Knowingly making false statements or knowingly submitting false information during an investigation or grievance process or to cause an investigation or grievance process

The examples provided above are not an exhaustive list, and any similar form of misconduct may result in a suspension of up to five (5) school days. The school administrator shall have discretion in determining the number of days that the misconduct warrants, up to five (5) days.

In addition, school administrators shall have the discretion to refrain from issuing a suspension when they determine that student conduct may be remediated through in-school support and/or a lesser consequence. In considering the length of the suspension, school administrators shall consider:

- The extent to which the conduct presented a threat or risk to, the health, safety, or welfare of other students or school personnel, the integrity of the educational process, or the functioning of the school.
- Whether the conduct was disruptive to the school environment and if so, the nature and extent of the disruption.
- The extent to which the misconduct is a repeat incident.

The administrator may implement the suspension on the day of the infraction, depending on the nature and severity of the violation. Suspensions of no more than five (5) days may be made by an assistant principal. Prior to such suspension, the person ordering the suspension must, orally or in writing, inform

the student of the charge(s) and give the student an opportunity to respond to the charges. If the student refutes the charge(s), evidence of the misconduct shall be presented to the student. A suspension of five (5) days or fewer is not appealable.

Standards for Short-Term Suspension up to Ten (10) School Days [Level Two]

A short-term suspension between six (6) and ten (10) school days shall be reserved for:

- Behavior or misconduct that threatens significant harm to the health, safety, or welfare of the student, or other students or staff;
- Behavior or misconduct that results in significant harm to the health, safety, or welfare of the student, or other students or staff; or
- Repeated and willful disregard of the expectations for behavior that has not been remediated through in-school supports and graduated lesser forms of discipline (which may include a Level One suspension).
- Misconduct that involves or threatens disruption of the school environment.
- Such other infraction as the principal deems to warrant a short-term suspension between six (6) and ten (10) days.

Examples of misconduct which may result in a Level Two suspension, include but are not limited to, the following:

- Multiple Level One infractions, whether in combination or repeated infractions
- Drug/alcohol policy violations
- Assault resulting in physical injury
- Repeated bullying
- Repeated sexual harassment
- Sexual harassment involving unwanted physical contact
- Disruption of the school day (Threats of Violence)

The examples provided above are not an exhaustive list, and any similar form of misconduct may result in a suspension of between six (6) and ten (10) school days. The school administrator shall have discretion in determining the number of days that the misconduct warrants. In addition, the school administrator shall have the discretion to issue lesser forms of discipline when they determine that the student conduct may be remediated through in-school supports and/or a lesser consequence. In considering the length of the suspension, the school administrator shall consider:

- The extent to which the conduct presented a risk to the health, safety, or welfare of other students or school personnel.
- Whether the conduct was disruptive to the school environment, and if so, the nature and extent of the disruption.
- The extent to which the misconduct is a repeat incident and whether prior disciplinary measures have been unsuccessful.

The administration reserves the right to implement the suspension during the day of the infraction, depending on the nature and severity of the violation and/or the potential results of the violation. Prior to such suspension, the person ordering the suspension must, orally or in writing, inform the student of the charge(s) and give the student an opportunity to respond to the charges. If the student refutes the charge(s), evidence of the misconduct shall be presented to the student.

The decision of the School administrator is final and there is no right of appeal of a suspension of ten (10) days or fewer.

Interventions after Suspension

Students who are suspended for bullying shall be provided with targeted interventions, which shall also be considered remedial measures. These may include, but are not limited to, the in-school supports bulleted above. Students who engage in repeated bullying after such targeted interventions may be subject to long-term suspension or expulsion, depending on the misconduct.

Standards for Long-Term Suspensions [11 to 20 days] [Level Three]

The Superintendent is designated and authorized by the School Board to extend a suspension for a period of ten (10) additional consecutive school days up to a total of twenty (20) consecutive school days (including the prior ten (10) days) following a hearing before the Superintendent for the following misconduct:

- Misconduct that threatens or results in significant harm to the health, safety, or welfare of the student, other students, or the school staff.
- Misconduct that causes, or threatens to cause, substantial disruption to the school environment.
- Criminal conduct on school property or at a school function

The Superintendent or their designee is authorized to extend a suspension for a period from an eleventh (11th) day up to a total of twenty (20) days based on the extreme nature of a situation.

Examples of misconduct which may result in a total suspension of up to twenty (20) days include, but are not limited to, the following:

- Any substantial threat to the school community
- Persistent and continual disregard of district policies
- An act that constitutes an act of theft, destruction, or violence as defined in RSA 193-D [The Safe School Zones Act]
- Bullying pursuant to school district policy when the student has not responded to targeted interventions and poses an ongoing threat to the safety or welfare of another student
- Possession of a firearm [pending an expulsion recommendation], BB gun, paintball gun, or look-alike weapon
- The sale of drugs, either on or off campus
- Sexual assault, other than a felony if committed by an adult
- Possession of a knife or other weapon on campus or at a school activity
- Physical injury to staff or another student
- Any misconduct which is pending the Superintendent's recommendation for an expulsion hearing

A student who repeats any of the long-term suspension infractions listed above may be referred to the School Board for an expulsion hearing. A student who has been referred to the School Board for expulsion may be subject to either a Level Two or Level Three suspension as an interim disciplinary measure, pending the hearing before the School Board.

Any time a student is suspended more than ten (10) school days in any school year, upon the student's return to school the District shall develop an intervention plan designed to proactively address the student's misconduct.

Prior suspensions for drug/alcohol, weapons, or fighting violations may be considered aggravating factors in making disciplinary decisions.

When the District contemplates a suspension, which will result in cumulative suspension days for the school year of more than twenty (20) days in total, the District shall arrange for and provide alternative educational services to the student for the duration of their suspension. The alternative educational services shall be designed to enable the student to advance from grade to grade.

No student shall be penalized academically solely by virtue of missing class due to suspension.

Before any long-term suspension [more than 10 days] may be implemented, except as provided for below, students and their parent/guardian must be informed in writing of the charges, and a hearing must be scheduled before the Superintendent or designee, at which the student shall be permitted to be represented by a parent, other adult, or counsel (at student expense) to refute any charges or evidence against them, offer evidence, explanations or mitigating circumstances, cross-examine witnesses, and call witnesses of their own. The long-term suspension process shall comply with the requirements of Ed 317, as amended from time to time by the New Hampshire Department of Education. The failure on the part of students and/or their parent/guardian to show at a hearing without just cause shall constitute a waiver of the right to a hearing.

Long-term suspensions are appealable to the School Board unless determined by the Board. Any appeal of a long-term suspension to the Board shall be made in writing and received by the Superintendent within ten (10) days after the issuance of the decision being appealed.

The Board shall hold a hearing on the appeal. The long-term suspension shall remain in force while the appeal is pending, unless the Board stays the suspension while the appeal is pending. The Board may affirm, reverse, shorten, lengthen, or otherwise modify the terms of the long-term suspension, and, when appropriate under the law of the state, may expel the student. The decision of the School Board shall be in writing.

Standards for Expulsion of Students

Expulsion decisions may only be made by the School Board after written notice of the Superintendent's recommendation for expulsion has been provided to the student's parent/guardian or to the adult student. The written recommendation shall set forth the basis for the Superintendent's recommendation.

Additionally, expulsion may only occur after a hearing by the Board which affords the minimum due process required by the regulations of the State Board of Education. The hearing shall be conducted in a nonpublic session unless the parent/guardian or adult student requests a public hearing.

Any student may be expelled from the District by the Board for an act that poses an ongoing threat to the safety of students or school personnel and that constitutes:

- A repeated act that would otherwise warrant long-term suspension but for its repetition
- Any act of physical or sexual assault that would be a felony if committed by an adult
- Any act of violence pursuant to RSA 651:5, XIII
- Criminal threatening pursuant to RSA 631:4, II(a)
- An act of theft, destruction, or violence in a Safe School Zone
- Possession of a pellet or BB gun, paintball gun, rifle, or handgun
- Any act of similar or greater severity as those acts listed above

Furthermore, any student who brings or possesses a firearm as defined in section 921 of Title 18 of the United States Code on school campus, on school transportation, or to any District activity or event as defined in RSA 193-D:1 without written authorization from the Superintendent or designee shall be expelled from school by the local school board for a period of no less than twelve (12) months.

In considering whether expulsion is warranted, the Board shall consider:

- The student's age
- The student's disciplinary history
- Whether the student is a student with a disability
- The seriousness of the violation or behavior committed by the student
- Whether the school district has implemented positive behavioral interventions subsequent to a ten (10) day suspension
- Whether a lesser intervention would properly address the violation or behavior committed by the student

A student expelled from school in another New Hampshire school district or another state shall not be eligible to enroll in the ConVal School District for the period of such expulsion. If the expulsion is for an indefinite period, the student or their parent/guardian may petition the School Board for enrollment provided they reside in the District or agree to pay tuition. If the student is denied enrollment, the expulsion may be appealed to the State Board of Education. The Superintendent is authorized to modify an expulsion and any reenrollment requirement on a case-by-case basis.

Any expulsion shall be subject to review by the School Board if requested prior to the start of each school year. Any parent/guardian or adult student has the right to appeal any such expulsion by the School Board to the State Board of Education at any time while the expulsion remains in effect.

Implementation and Notice

The Superintendent shall ensure that established expectations for student conduct and behavior shall be published annually in each school's student handbook, which are submitted, reviewed, and approved annually by the School Board.

These expectations will be made available to parents/guardians at the beginning of the school year, and be publicly available on the school or district website. Expectations for student conduct and behavior will also be made available in another language or presented orally upon request.

Additionally, building principal(s) shall ensure student awareness of the established expectations for student conduct and behavior and other District policies through print, postings and/or periodic announcements.

The Superintendent shall designate personnel to explore and pursue relevant State or Federal grants, technical assistance, and professional development opportunities available to facilitate the implementation of a Multi-Tiered System of Support (MTSS) for social, emotional, and behavioral health and wellness.

Consistent with the Board's statutory authority, and other Board policies regarding review of administrative rules, regulations and procedures, the School Board retains the authority to modify, supersede, or suspend any provision of the established expectations for student conduct and behavior.

Parental Notification of Simple Assaults

Pursuant to RSA 193-D:4, I (b), the Superintendent is directed to adopt and implement procedures requiring notice to parents/guardians of each student involved in a simple assault (victim and perpetrator) occurring during the school day, when such assault causes: any form of bodily injury, including bruising or discoloration, or would otherwise constitute a disciplinable offense. For purposes of this policy, "simple assault" shall have the same meaning as that provided in RSA 631:2-a (a simple assault occurs when one purposely or knowingly causes bodily injury or unprivileged physical contact to another; or recklessly causes bodily injury to another or negligently causes bodily injury to another by means of a deadly weapon).

Disciplinary Removal of Students with Disabilities

If a student is disabled under the Individuals with Disabilities Act (IDEA), the New Hampshire RSA 186-C, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, or any other law providing special rights to students with disabilities, those laws shall govern and shall supersede these local policies to the extent these local policies are inconsistent with those laws. Accordingly, any class or activity removal, suspension or expulsion of a child with a disability as defined in Ed 1102.01(t) shall be in accordance with Ed 1124.01 and federal law.

JICC – Student Conduct On School Buses

Students using District transportation must understand that they are under the jurisdiction of the School from the time they board the bus until they exit the bus.

Students transported in a school bus shall be under the authority of the District and under control of the bus driver. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reasons for a student to be denied the privilege of transportation in accordance with the regulations of the Board.

The driver of the bus shall be held responsible for the orderly conduct of the students transported. Each driver has the support of the Board in maintaining good conduct on the bus. If a student is to lose the privilege of riding the bus, advance warning will be given, except for extreme misconduct.

The Superintendent or his/her designee will develop rules and regulations for conduct on buses, and these shall be printed in the Parent-Student Handbook, and made available in another language or presented orally upon request.

JICDD – Student Discipline Out-Of-School Actions

The ConVal School Board recognizes that out-of-school and off-campus student conduct is not normally the concern of the Board. However, the Board also recognizes that some out-of-school and off-campus conduct may have an adverse effect upon the school, school property, or school staff.

Therefore, it shall be the policy of this Board that the Board or school administrators may impose disciplinary measures against students for some out-of-school or off-campus conduct.

Discipline may be imposed if such out-of-school conduct causes a significant disruption or substantial interference with the school's educational mission, purpose, or objectives. Additionally, any off-campus or out-of-school behavior that has a strong potential to disrupt normal school operations may also be met with appropriate disciplinary actions.

Out-of-school and off-campus student conduct that may subject a student to discipline includes, but is not limited to:

1. Damaging school property;
2. Violence at or near the school's bus stop, during bussing times;
3. Drinking alcohol, using tobacco products, or using illegal drugs at or near the school bus stop, during bussing times;
4. Damaging the private property of school staff or employees; or
5. Any other activity the Board or administration determines impedes the general welfare of scholastic activities or the safety or welfare of the student body.

Cyber-Bullying and Internet Threats

Reports and/or allegations of cyberbullying will be addressed in accordance with the provisions of Board policy JICK.

Consistent with applicable law, the District will not require or request that a student disclose or provide to the District the student's user name, password or other authenticating information to a student's personal social media account.

However, the District may request to a student or a student's parent/guardian that the student voluntarily share printed copies of specific information from a student's personal social media account if such information is relevant to an ongoing District investigation.

JICDDA – Simple Assaults: Parental Notification Policy

In cases of all assaults, the building principal, or assistant, shall notify the involved students parents by telephone and letter about the incident. The letter from the building or assistant principal shall describe the incident and the seriousness and harm done or potential harm and the School District's response to the incident to the extent permitted by confidentiality laws and regulations.

Additionally, simple assault as that term is used in New Hampshire criminal statutes, includes and knowing and unprivileged physical contact with another person. While simple assaults may result in injury, many, if not most, which occur in the school setting do not. Recognizing that under the statutory definition, simple assault can be very minor contact, building or assistant principals will consider the District's policies, rules and regulations concerning student conduct and discipline when making a determination about whether or not to file a Safe School Zone Offense Report with local Law Enforcement officials. The District will err in the direction of filing a report when there is any question. Law Enforcement and school officials can then jointly determine the best action to be taken.

Incidents involving initiations, hazing, intimidation, and/or activities of such group affiliations which are likely to cause bodily danger, physical harm, or personal degradation or disgrace resulting in physical or mental harm to students are prohibited.

Any student wearing, carrying, or displaying gang paraphernalia, or exhibiting behavior or gestures which symbolize gang membership, or causing and/or participating in activities which intimidate or affect the attendance of another student will be subject to disciplinary action, including suspension and expulsion.

The Superintendent may provide in-service training in gang behavior and characteristics to facilitate staff identification of students at-risk and promote membership in authorized school groups and activities as an alternative.

All hazing reported to the District, or which any District staff member has knowledge, of shall be promptly reported to law enforcement, as required by RSA 631:7, Student Hazing.

This Policy applies to school employees and students. This policy does not apply to any School Resource Officer(s) or other law enforcement officials that are present in the ConVal School District. Weapons are not permitted in school buildings, on school property, in school buses or vehicles used to transport students, at school-sponsored activities, or in a Safe School Zone as defined in RSA 193-D at any time without the advanced written authorization of the Superintendent of Schools or designee. No employee or student shall possess, bring, or conceal, or aid, abet, or otherwise assist another person(s) in possessing, bringing, or concealing, any weapon on school property, in school buildings, in school busses or vehicles used to transport students, at school-sponsored activities, or in a Safe School Zone as defined in RSA 193-D.

The term “weapon” includes, but is not limited to, firearms (rifles, pistols, revolvers, guns of any form, pellet guns, air rifles, BB guns, etc.) including any device from which a shot or projectile of any nature can be fired, explosives, incendiaries, martial arts weapons (as defined by RSA 159:24), crossbows, slingshots, electronic defense or aerosol self-defense weapons (as defined by RSA 159:20), or any other device, instrument, material or substance which is used or threatened to be used in a manner likely to produce, or which is reasonably known to be capable of producing, death or bodily injury. Replicas (look-a-likes) of weapons may be treated as weapons within this Policy if they are used to frighten, harass, intimidate, or otherwise harm any person.

Additionally, this list is not intended to be exhaustive or all-inclusive. The principal may determine that any instrument, object or substance is a “weapon” within the intent of this Policy, if the principal believes that such instrument, object or substance was used or was intended to be used to inflict bodily harm on any person.

Violations of the policy will result in both disciplinary action and notification to the police. Disciplinary action may include suspension, expulsion, or termination.

Additionally, any student who is determined to have brought a firearm (as defined by Title 18 U.S.C. 921) to school will be expelled for not less than one year (365 days). The determination of whether to modify the expulsion shall be left to the discretion of the Superintendent upon review of the specific case in accordance with other applicable law.

Pursuant to the provisions of 20 U.S.C. § 7151, Gun-Free Schools Act, the Board requires the Superintendent to contact local law enforcement authorities and/or the Division of Children and Youth Services and notify them of any student who brings a firearm or weapon on school property.

The Superintendent or other building administrators may exercise his/her best judgment in determining the scope of this policy as it relates to inadvertent or unintentional violations of this policy by staff or students, provided such inadvertent or unintentional violation of this policy does not affect the safety of students, school staff or the public.

When school is not in session, and school property is being used for a municipal event, such as voting, the municipal entity responsible for conducting the event shall determine whether otherwise lawful weapons will be permitted at that event.

The Superintendent shall ensure that all students will receive written notice of this policy at least once each year and will determine the method of notifying students (student handbook, mailing, etc.). The Superintendent will determine the method of notifying employees of this policy.

The determination as to whether an incident or pattern of incidents has created a hostile educational environment shall be made by the person investigating the reported incident(s).

J. The determination as to whether a single significant incident or a pattern of incidents causes a "substantial disruption to the orderly operation of the school" shall be made by the person investigating the reported incident(s), and shall be based on the totality of the circumstances, and may include disruptions to curricular or extra-curricular programs and activities offered by the District.

In accordance with RSA 193-F:4, the Contoocook Valley School District reserves the right to impose discipline for bullying and/or cyberbullying that:

Occurs on, or is delivered to, school property or a school-sponsored activity or event on or off school property; or

Occurs off of school property or outside of a school-sponsored activity or event, if the conduct interferes with a pupil's educational opportunities or substantially disrupts the orderly operations of the school or school--sponsored activity or event.

III. Reporting Procedure

The Principal of each school is responsible for receiving oral or written reports of bullying or cyberbullying. The Principal may designate, in writing, an additional person to receive such reports.

Student or Parent Reports

1. Any student who believes that he or she has been the victim of bullying or cyberbullying, as defined in Section II, above, should immediately report the alleged act(s) to the Principal; however, if the student prefers, he/she may inform any school employee or volunteer.
2. Students or parents who have witnessed or who have reliable information that a pupil has been subjected to bullying or cyberbullying should immediately report the same to the Principal, or, if the student or parent prefers, he/she may inform any school employee or volunteer about the alleged bullying or cyberbullying.
3. Forms to report incidents of alleged bullying or cyberbullying shall be available at the Principal's office. Use of the form is encouraged, but not required. If the Principal or his/her designee receives the report verbally, he/she shall reduce the report received to writing within twenty-four hours of receiving the information.

Reports by Staff, Volunteer, or Employees of a Company Under Contract with the School District, or with any school in the Contoocook Valley School District

1. Any school employee, volunteer, or employee of a company under contract with the Contoocook Valley School District, who has witnessed or has reliable information that a pupil has been subjected to bullying, or cyberbullying as defined in Section II above, shall report such incident to the Principal or his/her designee as soon as reasonably possible.

IV. Notice to Parents/Guardians

Within 48 hours of receiving a report of alleged bullying or cyberbullying, the Principal, or his/her designee, shall give notice of the report of the alleged incident to the parent(s) or guardian(s) of the victim and the perpetrator. The report shall be made by telephone or in writing; if made by telephone, a record of the report shall be made. The record should include, at a minimum, the date and time of the call. Any such notification under this policy must comply with the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g. At a minimum, the notice shall advise the individuals involved of the nature of the incident, the date and time the report was received, and the procedures described in this policy. In accord with FERPA, the notice shall not contain any personally identifiable information obtained from student education records.

V. Waiver of Notification Requirement

The Superintendent may, within the 48 hour time period referenced in Section IV of this policy, grant the Principal or his/her designee a written waiver from the notification requirement in Section IV of this policy, if the Superintendent or his/her designee deems such waiver to be in the best interest of either the victim or the perpetrator. The granting of a waiver does not negate the responsibility to follow the other procedures set forth in this policy.

1. The Principal or his/her designee is responsible for investigating reports of bullying or cyberbullying. The superintendent reserves the right to appoint another individual to conduct the investigation.
2. Investigations shall be initiated within five (5) school days of the date that the incident is reported to the Principal or his/her designee, and shall be completed within 10 school days.
3. If the Principal or his/her designee requires additional time to complete the investigation, the Superintendent or his/her designee may extend the time period for the investigation by up to seven (7) school days. Any such extension shall be in writing, and the Superintendent or his/her designee shall provide all parties involved with written notice of the granting of the extension.

4. Upon completion of the investigation, the Principal or his/her designee shall draft a written investigation report. The report must include, at a minimum, a description of the scope of the investigation, the findings, and the actions taken (i.e., the response to remediate, discipline, non-disciplinary interventions, etc).
5. Upon completion of the investigation, the Principal or his/her designee shall report all substantiated incidents of bullying or cyberbullying to the Superintendent or his/her designee.
6. Within ten (10) school days of the completion of the investigation, the Principal or his/her designee shall provide the parents of the alleged victim and the alleged perpetrator with written notice of the results of the investigation (i.e., substantiated or unsubstantiated) and the available remedies and assistance. The notice shall comply with FERPA, and other State and Federal laws concerning student privacy.

VI. Response to Remediate Substantiated Incidents of Bullying or Cyberbullying

The Principal or his/her designee shall develop a response to remediate any substantiated incident of bullying or cyberbullying. The response should be designed to reduce the risk of future incidents, and where appropriate, to offer assistance to the victim or perpetrator.

In those cases where a perpetrator or victim is identified as a student with an educational disability, the Principal's response to remediate any substantiated incident of bullying or cyberbullying shall be presented to the IEP Team. The IEP Team is permitted to amend or augment the response in a manner necessary to ensure that the perpetrator and/or victim receives a free, appropriate public education, while still taking appropriate measures to remediate bullying.

VII. Discipline and/or Interventions

If, after investigating pursuant to Section VI of this policy, the Principal or his/her designee concludes that a pupil engaged in bullying or cyberbullying, that student may be subject to appropriate disciplinary action, which may include, but is not limited to, suspension and expulsion. Any such disciplinary action shall be taken in accordance to applicable board policy and legal requirements.

VIII. Prohibition Against Retaliation and False Accusations

All individuals are prohibited from retaliating or making false accusations against a victim, witness, or anyone else who in good faith provides information about an act of bullying or cyberbullying. The Principal or his/her designee shall investigate claims of retaliation or false accusations, and if substantiated, the retaliator and/or the false accuser may be subject to discipline, including but not limited to, suspension or expulsion.

Students who falsely accuse other students of bullying or cyberbullying may also be subject to disciplinary action, which may include, but is not limited to, suspension and expulsion. Any such disciplinary action shall be taken in accordance to applicable board policy and legal requirements.

At the discretion of the Principal or his/her designee, students who commit an act of bullying or cyberbullying or falsely accuse another of the same as a means of retaliation or reprisal may, either in addition to discipline or in lieu of discipline, receive non-disciplinary interventions. Interventions are not considered disciplinary in nature.

Nothing in this policy shall supersede the disciplinary procedures of the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act, including the protections offered through the manifestation determination process.

IX. Training

The Superintendent shall ensure that school employees, regular school volunteers, and employees of a company under contract with the Contoocook Valley School District, and/or any of the schools within the Contoocook Valley School District, who have significant contact with pupils annually receive training on this policy for the purpose of preventing, identifying, responding to, and reporting incidents of bullying or cyberbullying.

The School District shall provide age-appropriate educational programs for pupils and parents in preventing, identifying, responding to, and reporting incidents of bullying or cyberbullying.

X. Notice of Policy

The Superintendent or his/her designee shall provide written notice of this policy to students, parents, legal guardians, school employees, school volunteers, and employees of companies under contract with the Contoocook Valley School District, or any school within the Contoocook Valley School District, through appropriate references in the student and employee handbooks, by publishing a copy of this policy on the District/SAU website, by providing companies under contract with the Contoocook Valley School District, with a copy of the policy, by providing training on the policy in accord with RSA 193-F, or through other reasonable means.

At the commencement of each school year, this policy shall be provided to all students. All students who enroll during the course of the school year shall receive a copy of this policy at the time they enroll.

XI. Capture of Audio and Video Recordings on School Buses

Pursuant to RSA 570-A:2, notice is hereby given that the ConVal School Board authorizes audio recordings to be made in conjunction with video recordings of the interior of school buses while students are being transported to and from school or school activities.

XII. Report to the Department of Education

The Principal or his/her designee is responsible for reporting substantiated incidents of bullying to the Superintendent or his/her designee.

The Superintendent or his/her designee shall, on an annual basis, or as requested, report substantiated incidents of bullying and cyberbullying to the School Board and/or Department of Education. The reports shall not contain any personally identifiable information pertaining to any pupil.

JIH — Student Searches and Their Property

The Superintendent, principal, security personnel of the school or other authorized personnel may detain and search any student or students on the premises of the public schools, or while attending, or while in transit on school vehicle, to any event or function sponsored or authorized by the school under the following conditions:

1. When any authorized person has reasonable suspicion that the student may have on the students' person or property alcohol; dangerous weapons; controlled dangerous substances as defined by law or stolen property if the property in question is reasonably suspected to have been taken from a student, a school employee, or the school during school activities; or any other items which have been or may reasonably be disruptive of school operations or in violation of student discipline rules and applicable provisions of the student handbook.
2. School lockers and school desks are the property of the school, not the student. Students who use school district lockers, desks, and other storage areas or compartments have no reasonable expectation of privacy from school employees as to the contents of those areas. Lockers, desks, and other storage areas or compartments may be subjected to searches at any time with or without reasonable suspicion. Students are not to use any school area or property to store anything that should not be at school. Students shall not exchange lockers or desks. Students shall not use any lockers or desks other than those assigned to them by the principal or designee. A shared locker or storage area implies shared responsibility.

3. Authorized personnel may conduct a search of the student's person or the student's belongings, as noted above, whenever a student freely and voluntarily consents to such a search. Consent obtained through threats or coercion is not considered to be freely and voluntarily given.
4. Strip searches are forbidden. No clothing except cold weather/outdoor garments and footwear will be requested to be removed before or during a search.
5. Authorized personnel conducting a search shall have authority to detain the student or students and to preserve any contraband seized. Contraband seized during the course of a search will be preserved and held in accordance with applicable administrative rules and procedures.
6. Any searches of students as outlined herein will be conducted by authorized personnel of the same sex as the student being searched. Two authorized persons shall be present during any search of a student or student property.
7. Items that may be seized during an unauthorized search, in addition to those mentioned in Paragraph 1 above, shall include but not be limited to, any item, object, instrument, or material commonly recognized as unlawful or prohibited by law or by district policy. For example: prescription or non-prescription medicines, switchblade knives, brass knuckles, billy clubs, and pornographic literature are commonly recognizable as unlawful or prohibited items. Such items, or any other items which may pose a threat to a student, the student body, or school personnel shall be seized, identified as to ownership if possible, and held for release to proper authority.

In conducting searches of students and property, school officials should consult with legal counsel and law enforcement authorities to be aware of circumstances when involvement of the police is advisable and/or necessary.

JIHB — Searches of Student Automobiles on School Property

Parking of student automobiles on school property is a privilege and not a right. This policy shall serve as notice to both parents and students that, as part of this privilege, the district regulates what may be stored in vehicles and may search students' automobiles while parked on school property if the district has reasonable suspicion that a violation of school rules, the law or policy has occurred. Students who park in school parking lots and parents/guardians who allow their minor child to park on school property are deemed to have given consent to having their automobiles searched in the event of such reasonable suspicion.

The school parking lots are deemed part of the Safe School Zone. Students are prohibited from the storage of prohibited drugs, drug paraphernalia or weapons in vehicles that are parked in the Safe School Zone. All employees, volunteers and students are responsible for enhancing safety and the effective implementation of district policies on school property and thus are required to timely report to the building principal when they have reason to believe that prohibited drugs, drug paraphernalia, or weapons are present in a student's vehicle.

Any student/parent who bars a search shall have their student's parking privilege revoked. When a student/parent bars access, and there is reasonable suspicion of a potential violation of the law, the principal shall contact law enforcement.

The building principal, shall, when any information rises to the level of reasonable suspicion, inform the student, (and when not an adult student, their parent/guardian), of his/her intent to search the vehicle

and may conduct a search of the vehicle. The principal shall contact law enforcement when it appears that the student conduct not only violates District policy(ies) but is criminal in nature.

A student shall not be permitted to park on campus if they or their parent/guardian indicate that they do not intend to permit a search of the vehicle in the event of reasonable suspicion that there has been a violation of school rules, the law, or District policy.

When the principal conducts a search of a vehicle, he/she shall fill out a vehicle search form, which will be maintained by the District.

The District may post notices regarding this policy indicating that student parking is by permission only and subject to search.

JJA – Student Activities & Organizations

The ConVal School District encourages pupils who attend nonpublic schools, public charter schools, or who are home educated to access to the District's curricular courses and co-curricular programs in the same way as that of students who attend ConVal schools.

All pupils residing in the District, whether they are home educated, or are attending public chartered school or nonpublic schools, shall have access to curricular courses and co/extra-curricular programs offered by the District in accordance RSA 193:1-c and these administrative regulations.

The District will comply with the provisions of RSA 193:1-c allowing pupils who attend nonpublic schools, charter schools, or are home educated equal access to the District's curricular courses and co/extra-curricular programs. The District recognizes that any School Board policies regulating participation in curricular courses and co/extra-curricular programs cannot be more restrictive for non-public, public chartered school, or home educated pupils than the policy governing the District's resident pupils.

JLCC – Head Lice Policy

Screening

Based on recommendations from the National Association of School Nurses, American Academy of Pediatrics, and the Centers for Disease Control and Prevention, students with nits and/or head lice should not be excluded from school. School-wide screening for nits alone is not an accurate way of predicting which children will become infested with head lice. Conducting screenings for live lice has not been

proven to have a significant decrease on the incidence of head lice in a school community. Head lice infestation poses little risk to others and does not result in additional health problems. The school nurse may check a student's head if the student is demonstrating symptoms.

When a student has been identified as having live lice or nits, the school nurse, principal or principal's designee will provide the family with two handouts, the brochure "ConVal District Guidelines on Head Lice" and the Head Lice Checklist for Home. This information will be available to all families in the school student handbook. Each year, all schools will send these two handouts home with report cards, in electronic or paper format. In addition, should an infestation be identified, the individual school will re-send the handouts.

Management on the Day of Identification

The management of pediculosis (head lice infestation) should proceed so as to not disrupt the education process. Nonetheless, any staff member who suspects a student has head lice will report this to the school nurse, principal or principal's designee. District employees will act to ensure that student confidentiality is maintained so the child is not embarrassed.

Students known to have head lice will remain in class provided the student is comfortable. If the student is not comfortable, he/she may be sent home by the school nurse, principal, or principal's designee.

Students will be discouraged from close direct head contact with others and from sharing personal items with other students. The school nurse, principal, or principal's designee will notify the parent/guardian if their student is found to have head lice and/or nits, and will recommend to the parent/guardian to contact the primary health care provider or pharmacist for treatment advice. The school nurse, principal, or principal's designee will also recommend to the assessed student's parent/guardian/adult student that they should inform all close contacts the student may have had in the previous month. Based upon the school nurse's professional judgement, known close contacts of the assessed student may be screened.

Criteria for Return to School

If a student is sent home, the student will be allowed to return to school after the parent/guardian/adult student and the school nurse have had contact regarding proper treatment, as recommended in the ConVal School District Guidelines On Head Lice brochure. The school nurse, principal, or principal's designee will re-check the student's head. In alignment with these recommendations, no student will be excluded from attendance solely based on grounds that nits may be present. In addition, the school nurse or school social worker may offer extra help or information to families of children who are repeatedly or chronically infested.

JLCD – Administration of Medication in Schools

The ConVal School Board, with the advice of the ConVal professional registered nurses (herein referred to as the school nurse) shall establish specific policies and procedures to give protection and controls to the matter of medications in schools (Ed 311.02)(JLCD-R).

The intent of this policy is to provide general standards for the administration of necessary medication to students during school hours and school-sponsored activities.

The following policy will be adhered to when a student requires medication administration during school hours and scheduled school-sponsored activities, events or programs. In addition, the school nurse and principal are responsible for ensuring the provisions of Ed. 311.02, Medication During the School Day, are followed.

Obligations of the District

All medication to be administered shall be kept in a securely-locked cabinet. Controlled medications must be double-locked. If at any time the cabinet is broken into resulting in missing medication, school administration and the police will be notified immediately. The parent/guardian/adult student will be notified of the incident and must replenish the supply of medication.

If the school nurse is not available, the building principal or the principal's designee is permitted to assist students in taking required medications by: (1) making such medications available to the student as needed; and (2) observing the student as he/she takes or does not take his/her medication; and (3) recording whether the student did or did not take his/her medication.

The school nurse will maintain all necessary records relative to the emergency administration of medication and will file all such reports as may be required.

The School Board hereby authorizes the school nurse to maintain a supply of emergency medications, i.e.; bronchodilators and epinephrine.

It is the policy of this District that its school nurses and all Health Office Delegates (HODs) shall be properly trained in the administration of medication in a manner consistent with this policy. HODs shall be trained on an annual basis and the school nurse shall document that training to the Director of Student Services. The HOD shall hold and maintain current American Heart Association or American Red Cross CPR/AED/FA Adult and Child certification. This training shall include a practicum.

School personnel shall not provide his/her personal medication to students.

Obligations of the School Nurse

Only the school nurse or the HOD may *administer* medication. If the student requires a comprehensive nursing assessment and/or evaluation, this must be done by the school nurse and cannot be delegated. A school nurse alone has the authority to delegate medication administration and may delegate only if appropriate under the Nurse Practice Act and follows the Standards of Delegation for School Nurses in New Hampshire.

The School Nurse may stock epinephrine in the Health Office per RSA 318:42 for the emergency treatment of anaphylaxis of a student, as determined by the school nurse.

Storage of Medication

It is the policy of the District that all medications, both school, and parent-provided, shall be securely and properly stored, in a manner consistent with all applicable laws, as well as safe and prudent school nursing practices.

At the discretion of the school nurse, other medications, such as insulin, may be carried and self-administered by the student.

A single dose of medication may be transferred by the school nurse from the original container to a newly labeled container for the purposes of field trips or school sponsored activities.

Verbal orders from a licensed health care provider may be accepted by the school nurse only and shall be followed with a written order. Faxed or e-mailed orders are acceptable.

The school nurse is responsible for keeping accurate records regarding the administration of medication to students. The school nurse shall maintain medication records of inventory, storage and administration in accord with ED 311.02 (Medication During the School Day).

Obligations of the Parent/Guardian/Adult Student

Prescribed/OTC (over the counter) medication should not be taken during the school day, if at all possible, to achieve the medical regime during hours at home.

A parent/guardian/adult student, or their designated responsible adult, shall deliver all medication to be administered by school personnel to the school nurse or other responsible person designated by the school nurse as follows: (1) the prescription/OTC medication shall be delivered and kept in a pharmacy or manufacturer labeled container (2) the school nurse or principal's designee receiving the prescription medication shall document the quantity of the prescription medication delivered and have the adult delivering the medication co-sign the documented amount (3) the medication may be delivered by the parent/guardian/adult student or a designated adult, provided that the nurse is notified in advance by the parent/guardian/adult student of the delivery and the quantity of prescription medication being delivered to school is specified (4) the parent/guardian/adult student must ensure that the life-saving medication (Diasat, asthma metered dose inhalers, Epi-Pen, Glucagon) or any other emergency medication be available to the student at all times. If the student's life-saving medication is not provided by the parent/guardian/adult student, the student shall not be permitted to attend any school-sponsored activities (5) it is the responsibility of the parent/guardian/adult student to notify the health office of any changes in student health, allergy status or medication changes.

Students requiring prescription medication administration must have a ConVal District medication permission form completed by parent/guardian/adult student and a licensed health care provider and placed on file in the health office. The forms shall comply with standards set forth in NH Code of Administrative Rules Section Ed 311.02. The school nurse, with written authorization of parent/guardian/adult student shall administer non-prescription/OTC medication. At the discretion of the school nurse, a written licensed prescriber's order may be required. If the school nurse is not available and written parent/guardian/adult student permission is on file, the principal or principal's designee is permitted to assist students in taking OTCs after consultation with the parent/guardian.

Furthermore, any student with a health condition requiring treatment with herbals, homeopathics, essential oils, or other complementary forms of therapeutic interventions shall have a school medication permission form completed by the parent/guardian/adult student as well as a licensed healthcare provider.

Alternative medications should, whenever practicable, be taken at home. Parents/guardians should inform the school nurse of any such alternative medications. The school nurse shall not administer alternative medications, such as herbal medication, homeopathic medication, essential oils, or other similar forms of alternative medication unless the parent/guardian/adult student has completed and placed on file in the school health office a school medication permission form naming the specific alternative medicine and providing evidence that it has been prescribed by a licensed prescriber. The School Nurse shall not administer an alternative medicine that is prohibited by State or Federal law, or which is unlawful to possess in school.

Students may possess and self-administer a metered dose inhaler or a dry powder inhaler to alleviate or prevent asthmatic symptoms, an auto-injector for severe allergic reactions, and other injectable medications necessary to treat life-threatening conditions. The parent/guardian/adult student and

physician must authorize such self-possession and self-administration by completing a school self-administration form in accordance with RSA 200:42 and RSA 200:46. Inhalers and epinephrine auto injectors must be properly labeled with the student's name and type of medication. The student will be held responsible to keep self-carried medication in a safe place that is not accessible to other students. When a student finds it necessary to use his/her auto-injector, s/he shall immediately report it to the nearest supervising adult.

Students shall not share any prescription or over-the-counter medication with another student. Notice of this prohibition shall be published in student handbooks. Students acting in violation of this prohibition will be referred to school administration and may be subject to discipline consistent with applicable Board policies (JICH – Drug and Alcohol Use By Students, JIH – Student Searches and Their Property).

Student medications may be retrieved from the health office by the parent/guardian/adult student or a designated adult at any time during regular school hours. Medication will be discarded if not picked up within 10 days after the medication is discontinued. All medication must be picked up by the last day of school or it will be discarded.

Civil Immunity

Nothing set forth in this policy or JLCD-R shall be deemed to abrogate or diminish the civil immunity available under New Hampshire law or either the District or its employees.

Definitions

The “school day” means any time during the day, afternoon, or evening when a child is attending school or other school-sponsored activity (Ed 311.02).

Health Office Designee (HOD) (school nurse delegatee) – unlicensed assistive personnel – receives annual training by a school nurse.

Assist – Consists of providing the medication to the student and observing and documenting that the student took the medication.

Administration – Giving medication to the student via the appropriately ordered route by preparing, giving and evaluating the effectiveness of prescription and non-prescription drugs. If the student is unable to administer the medication to his/her self, with assistance, only the school nurse or HOD may administer the medication.

JLDBB – Suicide Prevention and Response

The Board is committed to protecting the health, safety and welfare of its students and school community. This policy supports federal, state and local efforts to provide education on youth suicide awareness and prevention; to establish methods of prevention, intervention, and response to suicide or suicide attempt ("postvention"); and to promote access to suicide awareness, prevention and postvention resources.

A. District Suicide Prevention Plan and Biennial Review

1. Plan: The Superintendent, or their designee, shall develop and provide to the Board for approval, a coordinated, evidence-informed District Suicide Prevention Plan (the “Plan”) to include guidelines, protocols and procedures with the objectives of prevention, risk assessment, intervention and response to youth suicides and suicide attempts. The coordinated plan shall conform to the components required of public schools by RSA 193-J:2.
2. Biennial Review: No less than once every two years, the Superintendent, or their designee, in consultation with input and evidence from community health or suicide prevention organizations, and District health and guidance personnel, shall update the District Suicide Prevention Plan, and present the same to the Board for review. Such Plan updates shall be submitted to the Board in time for appropriate budget consideration.

B. Community-Based Suicide Prevention Efforts

1. The District shall develop and maintain cooperative relationships with and coordination efforts between the District and community suicide prevention programs and personnel. This effort must also include cooperative efforts between the District and any chartered public schools within the District.
2. The District shall, as appropriate, utilize community partners and assets to develop age appropriate student educational programming, such that all students receive information in the importance of safe and healthy choices and coping strategies, recognizing risk factors and warning signs of mental disorders and suicide in oneself and others, and providing help-seeking strategies for oneself or others, including how to engage school resources and refer friends for help.
3. The District shall, as appropriate, utilize community partners and assets to develop or assist in the development of the annual staff training required under this policy.
4. The District shall update, annually, a list of State and community crisis or intervention referral intervention information, and names and contact information for the suicide prevention contacts within each school. This information must be made readily available to students, parents, faculty, staff, and school volunteers.
5. This information shall be disseminated via each school handbook (which is available on each school’s website).

C. Training: The Superintendent, or their designee, shall assure that all school building faculty and staff, including contracted personnel and designated volunteers, receive at least two hours of training annually in suicide awareness and prevention. Such training may include such matters as youth suicide risk factors, warning signs, protective factors, intervention, response procedures, referrals, and postvention and local resources. This training should also be made available to third-party vendors, as appropriate.

D. Statutory Considerations. In adopting this policy, it is the intent of the District to fully comply with the provisions of RSA 193-J and to fulfill its statutory role in suicide prevention education as defined by RSA 193-J:2. In doing such, the District does not assume any duty beyond that set forth in RSA 193-J.

JRA — Student Records, Privacy, Family and Adult Student Rights

A. General Statement. It is the policy of the School Board that all school district personnel will follow the procedures outlined herein as they pertain to the maintenance of student records. Furthermore, it is the policy of the School Board that all school district personnel will follow the provisions of the Family Educational Rights Privacy Act (FERPA) and its corresponding regulations as well as all state statutes pertaining to the student records, record confidentiality and access thereto.

B. “Education Record”. For the purposes of this policy and in accordance with FERPA, the term “educational record” is defined as all records, files, documents and other material containing information directly related to a student; and maintained by the school district; or by such other agents as may be

acting for the school district. Such records include, but are not limited to, completed forms, printed documents, handwriting, videotape, audiotape, electronic or computer files, film, print, microfilm and/or microfiche. Educational records do not include records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.

C. “Directory Information”. For the purposes of this policy, and in accordance with the provisions of FERPA and New Hampshire RSA 189:1-e, the term “directory information” means:

1. Students’ name(s), address(es), telephone number(s), and date(s) of enrollment;
2. Parents’/guardians’ name(s) and address(es);
3. Students grade levels, enrollment status and dates of attendance;
4. Student photographs;
5. Students participation in recognized school activities and sports;
6. Weight and height of members of athletic teams;
7. Post-high school career or educational plans; and
8. Students’ diplomas, certificates, awards and honors received.

Except for elements of a student’s directory information which the student’s parents or an eligible student has notified the District not to disclose, the District may release or disclose student directory information without prior consent of the student’s parents/eligible students. Within the first three weeks of each school year, the District will provide notice to parents/eligible students of their rights under FERPA and that the District may publish directory information without their prior consent. Parents/eligible students will be given until *September 30th* to notify the District in writing of any or all directory information items that they refuse to permit the District to release or disclose. Notice from a parent/eligible student that any or all directory information shall not be released will only be valid for that school year and must be re-issued each school year.

D. “Personally Identifiable Information”. “Personally identifiable information” is defined as data or information which makes the individual who is the subject of a record known, including a student’s name; the student’s or student’s family’s address; the name of the student’s parent or other family members; a personal identifier such as a student’s Social Security number; the student’s date of birth, place of birth, or mother’s maiden name. “Personally identifiable information” also includes other information that, alone or in combination, is linked or linkable to a specific student, that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with a reasonable certainty or other information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

E. Annual Notification/Rights of Parents and Eligible Students. Within the first *four weeks of each school year*, the District will annually publish notice to parents and eligible students of their rights under State law, Federal law, and this policy [“the Notice,” or “Notice”]. The District will send the Notice listing these rights home with each student. The Notice will include:

1. The rights of parents or eligible students to inspect and review the student’s education records, and the process set forth in this policy JRA whereby a request is made for review and inspection;
2. The intent of the District to limit the disclosure of information in a student’s record, except: (a) by the prior written consent of the parent or eligible student; (b) as directory information; or (c) under certain, limited circumstance, as permitted by law;
3. The right of a student’s parents or an eligible student to seek to correct parts of the student’s educational records which he/she believes to be inaccurate, misleading, or in violation of student rights; and the process for doing such, which includes a hearing to present evidence that the records should be changed if the District decides not to alter them according to the parent’s or eligible student’s request;
4. The right to provide written consent before the District discloses personally identifiable information, except to the extent the law permits disclosure without consent;

5. The right of any person to file a complaint with the United States Department of Education if the District violates FERPA; and
6. The procedure that a student's parents or an eligible student should follow to obtain copies of this policy.

F. Procedure To Inspect Education Records. Parents or eligible students may inspect and review that student's education records. In some circumstances, it may be more convenient for the record custodian to provide copies of records. In accord with RSA 91-A:5, student records are exempt from disclosure under the Right-to-Know Law and access to student records will be governed by FERPA and state law.

Since a student's records may be maintained in several locations, the school Principal may offer to collect copies of records or the records themselves from locations other than a student's school, so that they may be inspected at one site. If parents and eligible students wish to inspect records where they are maintained, school Principals will determine if a review at that site is reasonable.

Although not specifically required, in order that a request is handled in a timely manner, parents/eligible students should consider submitting their request in writing to the school Principal, identifying as precisely as possible the record or records that he/she wishes to inspect. The Principal will contact the parents or the eligible student to discuss how access is best arranged for their inspection or review of the records (copies, records brought to a single site, etc.).

The Principal will make the needed arrangements as soon as possible and notify the parent or eligible student of the time and place where the records may be inspected. This procedure must be completed within fourteen (14) days that the request for access is first made.

If for any valid reason such as the parent's working hours, distance between record location sites or the parent or student's health, a parent or eligible student cannot personally inspect and review a student's education records, the Principal may arrange for the parent or eligible student to obtain copies of the records. The Superintendent shall set a reasonable charge for providing copies, and may waive the requirement at his or her discretion.

When records contain information about students other than a parent's child or the eligible student, the parent or eligible student may not inspect and review the records of the other students. If such records do contain the names of other students, the Principal will seek consultation with the Superintendent and/or the District's attorney to determine how best to proceed. *Where practicable, it may be necessary to prepare a copy of the record which has all personally identifiable information on other students redacted, with the parent or eligible student being allowed to review or receive only a copy of the redacted record. Both the original and redacted copy should be retained by the District.*

G. Procedures To Seek To Correction of Education Records. Parents of students or eligible students have a right to seek to change any part of the student's records which they believe is inaccurate, misleading or in violation of student rights. FERPA and its regulations use both "correct/ion" and "amend". For the purposes of this policy, the two words (in all of their respective forms) shall mean the same thing unless the context suggests otherwise. To establish an orderly process to review and correct (amend) the education records for a requester, following processes are established.

1. First-level decision. When a parent or eligible student finds an item in the student's education records that he/she believes is inaccurate, misleading or in violation of student rights, he/she should submit a written request asking the building Principal to correct it. If the records are incorrect because of clear error and it is a simple matter to make the change, the Principal should make the correction. If the records are changed to the parent's/eligible student's satisfaction, both parties shall sign a document/form stating the date the records were changed and that the parent/eligible student is satisfied with the correction.

If the Principal believes that the record should not be changed, he/she shall:

1. Provide the requester a copy of the questioned records at no cost;
2. Ask the parent/eligible student to initiate a written appeal of the denial of the request for the change, which will be forwarded to the Superintendent;
3. Forward the written appeal to the Superintendent; and

4. Inform the parents/eligible student that the appeal has been forwarded to the Superintendent for a decision.

2. Second-level decision. If the parent/eligible student wishes to challenge the Principal's decision to not change the student record, he/she may appeal the matter to the Superintendent. The parent/eligible student shall submit a written request to the Principal asking that the matter be appealed to the Superintendent. The Principal will forward the appeal to the Superintendent.

The Superintendent shall, within ten (10) business days after receiving the appeal:

1. Review the request;
2. Discuss the request with other school officials;
3. Make a decision whether or not to make the requested correction to the educational record;
4. Schedule a meeting with the parents/eligible student if the Superintendent believes such a meeting would be necessary; and
5. Notify the parents/eligible student of the Superintendent's decision on their request to correct the student's educational record.

If the Superintendent determines the records should be corrected, he/she will make the change and notify the parents/eligible student in writing that the change has been made. The letter stating the change has been made will include an invitation for the parent/eligible student to inspect and review the records to verify that the records have been corrected and the correction is satisfactory. If the records are changed to the parent's/eligible student's satisfaction, both parties shall sign a document/form stating the date the records were changed and that the parent/eligible student is satisfied with the correction.

If the Superintendent determines the records are will not be corrected, he/she will notify the parents/eligible student in writing of his/her decision. Such letter will also notify the parents/eligible student of their right to an appeal hearing before the School Board.

3. Third-level decision. If the parents or eligible student are not satisfied with the Superintendent's decision, they may submit a written request for a hearing before the School Board. The parents/eligible student shall submit the request for a hearing with the Superintendent within ten (10) business days of the date of the Superintendent's written decision in level-two. The Superintendent will inform the School Board of the request for a hearing and will work with the School Board to schedule a hearing within forty five (45) days of receipt of the request. Once the meeting is scheduled, the Superintendent will inform the parents/eligible student in writing of the date, time and place of the hearing.

The hearing will be held in non-public session consistent with the provisions of RSA 91-A:3, unless the parent/eligible student requests that the hearing be held in public session. The School Board will give the parent/eligible student a full and fair opportunity to present evidence relevant to the issues raised under their request. The parents/eligible students may be assisted or represented by one or more individuals of their own choice, including an attorney.

The School Board will issue its final decision in writing within thirty (30) days of the hearing, and will notify the parents/eligible student thereof via certified mail, return receipt requested. The School Board will base its decision solely on the evidence presented at the hearing. The School Board's written decision will include a summary of the evidence and the reasons for its decision.

If the School Board determines that the student record should be corrected, it will direct the Superintendent to do so as soon as possible. The Superintendent will then contact the parents/eligible student for a meeting so they can review and inspect the records to verify that they have been corrected. At this meeting, both parties shall sign a document/form stating the date the records were corrected and that the parent/eligible student is satisfied with the correction.

The School Board's decision will be final.

4. Parent/Eligible Student Explanation to be Included in Record. Notwithstanding the resolution of any request to correct a student's record(s), in accordance with section (a)(2) of FERPA, a parent or eligible student may insert into that student's educational record a written explanation respecting the content of the record.

H. Disclosure of Student Records and Student Information. In addition to directory information, the District may disclose student records and student information without consent to the following parties on the condition that the recipient agrees not to permit any other party to have access to the released information without the written consent of the parents of the student, and under the conditions specified.

1. *School officials with a legitimate educational interest.* School officials with a legitimate educational interest may access student records. "Legitimate education interest" refers to school officials, contractors, consultants, or employees who need to know information in a student's education record in order to perform their employment, contracting, or consulting responsibilities and duties; all as more fully specified in Section 99.31 of the FERPA regulations.
2. *Other schools into which a student is transferring or enrolling,* upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record. This exception continues after the date that a student has transferred
3. *Officials for federal and state audit or evaluation purposes.*
4. *Appropriate parties in connection with financial aid for a student*
5. *Organizations conducting certain studies for, or on behalf of the School District.* Student records or student information will only be provided pursuant to this paragraph if the study is for the purpose of: developing, validating or administering predictive tests; administering student aid programs; or improving instruction. The recipient organization must agree to limit access to the information and to destroy the information when no longer needed for the purpose for which it is released.
6. *Accrediting organizations.*
7. *Judicial orders, or lawfully issued subpoenas,* upon condition that parents and the student are notified of all such orders, statutory disclosures or subpoenas in advance of compliance therewith by the District, except when a parent is a party to a court proceeding involving child abuse or neglect or dependency. The Principal shall consult with the Superintendent and legal counsel as needed to ensure compliance with the judicial order and applicable law.
8. *Health and safety emergencies.*
9. *Information designated as directory information*
10. *Disclosures to the Secretary of Agriculture or authorized representatives of the Food and Nutrition services for purposes of conducting program monitoring, evaluations and performance measurements.*

I. Maintenance of Student Records and Data. The Principal of each building is responsible for record maintenance, access and destruction of all student records. All school district personnel having access to records shall place great emphasis upon privacy rights of students and parents.

All entries into student records must be dated and signed by the person accessing such records in a log or other record-keeping process.

The principal will ensure that all records are maintained in accordance with applicable retention schedules as may be established by law and District policy.

J. Disclosures Made From Education Records. The District will maintain an accurate record of all requests for it to disclose information from, or to permit access to, a student's education records and of the information it discloses and persons to whom it permits access, with some exceptions listed below. This record is kept with, but is not a part of, each student's cumulative school records. It is available only to the record custodian, the eligible student, the parent(s) of the student or to federal, state or local officials for the purpose of auditing or enforcing federally supported educational programs.

The record includes:

1. The name of the person who or agency which made the request;
2. The interest which the person or agency has in the information;
3. The date on which the person or agency made the request;
4. Whether the request was granted and, if it was, the date access was permitted or the disclosure was made; and

5. In the event of a health and safety emergency, the articulable and significant threat to the health or safety of a student or other individuals that formed the basis for the disclosure; and the parties to whom the agency or institution disclosed the information.

The District will maintain this record as long as it maintains the student's education record. The records do not include requests for access or information relative to access which has been granted to parent(s) of the student or to an eligible student; requests for access or access granted to officials of the District who have a legitimate educational interest in the student; requests for, or disclosures of, information contained in the student's education records if the request is accompanied by the prior written consent of a parent/eligible student or if the disclosure is authorized by such prior consent or for requests for, or disclosures of, directory information designated for that student.

The records of a request for the correction of an educational record, including any appeal of a denial of that request, if the educational record is ultimately corrected shall not be treated as part of the educational record of the student and shall be preserved separately.

K. Military Recruiters and Institutions of Higher Learning

Military recruiters or institutions of higher learning shall have access to secondary school students' names, addresses, and telephone listings unless an adult student or the parent of the minor student requests that such information not be released without prior written consent. The district shall notify parents of the option to make such a request and shall comply with any requests received.

L. Law Enforcement and Reporting Agencies

Consistent with RSA193-D:7, it shall be permissible for any law enforcement officer and any school administrator to exchange information relating only to acts of theft, destruction, or violence in a safe school zone regarding the identity of any juvenile, police records relating to a juvenile, or other relevant information when such information reasonably relates to delinquency or criminal conduct, suspected delinquency or suspected criminal conduct, or any conduct which would classify a pupil as a child in need of services under RSA 169-D or a child in need of protection under RSA 169-C.

KED – Facilities or Services – Grievance Procedure (Section 504)

This policy contains grievance procedures which address alleged violations of Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990. The District's Civil Rights Coordinator is charged with efforts to comply with these laws.

1. The School Board hereby adopts the following Grievance Procedure, which may be used by any person believing that the District, School Administrative Unit (SAU), employees of the District or SAU, students, or third parties violated any of the laws or regulations referenced above. The Assistant Superintendent is designated as the District's Civil Rights Coordinator. He/she is charged with efforts to comply with the above referenced laws. The Assistant Superintendent may be reached at: School Administrative Unit #1, 106 Hancock Road, Peterborough, NH 03458, 603-924-3336. Any complainant has the right to file a grievance with the Civil Rights Coordinator, should they not wish to pursue the informal process described in paragraph 2, below.
2. Any person who has a grievance may discuss it first with the appropriate building Principal in an attempt to resolve the matter informally at that level. The alleged violation must have occurred within

180 days of the informal discussion. The complainant may, at any time, suspend the informal process and submit a formal grievance to the building Principal.

3. If, within five school days of the informal discussion, the matter is not resolved to the satisfaction of the aggrieved party, or if the aggrieved party wish to bypass the informal process and file a formal grievance, the complainant may submit a formal grievance (verbally or in writing) to the Building Principal. A written grievance should contain the name and address of the complainant, a description of the alleged violation, and the remedy or relief sought. The alleged violation must have occurred within 180 days of the date that the grievance was filed. If the complaint is made verbally, the Principal shall reduce the allegations to writing and provide a copy to the complainant. The Principal shall investigate the allegations in the complaint. The aggrieved party, and where appropriate, the person alleged to have discriminated against the complaint, shall have the opportunity to present witnesses and other evidence. The Principal shall communicate his/her decision to the aggrieved party in writing within five (5) school days of receipt of the grievance, unless the complainant and the District agree to extend this timeline. The Principal's written decision shall comply with all applicable privacy laws, including but not limited to, the Family Educational Rights and Privacy Act.
4. If the grievance is not resolved to the complainant's satisfaction, the aggrieved party, no later than five (5) school days after receipt of the Principal's decision, may appeal the Principal's decision to the Civil Rights Coordinator. The appeal to the Coordinator must be made in writing, reciting the matter submitted to the Principal and the aggrieved party's dissatisfaction with decisions previously rendered. The Coordinator shall meet with the aggrieved party to attempt to resolve the matter as quickly as possible, but within a period not to exceed five (5) school days. The Coordinator shall communicate his/her decision in writing to the aggrieved party and the Principal not later than five (5) school days after the meeting with the aggrieved party.
5. The District will take steps, including but not limited to, discipline of students and/or employees, to prevent recurrence of any discriminatory conduct, and to correct discriminatory effects on the complainant and others, if appropriate. The District will also take steps, including but not limited to, discipline of students and/or employees, to prevent retaliation against the person who made the complaint (and/or was the subject of the discrimination), and against those who participated in the investigation of the alleged discriminatory conduct. Potential consequences for any violations of the above-referenced regulations, including engaging in retaliatory conduct, include, but are not limited to: written warning to the offender(s), suspension, expulsion, or termination of the offender(s), non-disciplinary interventions, or any other remedial steps necessary to ensure compliance with these regulations. Where appropriate, the District may also provide the complainant(s) or victim(s) with non-disciplinary interventions. The District shall not retaliate against anyone who files a grievance or participates in the investigation of a grievance.
6. If the complainant and the District agree, the Principal or the Civil Rights Coordinator may attempt to resolve the complaint through mediation. If the parties decide to pursue mediation, the timelines for the completion of the investigation or appeal will be standing, pending the resolution of the mediation. If the School District and aggrieved party agree on a mutual solution to the alleged discrimination, the investigation or appeal would be closed.
7. The decision of the Civil Rights Coordinator is final pending any further legal recourse as may be described in current local district, state, or federal statutes pertaining to Section 504 of the Rehabilitation Act of 1973 or Title II of the Americans with Disabilities Act of 1990. A complainant has the right to file a complaint at any time alleging discrimination under the above referenced laws and regulations with the; U.S. Department of Education, Office for Civil Rights, 5 Post Office Square, Suite 900, 8th Floor, Boston, MA 02109-3921.
8. This grievance procedure shall be disseminated to students, parents/guardians, employees, and other interested parties. The procedure shall be available on the ConVal School District's website, shall be printed in the parent/student handbook, and shall be available upon request from the building Principal or his/her designee, and at the SAU office.

LEB – Advanced Coursework/Advanced Placement Courses & STEM Dual & Concurrent Enrollment Program

A. Advanced Course Work/Advanced Placement Courses

Any student who is capable of and wishes to do advanced course work or take advanced placement classes while in high school should be permitted to do so. School district administrators and school counselors will aid students who wish to enroll in such courses. This may include taking courses through the Dual and Concurrent Enrollment Program, at a different public school, a private school, through distance education courses, or other suitable means.

Any student who has met the coursework prerequisites may enroll in a course. Credit may be given, provided the course comports with applicable District policies and state standards. The District will not be responsible for any tuition, fees, or other associated costs incurred by the student for enrollment in such courses.

B. STEM Dual and Concurrent Enrollment Program

High School and Career Technical Education Center qualified students in grades 10 through 12 may participate in the Dual and Concurrent Enrollment Program, through which a student may earn both High School and College credits by enrolling in STEM (science, technology, engineering, and mathematics), STEM-related courses designated by the Community College System of New Hampshire (“CCSNH”), and/or career and technical education courses.

The Superintendent shall be responsible for coordinating any agreements with CCSNH, and other measures necessary to implement and maintain the Dual and Concurrent Enrollment Program within the District. The Superintendent shall also designate a point of contact for the program who can provide for student counseling, support services, course scheduling, managing course forms and student registration, program evaluation, course transferability, and assisting with online courses. The Superintendent or his/her designee shall establish regulations for the program which, among other things, will:

1. Require compliance with measurable educational standards and criteria approved by the CCSNH;
2. Require that courses meet the same standard of quality and rigor as courses offered on campus by CCSNH;

5. Establish standards for course content;
6. Establish standards for faculty approval;
7. Establish program coordination and communication requirements;
8. Address tuition, fees, textbooks and materials, course grading policy, data collection, maintenance, and security, revenue and expenditure reporting, and a process for renewal of the agreement;
9. Require annual notification to high school students and their parents of Dual and Concurrent Enrollment opportunities.

Head Lice Brochure

LICE FACTS

Head lice cause unnecessary absence from school and work, millions of dollars misspent on remedies, and unnecessary treatment of misdiagnosed infestations.

Studies demonstrate that screening for head lice in schools does not decrease the incidence of head lice. Results of studies suggest that education of parents in identifying and managing head lice is more effective and that class wide or school wide screening should be discouraged.

The National Association of School Nurses, the American Academy of Pediatrics, and the Centers for Disease Control and Prevention, have all recommended that students with nits and/or head lice infestation not be excluded from school.

FAQ'S

Q. What are head lice?

A. Head lice are insects about the size of sesame seeds, about 1/8th inch long, that only live on human

heads. Their color can vary from gray to dark brown. Their food source is human blood. The presence of head lice is not due to lack of hygiene or cleanliness of the home. Head lice actually prefer clean long hair.

Q. What are nits?

A. A nit is a teardrop shaped egg that is cemented to one side of the hair shaft about 1/4 inch from the scalp. A female louse can lay 6 – 8 nits a day. Nits hatch in 12 days into a nymph. The nymphs immediately begin feeding on the human head and become adult lice in 9 – 12 days.

Q. How long do lice live?

A. Adult lice live up to 30 days. Head lice usually survive for less than one day away from the scalp. Their eggs cannot hatch at a temperature lower than that near the scalp.

Q. How do I get head lice?

A. Head lice are wingless. They cannot hop, jump or fly. Head lice cling to hair and are mostly transmitted by direct head to head contact. Transmission by shared combs, brushes, hats, and helmets is possible, but not likely.

Q. How do I know if my child has head lice?

A. The best way is to find a live louse on the head. This can be difficult as they move extremely fast. The nits may be easier to spot at the nape of the neck, behind the ears, and on the crown of the head. Scratching may be noticed. However, the first time a person is infested, scratching may not be evident.

FAQ'S

Q. How do I treat a head lice/nit infestation?

A. The ConVal school district does not endorse any particular treatment. Please consult your Primary Care Provider (PCP) for treatment advice. Some proper treatment options include:

- Pediculocides/ovicides – shampoos with pesticides are available over the counter and/or by prescription. **Be sure to read and follow all package instructions.**
- Suffocation – this includes suffocating the lice with mayonnaise or olive oil.

FAQ'S

Q. Do I need to get rid of the nits?

A. Yes. Every successful lice removal program must include manual nit picking. Lice combs work well, as do fingernails. Getting rid of head lice requires time and patience. Every strand of hair should be examined. Comb all family members daily for 3 weeks.

Q. How do I treat my house?

A. The most important place to start is with the student and removal of lice/nits. Wash all recently worn clothing including underwear. Wash all bed linen, pajamas, and towels. Wash/vacuum stuffed animals or store items that are not washable in a sealed plastic bag for 7 days. Drying items at temperatures greater than 130 degrees will kill stray lice or nits. Vacuum furniture, carpeting, and car where the student has been in contact in the past 24-48 hours.

Q. Should I spray my house with insect spray?

A. No, it is not recommended as exposure to humans cannot be controlled and nits are unlikely to incubate and hatch at room temperature. Note that head lice do not survive off the human head for more than a day or two and viable nits die within a week.

Q. Can my child get sick from head lice?

A. Head lice are a nuisance, however they are not known to spread any disease agents. The greatest danger is a secondary infection from scratching the head.

Q. Will a child with lice be sent home immediately?

A. Not necessarily. If a child has live lice, the possibility of transmission to others has been present for at least a month. Sending children home deprives them of valuable educational time. Using her/his professional judgement, the school nurse will determine if the student needs to go home.

Q. Will my child's class be checked?

A. No. Screening for nits is not an accurate way of predicting if children are or will be, infested. Screening for live lice has not been proven to have a significant effect on the incidence of head lice in school.
